Y. M. C. A. NIGHT SCHOOL HAS OPENED

Enrollment Not As Large As Expected—Boys' Preparatory Class to Start.

The night school of the Young Men's Christian Association was opened last night most auspiciously, although the enrollment was not as large as expected. However, it is probable that the attendance will increase as the benefits to be derived from this excellent institution become more widely known.

Of the various classes opened, Spanish seemed to be the most popular, and in this branch the enrollment was the largest. This class is in charge of Mr. J. J. Diaz, a thorough scholar, and those anticipating taking this course should see him at once.

It is possible that the boys' preparatory class will be commenced at an early date, as it is expected that a sufficient number will enter to warrant its commencement.

Next Thursday night another session will be held and all those who desire to take any of the courses which are to be taught should enroll their names at once.

GLASS AND GLAZING.
E. B. WELLS, 10 E. INTENDENCIA.

BAGDAD

Special to The Journal.
Bagdad, Oct. 8.—Mrs. Simpson, is going to move into the hall and talks of keeping boarders.

Mrs. Edker Keen is moving down in Oakland.

Miss Bevels has arrived and will start with her part of the school October 15.

Misses Mary and Liller Sellers returned home Sunday afternoon from a two weeks visit at River Falls and Florida.

Mr. Adams, electrician, has moved from Galt City to Bagdad. He occupies house No. 14.

Mrs. Chas. Kelley moved back to her old home in Florida Tuesday.

Mr. and Mrs. Henderson moved from Roberson Point to Bagdad last week.

Mr. and Mrs. Hanson left Wednesday morning for Manatee, Ala., much to the regret of their friends and relatives.

Mr. Walter Salter, has resigned his position in Capt. Rourke's store and has accepted a position in D. F. Williams' store at Milton.

Mr. Rogers, of near Mobile, is visiting his family here.

OLIVE

Special to The Journal.
Olive, Oct. 8.—Everybody is cordially invited to attend the Pensacola Bay Association which is to be held here beginning on Oct 25 and running on to Oct 28.

Mrs. J. H. Davis is on the sick list this week.

Mr. C. L. Creighton made a flying visit to Pensacola Friday last.

Miss Minnow Jones will leave in a short time for Pensacola, where she will attend school.

The Olive school opened to-day with Mrs. Gillian Nickies as principal.

OLD PEOPLE

NEED VINOL

Because it contains the very elements needed to rebuild wasting tissues and replace feebleness with strength. We return money if it fails to benefit.

FASTIDIOUS WOMEN
consider Paxline Toilet Antiseptic a necessity in the hygienic care of the person and for local treatment of feminine ills. As a wash its cleansing, germicidal, deodorizing and healing qualities are extraordinary. For sale at Druggists. Sample free. Address The R. Paxton Co., Boston, Mass.

Past, Present and Future Paint

The best "past" paint is the paint which has worn down evenly, leaving the surface ready for repainting without the need of expensive scraping and "burning-off."

The best "present" paint is the paint which is applied with least labor, covers the most surface per gallon, and looks the best when on.

The best "future" paint is the paint which lasts without cracking or peeling, affording perfect protection for the greatest number of years.

Viewed in any of these ways,

Red Seal Pure White Lead

(Made by the Old Dutch Process)

mixed with Pure Linseed Oil is best. Good painters all say so. Send for our free book. It tells about paints, thoroughly yet simply, and gives you a test for paint purity.

CUTTER WINDOW VOLUNTEERS SERVICES

But the Penrose and Fessenden Are Rendering All Aid That Is Necessary.

Another revenue cutter, the Windom, yesterday volunteered to assist in the relief work around Pensacola, but inasmuch as the Penrose and Fessenden are rendering all service that is necessary, the offer was declined with thanks. The telegrams proffering the aid and the reply are as follows:

"Mobile, Ala., Oct. 8, 1906.
"Chairman Relief Committee, Pensacola, Fla.:
"Can revenue cutter Windom be of any assistance in relief work account hurricane? Answer Mobile.
"R. W. THOMPSON,
"Captain U. S. R. C. S. Commanding."
The Reply.
"Pensacola, Fla., Oct. 8, 1906.
"Capt. R. W. Thompson, U. S. R. C. S. Revenue Cutter Windom, Mobile, Ala.:
"Many thanks for your kind offer. We are happy to say that we have the situation well in hand. Penrose and other government vessels giving us all the aid necessary.
"J. H. SHERRILL,
"Chairman Relief Committee."

SAD NEWS WAS RECEIVED HERE

MRS. D. M. SMITHERMAN NOTIFIED OF THE ASSASSINATION OF HER BROTHER.

