REAL ESTATE OF EQUITABLE TO BE VALUED

Experts Appointed By President
Morton Will Investigate Holdings of Society.

By Associated Press.
New York, Aug. 4.—Two experts have been appointed by President Paul Morton to value every piece of real estate in which the Equitable Life Assurance Society has an interest, says the Tribune to-day. He is stated to have taken this action yesterday when he received the reports of expert accountants. These reports, it is alleged, indicate the possibility of extensive over valuation. The society owns in this country and abroad real estate valued approximately at

\$36,000,000. According to the Tribune, it is thought possible that this amount will have to be reduced, while the valuation on parcels on which loans are outstanding may have to be reduced by at least 10 per cent.

The last report of the state insurance department gave the value of real estate owned by the society at \$34,985,647. Of this sum buildings occupied by the society in New York, Boston, St. Louis, Des Moines, Denver, Memphis and in Paris, France, Madrid, Spain, Vienna, Austria, Berlin, Prussia, Santiago, Chile, City of Mexico, Sydney, N. S. W., and Melbourne, Austria, are stated to be worth \$31,578,150, while building in New York City, Jersey City, Milford, N. Y., West Orange, Piscataway, Bayonne and Bergen Point, N. J., are valued at over \$5,500,000.

BODIES OF SOLDIERS TO BE RETURNED TO FRANCE.

By Associated Press.
Berlin, Aug. 4.—The French government some time ago expressed a wish that the bones of French soldiers who died while prisoners during the Franco-Prussian war should be returned to France. Emperor William has ordered that this be done and that military honors shall be rendered in every instance during the transfer.

WANT GOVERNMENT TO SUPPRESS FEVER.

a telegram from Governor Blanchard, of Louisiana, requesting the United States government to take control of the yellow fever situation at New Orleans. The president instructed the Surgeon General to take every step in his power to meet the situation in New Orleans and to notify him what further action was advisable and possible for the federal authorities to take.

KENTUCKY WILL ALLOW REFUGEES TO ENTER.

Louisville Aug. 4.—The State Board of Health has issued a proclamation announcing Kentucky to be an "open state" so far as refugees from fever infected districts are concerned. Refugees will be subjected to examination, however, and be detained temporarily in camps which will be established near the principal towns and cities of the state. All passenger coaches will be thoroughly disinfected and all conductors of passenger trains will be made inspectors and required to report immediately all cases of a suspicious nature.

Harvy L. Williams Dead.

Bristol, Va., Aug. 4.—Mr. Harvey L. Williams, son of Mr. Joan T. Williams of New York, died suddenly at his home near Bristol to-night.
A pathetic story of a disappointed cannibal is told in an English religious paper. "One day," says a missionary, "I was eating some canned sheep's tongues that had been sent from home. One of my natives, seeing me, jumped with delight. He thought they were men's tongues. His gloom on discovering that it was not a religious revival, after all, and that the missionary remained unconverted would have touched the hardest heart."

Not Caught.
Belle—What did you tell him when he suddenly asked how old you were?
Estelle—I refused to tell him anything. You see, I couldn't for the life of me think of the number I had given him when he asked me before!

Tautology.
Teacher—What is tautology?
Boy—Repetition. Teacher—Give me an example. Boy—We are going to have sheep's head for dinner, and my sister Elsie's young man is coming to dinner also. Teacher—Go up to top.

Difficult, Indeed.
Old Friend—Is your part very difficult to play?
Barnstormer—Well, rather! I'm living on one meal a day and playing the role of a man with the gout!—Detroit Free Press.

PROMINENT CHICAGO COAL BARON DEAD.

By Associated Press.
Chicago, Aug. 4.—Edwin S. Daniels, president of the coal company bearing his name, died last night as the result of an operation.
Mr. Daniels was active among the employers from the outset of the recent teamsters' strike. The nervous strain under which he worked is believed to have been responsible, to a great extent, for his illness. He was 57 years old.

A HEADER DOWN PALAFOX HILL

THE "MIDNIGHT FLYER" STRUCK SOMETHING AND THEN FORGOT WHERE HE'D BEEN.

Another one of Hooton's Pharmacy fast delivery messengers came to grief last night, when Emanuel Hicks, rider of bicycle No. 3, and recently known as the "midnight flyer," struck an obstruction in the road while coming down Palafox Hill. He pitched head foremost over his wheel, demolished his wheel and lamp, tore most of the clothing off his person, and butted himself into unconsciousness on the hard paving at that point.
The accident occurred in front of the residence of Mr. Jas. C. Watson, who heard the noise which it occasioned and went to the street to see what was the matter. When Mr. Watson reached him the boy was unconscious, and he was immediately carried to Hooton's Pharmacy, where his wounds were dressed and he was revived.

When he regained consciousness Mr. Hooton asked him if he had delivered the package which he had carried out and the "midnight flyer" replied:
"I don't know, Mr. Jack. I don't know nothing. I forgot where you sent me and I don't know where I've been. De fust thing I know was when I woke up and this genman (Mr. Watson) in de white pants had me. I don't know whether I was gwine or comin'."

It developed that the boy had delivered his packages and was returning to the drug store at the same speed with which he carried them out, but his time was too swift for safety and as a result a good colored boy will be under the doctor's care for several days to come.
The "midnight flyer" is therefore out of commission, but it was immediately replaced by one equally as swift and Hooton's fast delivery service will go on without interruption.

Snubbing a Grand Duke.
When the Russian Grand Duke Sergius, who was blown to pieces with a dynamite bomb, was governor of Warsaw he thought it would be a good idea if the people of that city would contribute to a fund with which to buy sunflower seeds to be given to the Russian soldiers, who are very fond of chewing them. Sergius announced that every one sending money would be given a receipt, but those sending 1,000 rubles (\$510) or more would be thanked personally by himself. It is said that the response was excellent. But, though no one sent in 1,000 rubles and asked to be thanked personally by the grand duke, many sent in 990 rubles and asked for the receipt.

Summer Complaints

The diseases of summer are numerous and can only be avoided by careful attention to diet, and the regular and judicious use of Duffy's Pure Malt Whiskey. Hot, sultry days and breathless nights are now at hand, and thousands of men, women, and children are suffering from the exhausting heat. Doctors everywhere are alarmed at the unusually large number of deaths from diarrhoea, dysentery, cholera morbus, chills, typhoid and other fevers, due to impure water, the consumption of unripe fruit and vegetables, and other causes. In the treatment and cure of these summer complaints it has been shown by medical science that the only sure remedy lies in the regular and judicious use of Duffy's Pure Malt Whiskey, which drives the poisonous germs from the system, renews and builds up the wasted nerves and tissues, enriches the impoverished blood and gives new strength and vitality to every organ of the body.

Duffy's Pure Malt Whiskey

is a form of food already digested, as it agrees with the most delicate stomach. It makes the old young and the young strong. Duffy's is an absolutely pure distillation of malt without fusel oil, and is the only whiskey recognized by the Government as medicine.

CAUTION.—When you ask for Duffy's be sure you get the genuine. Look for the trade-mark, the "Old Chemist," on the label, and be certain the seal over the cork is unbroken. All druggists and grocers, or direct, \$1.00 a bottle. Duffy, Malt Whiskey Co., Rochester, N. Y.
