

Yellow Fever Convalescents

After combating a siege of yellow fever and overcoming the disease itself, the victim is left weak, emaciated, and in a delicate condition of prostration.

Convalescence from yellow fever is a critical period, and only proper and careful treatment can prevent the resulting after-effects which so often produce ailments that sometimes terminate fatally.

After yellow fever and during convalescence, the patient should be given a treatment of Vinol, our cod liver preparation without oil, which is absolutely the very best tonic-reconstructor known.

It is delicious to the taste, sharpens the appetite, calms and strengthens the irritable weak stomach, promotes easy and perfect digestion of wholesome and nourishing food, and soothes, cleanses and heals the inflamed and sore membranes, and induces restful, refreshing sleep.

Thus, the nerves are quieted and invigorated, normal body weight and strength is gradually restored, the blood is purified and made plentiful, the thin body is fattened, and the whole system is built up, and kept up to perfect health and vigor.

Vinol is not a patent or "secret" medicine. Everything in it is plainly stated on every bottle label. We are personally familiar with every particle in it, and absolutely know that if properly used for a reasonable length of time, it will do the user the greatest possible good.

Bear in mind that we sell Vinol with the distinct understanding and guarantee that it shall cost you nothing if you derive no benefit from its use.

We will return to you every cent paid us for Vinol if it fails to do for you what we claim it will.

We stake our name and reputation on Vinol, and only real knowledge of the potency of Vinol could induce us to guarantee it to you, our neighbors, friends and acquaintances; and you are absolutely secure in putting complete faith and confidence in us and our offer.

Begin a treatment of Vinol to-day on our guarantee.

THE MERCHANTS WILL MEET TO-DAY

When They Will Organize for Purpose of Bringing Buyers Excursion Here.

A meeting of the signers of the call for an organization of the merchants of the city for the purpose of securing a series of excursions of buyers into Pensacola, will be held at 3:30 o'clock this afternoon in the Merchants hotel parlor.

Indications now point to great success for this movement, and not only the merchants who have already committed themselves to the project by signing the call being circulated by Secretary Jones of the Chamber of Commerce, are expected to attend the meeting this afternoon, but also any merchants who have not signed this call are invited to be present.

T. H. LANNON & CO. BEGINS SALE

CROWDS VISIT STORE YESTERDAY TO TAKE ADVANTAGE OF BARGAIN PRICES.

T. H. Lannon & Co., blossomed out in last Sunday's Journal with a full page ad. apropos to his big sale which opened up yesterday morning. No one doubts the results. Suffice to say that when the doors were opened at 9 o'clock there was a grand stand rush which lasted until noon. Ten extra sales ladies had been engaged yet this number was not sufficient to handle the crowd, and many went away before they could get all they wanted to buy. Prices have been smashed and goods are being sold regardless of cost. Everything in the store is sold at a sacrifice price. Special bargains, however, will be featured each day during the sale. Watch for the Lannon ad in The Journal.

No Poison in Chamberlain's Cough Remedy.

From Napier New Zealand Herald: Two years ago the Pharmacy Board of New South Wales, Australia, had an analysis made of all the cough medicines that were sold in that market. Out of the entire list they found only one that they declared was entirely free from all poisons. This exception was Chamberlain's Cough Remedy, made by the Chamberlain Medicine Company Des Moines, Iowa, U. S. A. The absence of all narcotics makes this remedy the safest and best that can be had; and it is with a feeling of security that any mother can give it to her little ones. Chamberlain's Cough Remedy is especially recommended by its makers for coughs, colds, croup and whooping cough. This remedy is for sale by all druggists.

CLOTHING IS NEEDED FOR THE WORTHY POOR

As the cold weather approaches numerous appeals are made to The Salvation Army for clothing of every description, and any article of this nature will be thankfully received and donors assured that it will be bestowed only upon the worthy poor. Clothing for women and children is especially needed. If those able to assist will notify Captain Norris, the officer in charge of the local Salvation Army post any articles donated will be glad to be called for.

The Welles-Kahn Co., of this city are the distributors, and Fama Nacional is getting very popular here as it is wherever it has been sold.
