

Farmer Brown agreed to give his two sons a fine piece of ground if they would succeed in making it into a first class garden. The boys consented and by working diligently soon had one of the very best gardens in that part of the country. Some of the good things they raised are shown in our illustration. Which of our readers can tell what they are?

JOURNAL'S ARMY CAME OUT IN FORCE

Large Number of Correct Answers Received—Miss Gladys Bell Won Prize.

The Journal's puzzle army surely knows what is required in building a house, as out of the ten puzzles given last week to be solved, all but a very few were sent in correctly, and now any of the bright little boys or girls could give the architect of the new Brent building "dots" on what material to use on the grand new structure. All of the answers were so neatly written, and all of the envelopes addressed correctly, which shows that the little army means to improve every week. Gladys Bell, one of The Journal's faithful little puzzlers gets

the dollar this week. Gladys's list was the first correct one to be drawn, and the big dollar, which looks as big and bright as the new moon to the "puzzlers" is for her when she calls at The Journal office.

Letters Received.

Mary R. Hilbun encloses with her puzzle answers this little note to the puzzle editor:

Dear Mr. Puzzle Editor—I enclose my last week's puzzles hoping real hard that I may get the dollar. Your little friend, Mary R. Hilbun, Pensacola, Fla., Dec. 7, 1905.

Perhaps that dollar will come your way yet, so keep on trying Miss Mary. Willie Wilkerson and Bessie L. Perryman sent the following note to the puzzle editor, from Crestview, Fla.:

Dear Mr. Puzzle Editor—I was glad to see my letter in print in The Journal two weeks ago. I hope to see our names in print if our answers are correct. Your little friends, Bessie L. Perryman and Willie Wilkerson.

Now for a word about this week's puzzles. Do the little "puzzle people" know as much about what kind of vegetables should be grown in the kitchen garden, as they did about what materials it takes to build a house? Well, if they do, now here is a chance to show their knowledge. No. 1 is dead easy, but some of the others will take a little more study.

PLANT GROWTH OF LAND OF FLOWERS.

Gainesville Sun.

There is an impression among many people in the north that California is the only country where tropical plants and shrubs are found, which is very far from the truth, as there are as many varieties of rare tropical trees, plants and shrubs grown in Florida as in the Golden State.

It has been some talk that there was only one banyan tree to be found in the United States, and that was in California, when the fact is there are two at least in Miami and perhaps more in other parts of the state.

The poinsettia is another shrub that puts forth a beautiful blossom of bright vermillion, and is said to be a native of Mexico. California lays great stress on this flower and it is claimed to grow in no other part of the United States, yet in Gainesville there is one growing in the garden of Dr. J. S. bodford that is as healthy and beautiful as any that ever breathed the air of the Golden State. When it comes to roses, there may

be more of them grown in other states than Florida, but they do well here with little or no attention, and there are many varieties to be found. Where they receive the care that these beautiful flowers deserve they are very prolific, and many of them bloom during the entire summer and winter.

There are many other places that have more natural scenery than Florida, but when it comes to finding a place where one can live the year through with comfort and all the conveniences, you cannot excel this beautiful peninsula.

Pirating Foley's Honey and Tar.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. These worthless imitations have similar sounding names. Beware of them. The genuine Foley's Honey and Tar is in a yellow package. Ask for it and refuse any substitute. It is the best remedy for coughs and colds. W. A. D'Alemberte, druggist and apothecary.

Say! Have you had dinner? Well, go to The Southern Hotel and get it. It surely is a dandy.

CONSTIPATION

"For over nine years I suffered with chronic constipation and during this time I had to take an injection of warm water once every 12 hours before I could have an action on my bowels. Happily I tried Cascarets, and today I feel as well as usual. During the nine years before I used Cascarets I suffered untold misery with internal piles. Thanks to you I am free from all this this morning. You can use this in behalf of suffering humanity."

Rev. H. E. O'Grady Talks.

Editor Anniston Evening Star: Father H. E. O'Grady, the well known missionary priest who is at present the guest of Father Doyle, at the rectory, was seen last evening by a reporter of the Evening Star in reference to the wonderful

Long Life Liver and Kidney Cure

of which he discovered the formula of Father O'Grady gave him a history of the remedy and all the good that had been done by it.

And as the reporter was about to leave Father O'Grady said I wish you would tell the mothers in Anniston and for miles around Anniston to keep a bottle of this great remedy in their homes and to give it to their children when in need of a gentle Laxative and Liver Medicine. There is nothing like it to build up a run down system.

Rev. H. E. O'Grady is too well known to need an introduction here, being a Missionary Priest of national reputation and a brother of Ex-Senator O'Grady, of New York.
