# "JIM CROW" LAW IS PASSED BY COUNCIL

Becomes a Law at an Early Date. Ordinance Introduced Compelling Ice to Be Weighed When Sold.

P. A. & W. R. ACCEPTS ITS ORDINANCE—MAYOR BLISS MAKES NUMBER OF RECOMMENDATIONS AND ASKS FOR BETTER QUARTERS FOR THE CITY OFFICIALS.

The City Council met in regular session last night with the following members present: Aldermen High, Cahn, Christie, Kelly, Wright, D'Alemberte, Yonge, Barrs and Watson. Mayor Bliss presided.

The minutes of all of the meetings held since July 19 were read, corrected and approved. As quite a number of meetings had been held, a full report of the minutes consumed a full hour.

Recommendations From the Mayor. Mayor Bliss recommended to the council the necessity of having better quarters for the various city officials, not only for the accommodation of the officials themselves, but for the convenience of the general public. The matter was referred to the finance committee and the city attorney to be reported upon at the next meeting.

The mayor recommended that a party of three commissioners for each public park in the city, living near the respective parks, be appointed to look after the improvement of such parks. The matter was referred to the city attorney for report.

The mayor recommended that the duties of inspector of weights and measures be separated from the duties of the clerk's office and that an inspector of weights and measures be appointed, such inspector to also inspect meat, milk, etc. The matter was referred to a special committee consisting of Aldermen D'Alemberte, Wright and Cahn for report.

In reference to the lack of filing facilities in the clerk's office and the necessity of a proper preservation of the city's records, the mayor announced that he had ordered a filing case for the office and he asked that for a time at least a stenographer to assist the clerk and mayor be employed at a salary of not exceeding \$40 a month. The request was granted.

Chairman Kelly of the finance committee recommended that a settlement with Mrs. Caroline Kahn for \$100 back taxes be accepted as the assessment on the property was irregular. It also recommended that the city treasurer's bond be approved and that the application of A. K. Johnson for the refund of a \$700.00 license tax be not granted. The latter recommendation was held over till the next meeting when Mr. Johnson will appear, and the balance of the report was approved.

Jim Crow Ordinance Passed. Chairman Wright of the ordinance and engraving committee reported the Jim Crow street car ordinance and asked that it be put back on its second reading for some minor amendments. This was done, the amendments were made, and the ordinance was read the second and third times and passed by unanimous vote.

President Northrup of the street car company was present and was invited to speak on the matter. President Northrup said he doubted the authority of the council to pass such a regulation. He would like, however, to see the matter settled definitely one way or another.

The Pensacola Journal was designated as the official city paper. Chairman Cahn of the franchise committee reported favorably on the ordinance regulating the erection and insulation of electric wires in the city.

The Bond Election. Chairman D'Alemberte of the board of canvassers of the bond election reported on the election, the report showing that the official canvass of the vote resulted in accordance with the vote published in The Journal yesterday morning. Chairman D'Alemberte also reported the total expense of the bond election as \$221.40 and asked that a warrant be ordered drawn for that amount. This was ordered done.

Wide Tire Ordinance. Alderman Cahn on behalf of the mayor introduced an ordinance amend-

ing the wide tire ordinance. This ordinance, if passed, will have the effect of lessening somewhat the stringency of provisions of the present ordinance.

Must Weigh Ice. Alderman Wright introduced an ordinance governing the sale of ice in the city. This ordinance requires, in brief, that ice delivery wagons shall be required to carry scales upon the wagons and weigh the ice on request of the purchaser.

Alderman D'Alemberte introduced an ordinance fixing the salary of the city attorney at \$1200 a year, beginning September 7, 1905. The ordinance was read the first and second times.

Aldermen D'Alemberte and Yonge introduced a resolution to the effect that the chairman of the Board of Public Works and the Board of Public Safety be requested to attend all regular monthly meetings of the council.

