

... WM. JOHNSON & SON ...

Great Semi-Annual Clearance Sale

Clothing, Shoes, Men's and Boy's Underwear, Hats, Caps and Furnishings,

BEGINS SEPTEMBER 1st.

SEE SUNDAY'S ISSUE OF THIS PAPER FOR PRICES.

FLORIDIANS MUST OBEY THE RULES

IF NOT IDENTIFIED CANNOT RETURN TO STATE WITHOUT BEING DETAINED.

September is now near at hand, and while it is a month that takes hundreds to the summer resorts it is also the month that brings back hundreds who left early in the season, says the Jacksonville Metropolis.

In order to avoid any confusion or inconvenience at Camp Perry relatives in the city should inform those who are away of the restrictions at Camp Perry, which is the quarantine station.

E. W. Diggett is in charge of quarantine affairs at Camp Perry, and he and his assistants interview every passenger before allowing them to proceed further into Florida.

The camp is in excellent condition, and admirably located. While it may be all that is claimed for it, no one desires to remain there ten days, so it is better to comply with the regulations.

Passengers to Florida can exhibit affidavits of notaries showing that they have not been in infected districts, letters received for the past ten days, stamps of postoffices, railway agents, etc., and other means of identification. The quarantine officers must be absolutely convinced that passengers have not been in any infected district before they will be allowed to come to Florida.

It's Hot!

But Not So For

Daisy Brand Hams, Sugar Cured and Breakfast Bacon

for they are the finest to be had during the hot weather. They are delicious and your grocer must sell them.

Lewis Bear Co.

are distributors for Jno. Hoffmann's Son's Daisies.

GONZALEZ

Special to The Journal. Gonzalez, Aug. 25.—We have been having plenty of rain for the past three weeks and to see the sunshine is quite a treat.

Mrs. G. F. Murphy on her way to the city stopped off here a few days last week visiting friends and relatives.

Mr. A. J. Mackey went to Molino Monday on business, returning home the same night. A crowd of young folks went to Muscooke Saturday night to an ice cream supper given for the benefit of the Baptist church. All had a nice time and enjoyed the trip as well as the cake and cream.

Mr. C. H. Jackson left Saturday to spend a week on the bay.

Mrs. S. E. Seals spent the day with Mrs. B. P. Wilder at Cantonment Tuesday.

Misses Lavada and Helen Brown left last Saturday for Atmore, Ala., to visit relatives. Quite a jolly and happy crowd went from here to Brent Wednesday night to a play, "The Face at the Window."

The party was composed of Mrs. S. E. Seals, Miss Maud Coker, Gail Everheart, Claud Coker, Sabra Hardy, Amelia Fleming, Allie Seals, Beattie Sweet, Pearl Mackey and Mr. Will Coker. All spent a pleasant evening. After the play cake and cream was served.

Mr. Zachary was out Wednesday visiting relatives. Mr. Elbert Applegate spent Sunday and Monday with his mother.

Mr. Lowell, of Pensacola, spent Sunday with his mother. Mr. W. R. Wilson was a pleasant caller Sunday evening. Miss Willie Applegate was out Saturday to see her mother.

Ice Cream Supper. The East End Baptist church will give a lawn party and ice cream supper on East Garden street where the belt car line crosses it, Monday night. The public is invited. 26aug2t

FUNERAL OF MRS. R. E. L. CRESAP

SERVICES WERE HELD AT RESIDENCE AND REMAINS WERE PLACED IN FAMILY VAULT AT ST. JOHN'S CEMETERY.

The funeral of Mrs. R. E. L. Cresap, who died Thursday, was held yesterday afternoon at 4:30 o'clock at the family residence on East Government street.

The services were conducted by Rev. J. S. Stibley, of the First Presbyterian church, assisted by Rev. J. Helle, of the Norwegian Lutheran church. The services were brief, but impressive, and a large number of friends gathered to pay their last sad tribute of friendship and respect. Numerous floral tributes of great beauty covered the casket and were arranged about the rooms—mute testimonials to the love and esteem in which the deceased lady was held.

The services were concluded at St. John's cemetery where the remains were laid to repose in the family vault.

AN APPEAL FOR LITTLE ORPHANS

SEPTEMBER 17 SET APART AS "WORK DAY" FOR BENEFIT OF WORTHY INSTITUTION

The following circular letter has been issued by Thos. H. Jones, Financial Agent of the Alabama Methodist Orphanage, Union Springs, Ala.: "Thou shalt open thine hand wide unto the poor and thy needy in thy land.—Deut. 15.11.

Dear Superintendent:—Please help to make Sunday, September 17th, 1905, a great day for our Orphanage. There are so many churches in our two Conferences—over 1300—that it is impossible for me to visit them all in a year. Hence I make this appeal to all our Sunday schools, to observe a work day and give the earnings of that day to benefit our orphan home.

