

# We Paid \$100,000

For Ligozone, Yet We Give You a 50c. Bottle Free.

We paid \$100,000 for the American rights to Ligozone; the highest price ever paid for similar rights on any scientific discovery. We did this after testing the product for two years, through physicians and hospitals, in this country and others. We cured all kinds of germ diseases with it—thousands of the most difficult cases obtainable. We proved that in germ troubles it always accomplishes what medicine cannot do. Now we ask you to try it—try it at our expense. Test it as we did; see what it does. Then you will use it always, as we do, and as millions of others do. You will use it, not only to get well, but to keep well. And it will save nearly all of your sickness.

## Kills Inside Germs.

Ligozone is not made by compounding drugs, nor is there alcohol in it. Its virtues are derived solely from gas—largely oxygen gas—by a process requiring immense apparatus and 14 days' time. This process has, for more than 20 years, been the constant subject of scientific and chemical research. The result is a liquid that does what oxygen does. It is a nerve food and blood food—the most helpful thing in the world to you. Its effects are exhilarating, vitalizing, purifying. Yet it is a germicide so certain that we publish on every bottle an offer of \$1,000 for a disease germ that it can-

not kill. The reason is that germs are vegetables; and Ligozone—like an excess of oxygen—is deadly to vegetable matter.

There lies the great value of Ligozone. It is the only way known to kill germs in the body without killing the tissues, too. Any drug that kills germs is a poison, and it cannot be taken internally. Medicine is almost helpless in any germ disease. It is this fact that gives Ligozone its worth to humanity. And that worth is so great that we have spent over one million dollars to supply the first bottle free to each sick one we learned of.

## Germ Diseases.

These are the known germ diseases. All that medicine can do for these troubles is to help Nature overcome the germs, and such results are indirect and uncertain. Ligozone attacks the germs, wherever they are. And when the germs which cause a disease are destroyed, the disease must end, and forever. That is inevitable.

Hay Fever—Influenza  
Kidney Diseases  
La Grippe  
Lentorrhea  
Liver Troubles  
Malaria—Neuralgia  
Nervous System Troubles  
Pneumonia  
Pleurisy—Quinsy  
Rheumatism  
Scrofula—Syphilis  
Skin Diseases  
Stomach Troubles  
Tuberculosis

Fever—Gall Stones  
Gout—Gonorrhea—Gleets  
Tumors—Ulcers  
Vasoconstriction  
Women's Diseases

All diseases that begin with fever—all inflammation—all catarrh—all contagious diseases—all the results of impure or poisoned blood.

In nervous debility Ligozone acts as a vitalizer, accomplishing what no drugs can do.

## 50c. Bottle Free.

If you need Ligozone, and have never tried it, please send us this coupon. We will then mail you an order on a local druggist for a full-size bottle, and we will pay the druggist ourselves for it. This is our free gift, made to convince you; to show you what Ligozone is, and what it can do. In justice to yourself, please, accept it to-day, for it places you under no obligation whatever.

Ligozone costs 50c. and \$1.

**CUT OUT THIS COUPON** for this offer may not appear again. Fill out the blanks and mail it to The Ligozone Company, 458-464 Wabash Ave., Chicago.

My disease is \_\_\_\_\_  
I have never tried Ligozone, but if you will supply me a 50c. bottle free I will take it.

Give full address—write plainly.

Any physician or hospital not yet used Ligozone will be gladly supplied for a test.

## In The Local Field of Outdoor Sports

### FORMAL OPENING OF ROWING CLUB.

The formal opening of the Pensacola Rowing Club will take place tomorrow afternoon at half past five o'clock at the boat house at Bayou Chico.

The committee appointed at the last meeting to arrange matters have completed their labors, and immediately following the raising of the flag a light lunch will be served the members and their guests, after which a social hour will be passed with cigars.

During the past two weeks an expert boat builder has been busy overhauling the floating stock of the club, and with the addition of the new boats contracted for by the club they will have at once a fleet of boats as could be desired. The club house is open every day from 7 o'clock in the morning until 5 o'clock in the evening and during the pleasant afternoons of the past week several parties enjoyed the cool breezes from the spacious piazzas of the club house.

Each member of the club may bring one guest. As no formal invitations were sent out the management of the club takes this method of notifying the members.

### EXPLANATION BY THE JUDGES OF HORSE RACE.

The following communication has been received by the sporting editor of The Journal from the judges of the match race between Blue Ribbon and Grey John, which explains itself: Editor Pensacola Journal:

On account of some dissatisfaction and difference of opinion as to the horse race between Blue Ribbon and Grey John on last Wednesday at Kupfrian's Park the undersigned request the publication of the following rules adopted by the judges and agreed to by the drivers and owners of the above named horses April 12, 1905.

