APPROPRIATION BILL PASSED BY CONGRESS

Urgent Deficiency Measure Went
Through Senate Practically
as Reported.

EIGHT HOUR LAWS

With Reference to Alien Labor on
Canal Caused Discussion.

AMENDMENT TO MAKE LAW IN-
OPERATIVE ON ISTHMUS VOTED
DOWN--NEW RECORD IN SWIFT
PENSION LEGISLATION MADE
BY THE HOUSE--SENATE MAY
INVESTIGATE COMBINE.

By Associated Press.
Washington, Feb. 9.—Almost the en-
tire session of the senate today was
devoted to consideration of the urgent
deficiency appropriation bill which
was passed practically as reported
from the committee on appropriations.
The only discussion in connection with
the bill was over the amendment sug-
gested by Mr. Patterson to strike out
the provision relieving alien workmen
on the canal from the operation of the
eight hour laws. Mr. Patterson con-
tended that to require men to labor
more than eight hours a day in the
tropics was inhuman and argued that
such requirement would do injustice
to American labor. Several senators,
on both sides of the chamber, con-
tended this position. The amendment
was voted down without resorting to a
roll call.

NEW SPEED RECORD IN PENSION LEGISLATION

Washington, Feb. 9.—The house to-
day ground out its annual semi-monthly
grant of private pensions, passing in
72 minutes 429 bills for the benefit of
veterans barred for one reason or an-
other from coming in under the gener-
al statute. Seventy-five per cent. of
the beneficiaries are either blind or
bedridden. This order with a number
of minor bills and the passage of
two amendments to the Philippine
tariff act of 1905, constituted the trans-
actions of the day. The passage of
429 pension bills in 72 minutes makes
a new speed record in pension legisla-
tion.

Washington, Feb. 9.—Senator Tillman
will make an effort on Monday to se-
cure an investigation on the lines of the
Gillespie resolution in the house
relating to a combination of eastern
railroads under the management of
the Pennsylvania railroad company.
He says a letter written by Governor
Dawson, of West Virginia, shows a
situation that needs inquiry.

ville; J. S. Garrett, Columbus; H. D.
Bush, Covington; J. E. Poche, Wash-
ington.

tion of Those Who Failed to Receive
Invitations to Daughter's Wedding.

Roosevelt has authorized the follow-
ing statement which was given out

THE CHAUTUQUA AT DE FUNIAK SPRINGS

This Session Far Exceeds Former
Sessions in Line of Enter-
tainment.

DeFuniak Springs, Feb. 9.—The
Chautauqua Assembly which is now
in session opened with bright pros-
pects, and the lectures, music and
other entertainments have been excel-
lent, far exceeding other sessions in
that respect; for, as is often the case
in an assembly of the kind some pre-
sentations from the platform were dis-
appointing in their character, but in
this instance there has not been a single
poor effort.

Dr. Alexander Tarr, of Columbus,
Ohio, gave a very fine criticism on
"Hamlet" this afternoon at 3 o'clock.
Hon. Wallace Bruce, who is recognized
as an authority upon Shakespeare
pronounced it excellent. Lewis Spencer
Daniels arrived this morning and
will be the great attraction tomorrow.
There are many young ladies visit-
ing relatives and friends. Among
them are the Misses Thomas, nieces
of Rev. John Northcutt, Miss Davis,
of Montgomery, a cousin of Mrs. D.
E. Burkes, Miss Howard, of Suffolk,
Va., a friend of the Misses Skiles,
Miss Johnson, of Indianapolis, Miss
Morris, of Chicago, and several others.
The ladies of the Presbyterian and
Baptist churches have lunch rooms
adjoining each other, and situated
within a few steps of the tabernacle,
where they serve dinners and suppers
during the entire session.

The Chautauqua Hotel is resplend-
ent in a new coat of paint, and has
also been newly covered, which, with
several other improvements add ma-
terially to its appearance. There are
many new guests enjoying its hospi-
tality this winter.

The pupils and teachers of the High
School and also those of the Public
School, observed today as "Arbor
Day" as last Friday, which was really
Arbor Day, was the last day of the
bi-monthly examination.

Miss Mewbray, of Kentucky, is vis-
iting her sister, Mrs. O. J. Brown.
Dr. and Mrs. C. B. McKinnon and
family, of Milton, are visiting rela-
tives this week.

The ladies of the T. I. A. associa-
tion have given two delightful enter-
tainments lately. The first reception
was held at Dr. Henry's, the second
at Mr. Thornberr's, and at both places
the strangers and friends were de-
lightfully entertained. The ladies
expect to give a series of such recep-
tions this winter, which will add con-
siderably to the social pleasures of
our town.

Mr. S. K. Gillis has moved into his
new law office, which has been recent-
ly finished inside. It is a brick struc-
ture, beautifully finished inside and
furnished with the latest styles in of-
fice furniture.