Kindly have your Sunday school and all good friends to interest themselves in some way, as they deem best, to raise some money for this most worthy cause. Please announce this publicly and privately to all, so that every one in your community may bring some offering. Some program can be arranged, entertainments may be given, or any other proper method may be adopted in order to make your work day a big success.

Please organize to this end. Enlist every member in this noble work, and have a fine report Sunday, September 17, 1905. Last year our Sunday schools raised over \$1,300 on work day. Let us make it much better this year. Please forward amount raised to me, at Union Springs, Ala. I will acknowledge receipt of same. We are doing a great work. Help us, we need your help. Let not the cry of the orphan be lost among other voices. Plan and pray for this work day. Sincerely your brother, THOS. H. JONES, Financial Agent, Union Springs, Ala., Aug. 2nd, 1905.

A SPOON SHAKER Straight From Coffeedom. Coffee can marshall a good squadron of enemies and some very hard ones to overcome. A lady in Florida writes: "I have always been very fond of good coffee, and for years drank it at least three times a day. At last, however, I found that it was injuring me.

"I became bilious, subject to frequent and violent headaches, and so very nervous, that I could not lift a spoon to my mouth without spilling a part of its contents; my heart got 'rickety' and beat so fast and so hard that I could scarcely breathe, while my skin got thick and dingy, with yellow blotches on my face, caused by the condition of my liver and blood. I made up my mind that all these afflictions came from the coffee, and it determined to experiment and see.

"So I quit coffee and got a package of Postum which furnished my hot morning beverage. After a little time I was rewarded by a complete restoration of my health in every respect. I do not suffer from biliousness any more, my nerves are as steady as could be desired, my heart beats regularly and my complexion has cleared up beautifully—the blotches have been wiped out and it is such a pleasure to be well again." Name given by Postum Co., Battle Creek, Mich. There's a reason.

Held For Developments. New York, August 25.—Two of the crew of the steamer Cahnette from their ship at quarantine suffering with high temperatures and were transferred to Hoffman Island for observation.

Asthma Sufferers Should Know This. Foley's Honey and Tar has cured many cases of asthma that were considered hopeless. Mrs. Adolph Buesing, 701 West Third Street, Davenport, Iowa, writes: "A severe cold contracted twelve years ago was neglected until it finally grew into asthma. The best medical skill available could not give me more than temporary relief. Foley's Honey and Tar was recommended and one fifty-cent bottle entirely cured me of asthma which had been growing on me for twelve years, and if I had taken it at the start I would have been saved years of suffering." W. A. D'Alemberte, druggist and apothecary.

WILL STAMP OUT THE FEVER BY OCTOBER 1 LEE AND YOUNG CHOSEN AS LIEUTS.

Message of Hope Given by Surgeon White to the Stricken People of New Orleans.

By Associated Press.

New Orleans, Aug. 25.—If all houses are properly disinfected and screened there are reasonable hopes of a complete cessation of yellow fever on or before October 1, the message of hope given by Surgeon White to a meeting that filled St. Paul's Episcopal church, and over which Bishop Sessums presided. If the citizens will but do this, the doctor said, they will deserve the commendation of the civilized world.

Dr. White said the federal medical officers were now engaged in making a complete sanitary survey of the city. It was their purpose to acquire statistics covering every habitable portion of the municipality. Dr. White appealed for courteous treatment of and co-operation with his inspectors. He said the service was trying to locate every focus. That was necessary if the campaign was to succeed completely and the urgency of co-operation was evidenced by the fact that only today a hitherto unknown focus in a generally infected section was discovered, a focus that the service had been searching for some time. At the beginning of the fight the doctor said there were 100 of these unknown foci, five times the number that the Havana authorities admit would swamp them and create an epidemic in that city. The record shows, he said, what had been accomplished in running them down.

It is anticipated that when the authorities feel that their system is perfect there will be an effort to weed out the cases of malarial and dengue fever from actual yellow fever, and when that comes to pass the evidence will be clear of how successful has been the work of controlling the disease.

To Keep Trains Moving. Gov. Blanchard continues his efforts to keep the wheels of trains moving in Louisiana. He has put himself in communication with railroad officials wherever there is any interruption to service and has ascertained that the roads are anxious to maintain service if permitted to do so by the various communities. The governor expects to get the Memphis, Helena and Louisiana in operation again in a day or two. Unless he succeeds many people in North Louisiana who depend on this line will suffer for the necessities of life.

President Souther of the state board will go to Patterson, La., on Saturday to investigate conditions there. The people of that town would like the state board to take entire charge, and it may do so. The Patterson fever is so mild that with sufficient physicians and nurses and a strong executive head it is thought the danger of fatalities can be minimized.