Over three breaks to lose the heat. Running under the wire to lose heat.

Damaged by Pat McHugh, M. O'Leary and John Thompson, judges. It will be easily understood and remembered that Blue Ribbon broke and ran on the finish of the last heat, therefore losing the race.

### PENSACOLAS WILL PLAY THEIR FIRST GAME.

The first game of the season to be played by the Pensacolas will occur this afternoon at Palmetto Beach, when the team will meet the strong aggregation from the Maine. The latter team has defeated nearly every team it has played, and is one of the strongest in the feet.

The game this afternoon is with a strong picked team from among the local players, as the season will be opened next Sunday with an out-of-town team, if it is possible to secure one.

The Pensacolas will line up to-day about as follows: Fitzpatrick, catcher; Walton and

Owens, pitchers; Mitchell, first base; Sanchez, second base; Sullivan, third base; Touart, short stop; Bicker, left field; Brent and Bell, right field.

### BALL GAME TO-DAY AT THE BIG DITCH.

The Landrum and West End baseball teams will play a game of baseball this afternoon on the diamond at the Big Ditch. A good game is expected and everyone is invited to be present.

### Don't Borrow Trouble

It is a bad habit to borrow anything but the worst thing you can possibly borrow, is trouble. When sick, sore, heavy, weary and worn-out by the pain and poisons of dyspepsia, biliousness, Bright's disease, and similar internal disorders, don't sit down and brood over your symptoms, but fly for relief to Electric Bitters. Here you will find sure and permanent forgetfulness of all your troubles, and your body will not be burdened by a load of debt disease. At all druggists Price 50c. Guaranteed.

### MONDAY AND TUESDAY WE WILL SELL 15c. LADIES' STRIPED BLACK HOSE AT 10c. PAIR. NO ONE OVER SIX PAIR. F. E. BRAWNER.

### SAGE LEAVES FROM BRENT

THE "SAGE" PAYS HIGH COMPLIMENT TO PROF. I. E. ALLEN AND HIS ACCOMPLISHMENTS.

Special to The Journal. Brent, April 15.—We were amply supplied with rain on Wednesday; and had an accompaniment of damaging winds—surprising the weather management who had forecasted fair weather for West Florida.

All week we have had nightly services at the Methodist church, conducted by an itinerant evangelist of the Congregational belief. This "protracted meeting" will probably close Sunday night.

The attendance has been fair, considering the busy season of these industrious farmers, who work from daylight until dark, and wish for longer hours!

The demand for Clopton's vegetables has exceeded the daily supply. A midnight customer again entered the Model garden last week and carried off a good supply of cabbage and kale, without money and without price!

A searchlight and lasso may yet have to be added to our farm implements—unless we plant terpedoes in the rattle-snake watermelons!

Prof. Allen is probably our oldest inhabitant who has not retired from business life. If there survives another man who can boast of having spent many a night at the "Newtown Inn" of 300 rooms, in the early years of the nineteenth century, (situated above Muscogee wharf), let him make it known through the columns of The Journal.

He has taught school for over half a century, and is still contracting for terms away into the illimitable future.

The professor seems to have arrived at the age of greatest wisdom—looking on the brightest side of both life and death. While he lives he will enjoy teaching the little children for ornaments of the coming generations; and when he dies he will simply resign and retire in Heaven.

He is chuck full of music, and ever ready for an overflow. May his hopes be realized to be cheered with the thrilling strains at his dying hour; and greeted with the choicest band at the gate of Heaven.

We greatly enjoyed his first visit to our "farm and home," accompanied by his daughter, ("gentle Annie"), who rendered many pretty pieces of music on the piano and violin.

He seems much enthused over the survey of the coming Western railroad by his country place. But one trouble seems to weigh heavily on his otherwise youthful mind—that of dying rich—a deplorable condition which he believes to be staring him in the face!

Mr. Hugh Marshall of Ohio, who brought his camera down with him, took advantage of the congregation of dignitaries and secured a fine view of the beautiful group—of which Prof. Allen is the central figure, with his violin in hand—Ex-Legislator Clopton on the left and this Sage on the right—all smothered amid the charming faces of Clopton's belles!

THOS. McMILLAN.

"Itching hemorrhoids, were the plague of my life. Was almost wild. Doan's Ointment cured me quickly and permanently, after doctors had failed." C. F. Cornwall, Valley Street, Sougettes, N. Y.

### MONDAY AND TUESDAY WE WILL SELL 10 YARDS LONGDALE 44 BLEACHED COTTON AT 7c. F. E. BRAWNER.