Railroad Franchise Accepted. A communication from the Pensacola, Alabama & Western Railroad Co., was read to the effect that the company accepted the franchise recently granted it. A similar letter of acceptance was also received from the Pensacola & Northeastern Railroad Co.

Petitions from a large number of liquor dealers for license to sell liquors were read and granted.

Seville Square. Alderman D'Alemberte moved that the attention of the chairman of the board of public works be directed to the condition of Seville Square with the request that the weeds be cut and the square be put into proper condition.

Alderman D'Alemberte presented a petition asking that the garbage limits on East Hill be extended to Fourteenth street. The matter was referred to the board of public safety.

Alderman McHugh gave notice that at the next meeting he would introduce an ordinance prohibiting the blowing of whistles of locomotives within the city limits.

A bill of J. J. Bowers for \$22.15 for repairs on the city mowing machine was referred to the mayor and finance committee. The council then adjourned.

# MESSENGER BOY INJURED BY CAR

## Sam Solomon Was Struck By One of the Street Cars Yesterday and Painfully Injured.

Sam Solomon, a messenger boy in the employ of the Postal Telegraph Company, was painfully, though not seriously, injured yesterday afternoon by being struck by a street car on Palafox street.

The boy, who had been sent out to deliver a message, did not notice the car, and at the corner of Palafox and Romana streets endeavored to make a turn. As he did so he was struck by the car, and knocked to the pavement.

The boy was taken in a nearby drug store where a physician examined the injuries. He had a bad bruise over the left eye, where he had struck the pavement, and in addition many bruises about the body.

He resides on West Main street and was taken to his home shortly afterwards.

## A HAZING TRAGEDY.

### Origin of the Slang Phrase "Who Struck Billy Patterson?"

"It's many years now since the slang expression, 'Who struck Billy Patterson?' was heard all over New York and Brooklyn," said a veteran of the metropolis. "Few people remember the origin of the expression, which was really the killing of a young man by sheer fright. Hazing at colleges was as rough then as now, and a common plan was to capture a new student, try him for some imaginary offense, condemn him to execution, and then hold his head on a block while a blow was struck on the ground with the dull side of a hatchet. A student named William Patterson was caught and tried in this way and was led weeping and shouting to the block. He was then blindfolded and held down, and then his last day had come, and then the bogus blow was struck with the hatchet. His cries ceased instantly, and when the students in alarm tore off his eye bandages and felt his pulse they discovered that he was dead. Several investigations were held to ascertain who struck the fatal blow, and it was because it was finally ascertained that no one ever struck Billy Patterson at all that the aggravating question referred to was shouted at every stranger by street boys, bootblacks and other juvenile nuisances."

### Distress Signals at Sea.

When ships at sea are in want of provisions and starving the signal used is a pendant with a ball underneath. Should the signal be reversed—i. e., ball uppermost—it would signify that the vessel addressed was running into danger. If a ball should be hoisted superior to a large square flag it would denote that the cargo is on fire or ship leaking and requires immediate assistance. All "distant signals" are answered by hoisting a ball at ship's masthead or masthead of signal staff on shore and are used at all times when the colors of a ship's flag cannot be distinguished. The above are international signals.

# WEEK'S NEWS OF DE FUNIAK SPRINGS

## Funeral of Mrs. Clara Landrum Lanz—Personal and Social News of Interest to Journal Readers.

Special to The Journal. DeFuniak Springs, Aug. 23.—The funeral services of Mrs. Clara Landrum Lanz were conducted Sunday morning at the Episcopal church by Bishop Weed of the diocese of Florida, and were most impressive. Hosts of friends of the deceased were present which testified to the great esteem and love with which she was regarded.