Considerable trouble is being had with the Italian community at God Hope, La., near the Mississippi Valley road a short distance above New Orleans. An emergency hospital has been erected, but the Italians are in rebellion against it and there is not sufficient police force to compel them to submit to the regulations. It is not impossible if conditions fail to improve that the governor will be asked to send a force of troops into the parishes above New Orleans to enforce obedience to official authority.

Dr. Ehler, left here today and was joined by Health Officer Avochin of Assumption at Shreveport. They will go to Bayou Boeuf to investigate conditions there. Dr. Chassagnac yesterday discovered a large number of cases at Bayou Boeuf. They had not previously been reported because there is no physician at the settlement. The focus was established through communication between Bayou Boeuf and Patterson.

Prof. Robert Boyce of Liverpool has had a conference with Dr. Walker and has agreed to fill some lecture engagements. He will speak at Temple Sinai Monday night. Complaint has been made to Attorney General Guion of the treatment of a party of civil engineers engaged to assist in the building of the Iron Mountain road between Eudora, Ark., and Gilbert, La. It has taken the party four weeks to get from Bay City, Texas, to Eudora. At McGehee, Ark., they were kept in their car for thirty hours without water or food in the belief that they had come from New Orleans.

Held For Developments. New York, August 25.—Two of the crew of the steamer Cahnette from their ship at quarantine suffering with high temperatures and were transferred to Hoffman Island for observation.

Asthma Sufferers Should Know This. Foley's Honey and Tar has cured many cases of asthma that were considered hopeless. LEE AND YOUNG CHOSEN AS LIEUTS.

At the Meeting Held Last Night of the Members of the New Military Organization

The organization of the militia company, which has been in charge of a special committee of the Chamber of Commerce, was perfected at a meeting held at the Chamber of Commerce last night.

Prof. H. Clay Armstrong was elected captain, Stephen Lee first lieutenant and Henry M. Yonge second lieutenant.

The following young men enrolled their names as members: Henry M. Yonge, Malcolm R. Yonge, J. K. Quarles, Frank Williams, Terrell Covington, Neals A. Oertling, Jr., S. S. Wilkerson, Frank Goulding, Jr., Phil. G. Caro, Walter H. Johnstone, James Gingles, Ernest McVoy, Will Lurton, Elbert Clubbs, S. R. Malloy, Jr., L. Roberts, Dudley Thornton, J. Eagan, Jas. Leonard, S. A. Leonard, Harry Lurton, Chas. Grant, Henry White, Stephen Lee, W. H. McDavid, Carl Cushman, Joseph Tourat, Malcolm White, E. C. Thompson, Hays Fernald, John Choate, Chas. Haynes, Harry Brooks, C. C. Avery, A. U. Blount, B. F. King, Randolph Spencer, Howard Goulding, Joe Grant and Chas. F. Broughton.

The meeting also resulted in the appointment of a committee to solicit additional names, and this work will commence this morning. There are a number of excellent young men of the city who have already signified their intention of becoming members of the organization, and there is no doubt but that many will be added to the roll by the next meeting.

The Chamber of Commerce, which inaugurated the movement, deserves credit for succeeding in its work, and as the selection of officers by the young men are very satisfactory, there is no doubt but that the company will be a credit to the city.

ASTONISHING RESULTS

Follow Each New Discovery of Science

The great strides that medical science has made in the last few years is due to the germ theory. When the germ of a disease has been discovered the doctors have not been slow in finding a drug to kill it. In a few years it will be rare to find a bald-headed man or woman. The falling out of hair is due to dandruff germ, and now it has been discovered how to kill the germ. The remedy used is called Newbro's Herpicide. Its success has been marvelous. Not a failure has been so far reported. It is also a delightful hair dressing free from oil or sticky substances. Try it and be convinced of its actual merit. Sold by W. A. D'Alemberte, druggist and apothecary; 121 S. Palafox street, Pensacola, Fla. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Still in Business! GEORGE A. PETERSON, is now located at Cor. Government and Barcelona Sts., and is better prepared than ever to repair safes, typewriters, guns, pistols, locks, light machinery and bicycles. PHONE 203.

IMPURE WATER

Is the Direct Cause of Typhoid, Malaria, Dysentery, Cholera Morbus, the Fatal Hot Weather Complaints. Duffy's Pure Malt Whiskey is Prescribed by Doctors Everywhere as a Sure Preventive.