PITCHED BATTLE IN SAVANNAH STREETS

Political Partisans of Two Fac-
tions Clash With Fatal
Results.

One Killed and Several Were
Seriously Wounded.

CITY OFFICERS PARTICIPATED IN
THE BATTLE DURING WHICH
ABOUT FORTY SHOTS WERE
FIRED--POLITICAL DIFFER-
ENCES CAUSE OF THE DIFFI-
CULTY.

By Associated Press.
Savannah, Ga., Feb. 9.—Political
partisans of two factions had a pistol
fight this afternoon in front of the city
hall. "Babe" Dyer was killed, Frank
Nagle, a bystander, was shot through
the eye and is in a critical condition;
Pat Kearney, a policeman off duty at
the time, was shot through the neck
and C. H. Dyer was shot twice through
the legs.

"Snatcher" Dyer and "Togs" Hewitt,
a private detective, are under arrest.
Besides these others are under arrest
or wounded.

Those who participated in the shoot-
ing were Harbor Master Jas. Mc-
Bride, Plumbing Inspector Richard
McKeena and Jas. Lane, keeper of the
police stables.

It is not definitely known who fired
the shots by which the killed and
wounded were struck as the shooting
was general and about forty shots
were fired.

The battle started when three of
the Dyers, it is alleged, attacked Mc-
Kenna, the others coming to the lat-
ters assistance. Political trouble was
the cause.

By Associated Press.
Washington, Feb. 9.—Representa-
tive Longworth, of Ohio, whose mar-
riage to Miss Alice Roosevelt is to
take place one week from to-morrow,
is still at the home of his mother in
this city. Mrs. Longworth stated
tonight, however, that his illness is
not serious, that there is no reason
for concern and that she expected her
son would be well enough to come
down stairs by Sunday.
Mr. Longworth has been suffering
with a cold for several days and yes-

BOXERS DESTROY MISSIONS AT CHANG PU

Damage by Chinese Fanatics
Amounts to \$50,000--Ameri-
can Missions Uninjured.

By Associated Press.
Pekin, Feb. 9.—A dispatch from
Amoy to-day confirms the report of
the destruction of the English Pres-
byterian and Roman Catholic mis-
sions at Chang Pu, thirty miles from
Amoy, by a mob described as boxers.
The damage amounts to fifty thou-
sand dollars. The American mis-
sions were uninjured.

Details are lacking, but sentiment
in the neighborhood of Chang Pu is
hostile to foreigners and it is consid-
ered strange that the American mis-
sions were unmolested as the boy-
cott on American goods is strong
there.

By Associated Press.
Harrisburg, Penn., Feb. 9.—The
Pennsylvania house of representatives

were engaged in the mining business,
which is contrary to the state consti-
tution.

Governor and State Chemist Stop
in Pensacola En Route to
Tallahassee.

ARE ENTHUSIASTIC

Over Cane Growers Convention and
Courtesies Extended Them.

DREDGES WILL BE READY TO
START DRAINING EVERGLADES
IN SEVENTY DAYS AND NO
TROUBLE IS ANTICIPATED--
GOVERNOR MAY ATTEND MAR-
DI GRAS--CAPTAIN ROSE,
TALKS OF SUGAR.

Governor N. B. Broward and State
Chemist R. E. Rose, arrived in Pen-
sacola last night from Mobile, where
they had been in attendance upon
the Sugar Cane Growers' Convention,
and leave this morning for Tallahas-
see. Both were enthusiastic over the
convention and the courtesies extend-
ed them while in that city and talked
entertainingly of their visit to a re-
presentative of The Journal. Both
the gentlemen made addresses be-
fore the convention.

The Governor interviewed.
The governor looked to be in the
pink of condition and his hearty hand-
shake and greeting have not worn off
since the occasion of his last visit
to Pensacola, during the gubernator-
ial campaign. When asked for the
substance of his address at the
Mobile convention the governor re-
plied:
"Oh, I just talked cane and Ever-
glades to them a little."

Drainage of Everglades.
"Governor," asked the reporter,
"what progress is being made toward
the work of draining the Everglades
along the lines advocated by you dur-
ing the campaign?"

"Well," he replied, "the work is
progressing as well as could be ex-
pected. I will have two big dredges
at work within the next seventy days
and the work will be carried along as
fast as possible after they get started."

"At what point will the work be
commenced, governor?"
"As soon as the two dredges are
ready for work they will commence
at Little River; this is in accordance
with the original plans."

No Trouble Anticipated.
"I understand there has been con-
siderable opposition to the drainage
scheme; do you think the opposition
to the project is of a serious nature?"
"The work is being carried on just
the same and I do not believe any-
thing serious will result from the lit-
tle trouble we have had so far."

