

**PINEWOOD**

Special to The Journal.  
 Pinewood, July 29.—We are badly in need of rains.  
 Miss Nellie Wheat has returned from a month's visit to friends and relatives at Muscogee, Millview and Pensacola.  
 Mr. S. J. Albino went to Pensacola last Sunday to attend the funeral of his friend Ed. Dansby.  
 Mrs. Rosasco and Mrs. Albino are both on the sick list this week.  
 Mrs. S. D. Bennett, Jr. and children, are the guests of her father, Mr. MacCarthy, for a few weeks.  
 Mr. P. L. Rosasco, the mill man, was a business visitor to Pensacola this week.  
 Owing to the hot weather the Sunday school and Debating Society have postponed their meetings indefinitely.  
 Mr. Chas. Seals left for a few days' outing on Trout Bayou.  
 A jolly fishing party left here last week for Funda Bayou, pitching camp at Rattlesnake Hole, where fish are plentiful. They returned Sunday and reported having had plenty of sport.  
 Those who composed the party were, Messrs. Robt. Pooley, C. L. Wheat, H. A. Brown and S. J. Albino.  
 Mr. H. A. Brown visited friends in Pensacola this week.

**CHIPLEY**

Special to The Journal.  
 Chipley, Fla., July 29.—Crow & Buford shipped the first car of lumber over the B. C. & St. A. Railroad from their mill on Blue Lake to Chipley. It was an L. & N. car and bound for Pensacola.  
 One of the workmen while trying to board the engine of the construction train on the B. C. & St. A. got his foot crushed, necessitating amputation below the knee. He is getting along very nicely.  
 They have replaced the broken machinery at the oil well with new and are boring again, hoping to strike a gusher some time.

**MANY INJURED IN TRAIN WRECK**

By Associated Press.  
 Little Rock, July 29.—The west bound passenger train on the Iron Mountain road which left Little Rock at eight-thirty last night, was derailed one hundred and eleven miles west of here to-day. There were no deaths but a large number of persons were injured, several probably fatally.

**COPIED FROM ANIMALS**

Many human devices are copied from animals.  
 The woodpecker has a powerful little trip hammer.  
 The jaws of the tortoise and turtle are natural scissors.  
 The framework of a ship resembles the skeleton of a herring.  
 The squirrel carries a chisel in his mouth and the bee the carpenter's plane.  
 The goat fashions its eggs in the shape of a lifeboat. You cannot sink them without tearing them to pieces.  
 The diving bell imitates the water spider. It constructs a small cell under the water, clasps a bubble of water between its legs, dives down into its submarine chamber with the bubble, displacing the water gradually until its abode contains a large, airy room surrounded by water.

**A Warm Retort.**

"While I have hitherto sworn off smoking as a New Year's pledge which has never been kept," said a Universalist minister at the Jewelers' club dinner in Chicago some years ago, "this night, with a beautiful smoking set as a souvenir, has brought to me the determination to make a new pledge that I can keep—to smoke as long as I live."  
 William Porter Williams was the toastmaster. He had been considerably scratched at by the Universalist brother. When the minister was seated Mr. Williams said, "When I reflect upon the uncharitableness of my brother in what he said about me, I am constrained to wonder why in making that resolution to smoke as long as he lived he necessarily drew the line at his death."—Everybody's.

**At the Dangerous End.**  
 After the collapse of the Confederacy ex-Senator Wigfall, a member of the Confederate congress from Texas, fell in with a party of Union soldiers in that state. Being well disguised, he entered freely into conversation with the soldiers of the guard, in the course of which he asked what they would do with "old Wigfall" if they were to catch him. "We should hang him, sure," was the prompt reply. "Serve him right," exclaimed Wigfall. "If I were with you I'd be gilling at one end of the rope myself!"