If you are going to the seashore or countryside for your summer vacation don't fail to take a bottle of Duffy's with you. The greater share of the summer hotels and country farm-houses depend almost entirely upon impure wells and worm-eaten cisterns for their water supply. True, in most cases the drinking water is filtered, but think of the millions of tiny, minute germs which escape even the finest screened filter and cause typhoid, cholera morbus and bowel trouble. Examine a seemingly pure glass of drinking water under a powerful microscope and you will be horrified to find the water swarming with disease germs. Doctors of all schools say to put a teaspoonful of

Duffy's Pure Malt Whiskey

In every glass of water you drink. It destroys the germs, cools the blood and strengthens the system. It is the positive cure for cramps, dysentery, sunstroke, cholera morbus, congestive chills and weak stomachs. Duffy's contains no fusel oil, and is the only whiskey recognized by the Government as medicine. Doctors for fifty years have used it. CAUTION—When you ask for Duffy's be sure you get the genuine. Look for the trade mark, the "Old Chemist," on the label, and be certain the seal over the cork is unbroken. All druggists and grocers, or direct, \$1.00 a bottle. Medical booklet free. Duffy's Malt Whiskey. EUGENE ARBONA, DISTRIBUTOR, PENSACOLA, FLA.

LAUREL HILL

Special to The Journal. Laurel Hill, Aug. 25.—The town council has been organized, officers elected and Laurel Hill will soon be putting on city airs. The officers are as follows: Mayor A. E. Campbell; Marshal, J. T. Atwell; Council, J. F. Richburg, W. H. Jones, J. F. Merrill, D. T. Finleyson, S. G. French, Jr.

Business seems to be good for this time of the year and improvements are being made by our citizens all the time. Mr. Allen Fountain left yesterday to go to Dorcas to attend Mrs. Fountain's mother, Mrs. Hightower, who is not expected to live. Mr. P. D. Centerfit was hauling the first bale of cotton to the gin yesterday.

The cotton crop is thought to be a little short of the average this year. Corn and sugar cane lower, are exceptionally good. Rev. J. M. Rosebrough, D. D., who has been holding a protracted meeting for some days gave his farewell sermon, which was appreciated by the congregation.

They Appeal to Our Sympathies. The bilious and dyspeptic are constant sufferers and appeal to our sympathies. There is not one of them, however, who may not be brought back to health and happiness by the use of Chamberlain's Stomach and Liver Tablets. These tablets invigorate the stomach and liver and strengthen the digestion. They also regulate the bowels. For sale by all druggists.

NEW LINE OF THE FAMOUS DUNLAP \$5.00 SHOES FOR MEN JUST RECEIVED AT THE BIG STORE. WM. JOHNSON & SON.

KEEP YOUR HEAD. How One Woman Lost Her Temper and Her Art Treasures.

Appropos of the woman with the ability to plan a big coup and who then loses it and her head at the last moment an auctioneer in New York tells an interesting story. The woman was an American who had been living abroad with her husband for many years. Upon his death she returned, bringing with her a large collection of valuable paintings which had been his property and which she hoped to sell. She made arrangements with the auctioneer to handle them for her, and he was delighted with the cleverness with which she had obtained vouchers for each one. It showed enterprise and thoroughness—action found in men or women and said it certain that the pictures, which were really good ones, would bring good prices.

To every one living who had been in any way connected with the pictures, owned them or handled them the woman had gone for a written guarantee, and, in addition to the names obtained in this way, she had been to the American consul, and he in his turn had guaranteed their signatures. They were all sworn to and duly witnessed, and the auctioneer congratulated the woman.

That was all right until Uncle Sam stepped in. The custom house authorities, though unable to obtain possession of the guarantees, appreciated the pictures, estimated them to be worth their full value as understood by the owner and put duties upon them entirely beyond the woman's power to pay. She was greatly distressed at first, then annoyed and finally furiously angry at what she considered an imposition. The auctioneer endeavored to console her.

"They will be sold for little or nothing at the custom house sale," he said, "and the best thing to do is to buy them in. They will go for \$10 or \$15 apiece, and we will have the sale after all. I will buy them in for you, and we will both make a 'pot of money' out of them."

But by that time the woman was too angry to listen to advice. She considered that she had been badly treated. If the custom house wished to keep her pictures from her, very well, they might have them. She tore up the guarantees, the pictures were sold for next to nothing and scattered no one knows where now and the woman lost a small fortune.—New York Times.

FAREWELL TO THE ODD BITS OF CHINA

With big shipments of goods on the way from Europe, for fall trade, we must prepare a way for their display and there's only one way to do it—get rid of the single pieces and odds and ends that take up lots of room.

We've made big reductions on all such things and the next few days ought to bring a change of ownership of every piece that is underpriced.

It will, if you realize that opportunity knocks at your door this week—knocks loud and long.

Come in and secure that particular item you've been promising yourself for so long—and secure it at a bargain.

Pabst Blue Ribbon Bottle Beer, has no equal. Sold everywhere.