Many beautiful tokens of love in the form of flowers were sent from friends in Pensacola, Milton, Mobile, New Orleans and other places—an especially beautiful piece composed of white and purple passion flowers coming from Mobile. Banks of exquisite roses, ferns, etc., were sent by her many DeFuniak friends. A quartette composed of Mr. Stuart Gillis, Mrs. Hope Cawthon, Mrs. John Watson and Mr. Robert Oliver sang beautifully "Come Ye Disconsolate," and "Nearer My God to Thee." Mrs. Mary Ellis Williams, of Milton, Mr. Ben Landrum, of Pensacola, and Mrs. Minnie Ninto Milligan, of Andalusia, came in on the morning train. Mrs. Lanz's death was a great shock and her many friends extend heartfelt sympathy to the sorrowing family. Especially is their sympathy aroused for Mrs. S. D. Cawthon, of Alpine, Texas, and Dr. Landrum, her sister and father, who were unable to reach her bedside. Her remains were interred in the family burying ground in the cemetery east of the city.

Mrs. C. B. McKinnon and children, of Milton, are visiting her father's family.

Mrs. Beulah Manning, of Florida, left for her home Monday. She made numbers of friends while here.

Miss Gary Beville was quite ill again Sunday. A physician was called in and she is now much better.

A reception was held by Mr. and Mrs. Leavitt, of Bloomington, Illinois, at the Commercial Hotel on Monday evening. It was well attended by friends who bade them welcome to our city. They have recently taken charge of the hotel.

Miss Johnnie Gillis left Monday afternoon for Pensacola, Fla., on her way to visit Miss Leonard, of Cleveland, Ohio, who has been spending her winters south.

Protracted services will be conducted next week at the Second Methodist church by a nephew of the minister, Rev. Mr. Calhoun. A large choir composed of members from other churches of the city will assist. The Methodist choir is conducting the song services.

Dr. McLean, of California, accompanied by his daughter, Kate, passed through here on his way to Milligan Monday night. From there he will

go to Pensacola for a visit before returning to California.

Dr. Landrum is expected home at any time, having left Alpine, Texas, Monday morning.

Miss Alma McLeod, of Florida, is visiting friends and relatives here. This is Miss Alma's old home and her visit is a great pleasure.

Several ladies of the city met Tuesday afternoon at the residence of Mrs. Skiles to perfect a plan for the organization of a Ladies Club, devoted to the general interests of the town. They will hold their next meeting in the Odd Fellows' Hall.

Mrs. Brewer, of Pensacola, the mother of Mr. O. J. Brewer, returned Saturday afternoon after a short visit here.

Mrs. Sleeman, director of the Baptist choir, will give an "Old Time Concert" in a short while. The mandolin and guitar club will give two numbers. Mr. Burdick will play a cornet solo and several other fine numbers will be given.

Dr. C. B. McKinnon, of Milton, was here Wednesday on a professional visit.

Mr. E. W. Tharp, a prominent business man of DeFuniak, visited Pensacola Monday.

Lugnubious Hedda! It seems, by the way, almost forgotten that it was with a burlesque of Ibsen that Mr. Barrie made his first bow as a dramatist. His travesty of "Hedda Gabler" was one of the most delicious pieces of fooling ever seen at Toole's theater, and in it Mr. Toole (as Ibsen himself), George Shelton (as Tesman) and Miss Irene Vanbrugh (as a blend of Thea and Hedda) were delightful. In one scene Tesman was busy writing a review when Hedda entered, and the following dialogue took place:

Tesman (looking up)—Thea— Hedda (languidly)—I am not Thea. I am Hedda.  
Tesman—Then, Hedda, is there a k in "Christianity?"  
Hedda (very slowly and intensely)—There is—nothing—in—Christianity.  
Tesman—Fancy that!—London Pall Mall Gazette.

Fame a Wild Beast. "Literary fame," said a well known author whose name a few years ago was in everybody's mouth, "is more easily caught than kept. He who has a reputation to maintain has a wild beast in his house which he must constantly feed or it will feed on him. He who writes in a modern language is but the suicide of his own fame, scribbling with sand what the next wave of time will obliterate. He gets a short respite, not a pardon, from oblivion."