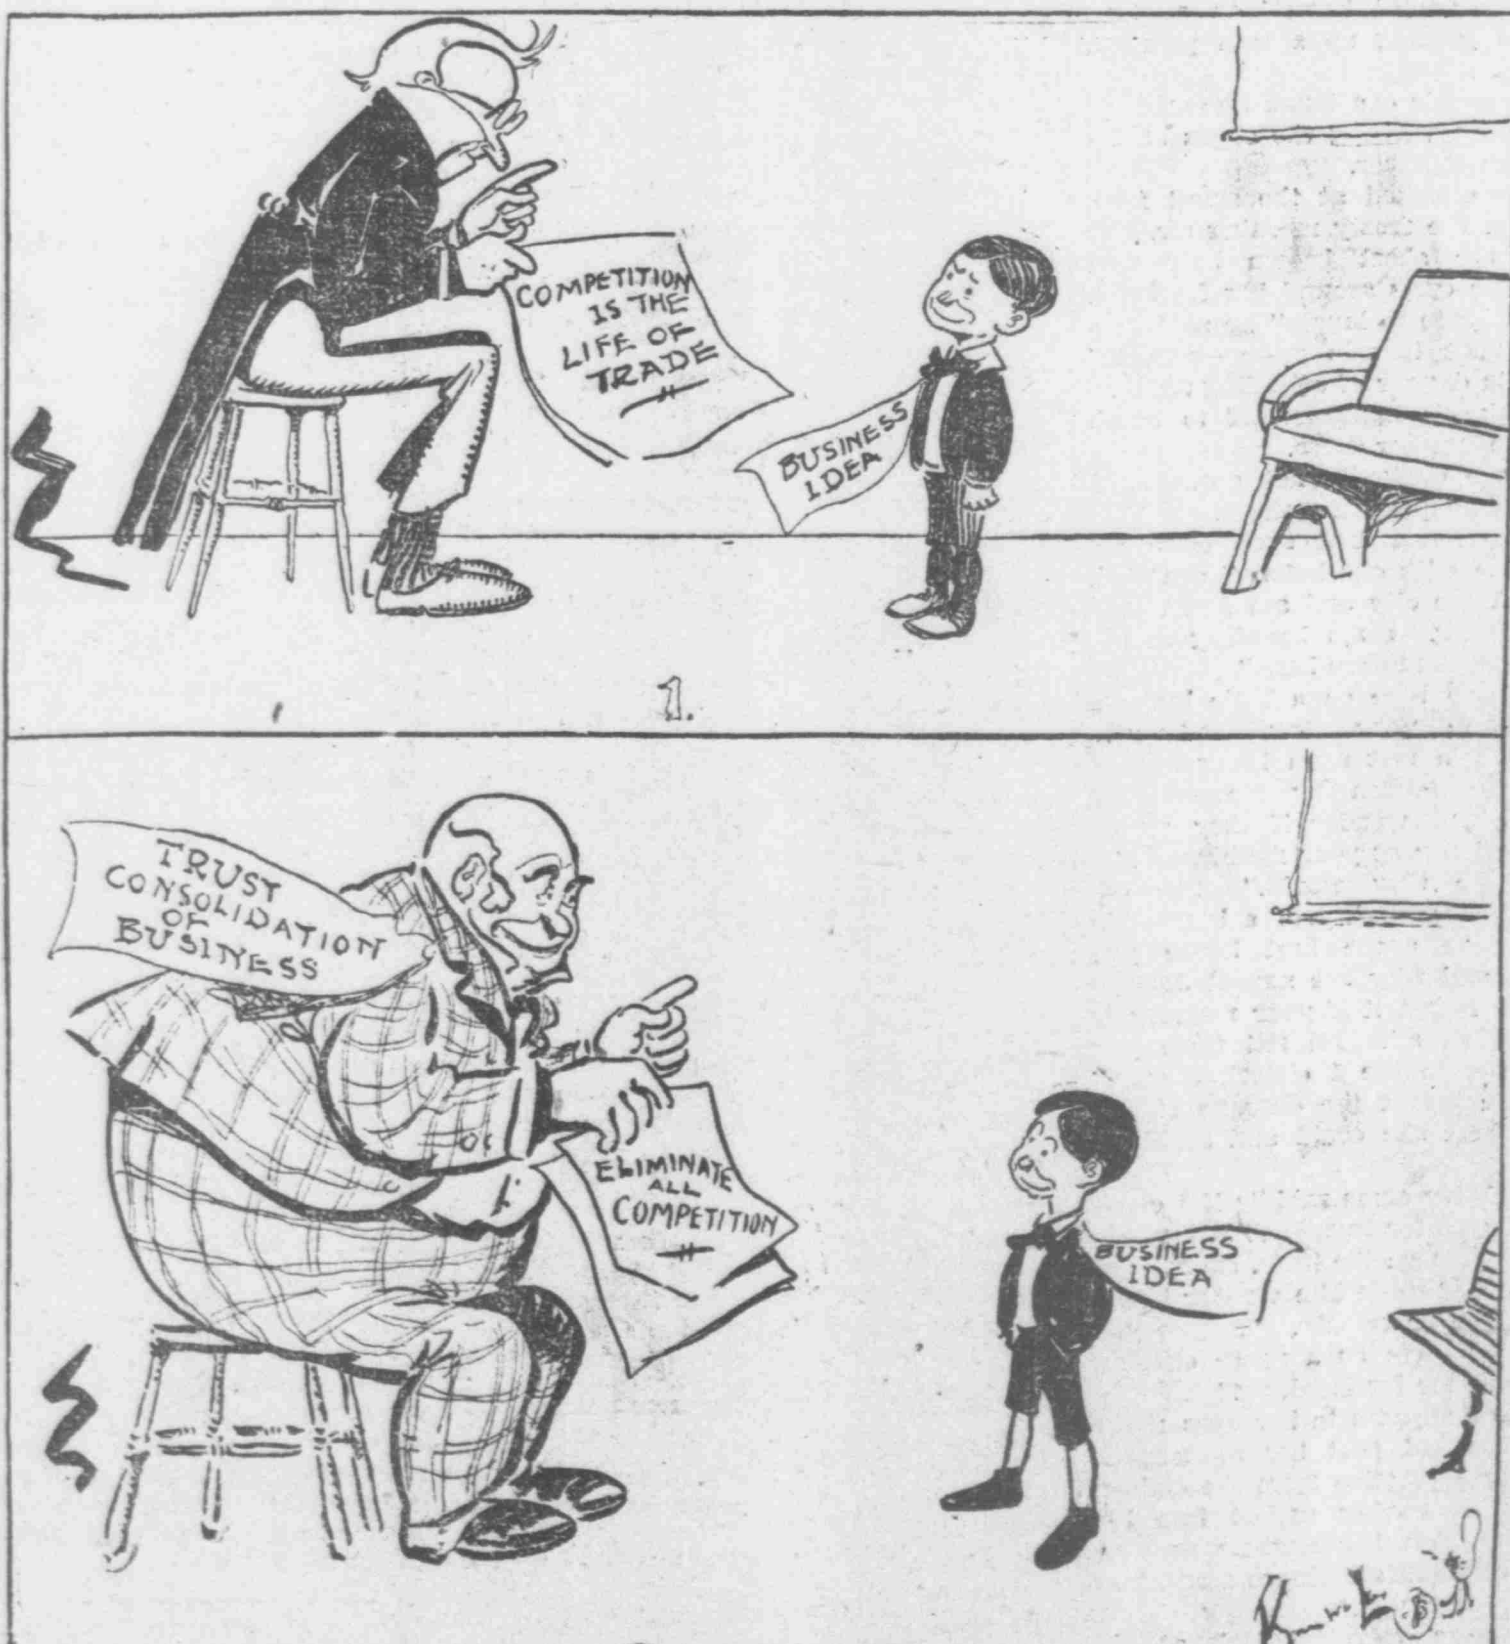

May Attend Mardi Gras.
The governor was asked if he
would be able to attend the Pen-
sacola Mardi Gras and, after being in-
formed as to the dates of the big
celebration in honor of Priscus, Rex,
stated that he would be very glad to
attend but could not at this time,
say whether or not it would be pos-
sible for him to do so. He regretted
very much that it was impossible
for him to remain longer in the city
on this trip, but his presence at the
state capital was imperative and he
was compelled to leave this morning
at 7 o'clock.

Captain Rose on Sugar.
Captain Rose is an enthusiast on
the question of sugar and explained
at considerable length the benefits
that would accrue to all sugar produc-
ing sections of the south by reason
of the convention which has just
finished its labors at Mobile. Captain
Rose believes that refineries should be
started throughout the sugar can sec-
tion of Florida and is loaded down
with facts and figures to prove that
such factories, or refineries, would
pay handsome profit upon the invest-
ment.

More Harmony Needed.
"The great trouble," said Captain
Rose, "is that there is lack of har-
mony in the respective sections. If
the planters would get together and
present the advantages of their sec-
tions to the capitalists, at the same
time guaranteeing sufficient of the
raw material to keep factories in
operation after they had been once es-
tablished, men with money would not
hesitate an instant to make the neces-
sary investment. The farmers and
the capitalists must get together to
insure success."

Farmers Must Get Together.
"Yes," said Governor Broward,
"and a sugar factory could be estab-
lished in every community in West
Florida if the farmers themselves
would only get together. They can
do it if they set their minds on the
do it."