Mrs. D. M. Smitherman, residing on East Jackson street, received the sad intelligence yesterday of the death of her brother, W. L. McCain, who was shot from ambush while riding along the road about seven miles from Tallahassee, Ala., Sunday. The assassins of Mr. McCain, who was acting deputy sheriff at present unknown. The deceased was also a brother of Conductor G. C. McCain, of the Street Railway Company. The Montgomery Advertiser of yesterday in speaking of the assassination of Mr. McCain said: "The lifeless body of William L. McCain of Montgomery, an acting deputy sheriff of Elmore county, was found by two negro women early yesterday morning on the public road seven miles from Tallahassee on the Sistrunk place.

"To all appearances, Mr. McCain had been ambushed and assassinated, probably by one of his avowed enemies of that community. The acting deputy was shot in the right side with a shot gun and it is believed that a death must have been almost instantaneous. It is presumed by his relatives here that the killing occurred Saturday. Meagre details of the tragedy reached Montgomery. Members of Mr. McCain's family who went to Tallahassee and returned here last night with the remains were unable to secure any definite information of the assassination, owing to the fact that the killing occurred out in the country and those who were conducting an investigation, had not returned to Tallahassee at the hour the train for Montgomery left there."

"REVOLUTION" IN MEXICO IS OVER

Dr. Diaz, Mexican Consul At This Port, Calls Attention to Present Conditions.

The Mexican consul at this port, Dr. Diaz, has called the attention of The Journal to the following article in "Modern Mexico"—an editorial from the pen of an American writer, (Modern Mexico is published in New York) on the would-be "revolution," labor troubles, mistreatment of foreigners, etc., which was to happen on the National Holidays on Sept. 15th and 16th, and upon which the press of the United States commented extensively.

Mexico's "Revolution" Over.

It is indeed fortunate for Mexico that the national holidays passed without any disturbances that even offered a shadow of excuse for the damaging reports of anti-government and anti-American uprising that have been so generally circulated for several months. It is now well understood that most of the stories that were printed in the United States, as well as inflammatory literature to some extent in Mexico, emanated from the little band of revolutionary exiles that has had headquarters in St. Louis, Mo., for several years. These men have no organization and no substantial following in Mexico. Their present campaign has been without the least hope on their part that they could secure a following in Mexico, or accomplish any part of the ambitious programme announced. They are merely turbulent spirits, who hoped, at most, to secure some measure of revenge by making trouble for the Diaz government. This much they have accomplished, since their vicious campaign has undoubtedly injured Mexico and Mexican projects to no slight extent, even though the injury be only temporary. It was noticeable last month that any investors who have contemplated entering this field decided to wait and see what might possibly happen. With the practical demonstration that the Mexican masses are not opposed to the government or to foreigners, except, possibly, in isolated and personal cases, the incoming flow of American capital will undoubtedly be promptly resumed.

While the revolutionary handful in St. Louis have accomplished their purpose to the extent of alarming many people regarding the safety and stability of this country, they have not accomplished what they considered the surest way of making trouble on a large scale, namely, to bring about difference, and possibly a conflict, between the Mexican and American governments. The cordial good feeling existing between the two nations rests upon too firm a basis to be disturbed by a few irresponsible agitators. Their efforts and plans are well understood on both sides of the Rio Grande.

The damage these exaggerated stories have accomplished is among the class of small investors, who are not well acquainted with Mexican conditions personally, and have no direct means of disproving alarming reports. The natural result is that they simply suspend investments pending the most complete refutation of the sensational stories.

The danger now is, that the group of Mexican terrorists in the United States, so pleased with the annoyance they have caused many legitimate enterprises and their native country, will endeavor to continue the senseless scare. As nothing serious happened on September 16th, they will possibly try to move the date up to January 1st. It is to be doubted, however, that their cry of "wolf" will again frighten many people.

Mexico is certainly to be congratulated that no conflict as serious as that of the race riots in Pennsylvania last month occurred on September 16th, for all the yellow stories would have been justified. If this country had been so fortunate as to witness an armed conflict between citizens and federal troops of a certain color of skin, as was seen in Texas only a few weeks ago, it would have taken a long time to overcome such an uncivilized exhibition. Southern lynching riots and serious labor troubles, even in stricken San Francisco, receive but passing mention in the press of the United States, and the idea that they are at all indicative of any movement against the nation would appear ridiculous to Americans.

In Mexico these things have not happened to anything like the extent that they have in the United States, and yet irresponsible threats that they were going to happen, have been taken all too seriously.

Mexico is passing through a period of labor evolution that at times results in some friction between employers and employed, but a strong government and wise counsels have so far promptly settled any serious difficulties. It is impossible that Profiro

SALE REACHES STUPENDOUS FIGURES

Cooper Preparations Have Become a Leading Topic In St. Louis.

St. Louis, Oct. 8.—The most interesting feature of the enormous sale of the Cooper preparations, now going on in this city, is what the medicines are actually accomplishing among the people of St. Louis.

At the commencement of his visit here Mr. Cooper prophesied that during the latter part of his stay he would receive hundreds of callers daily who came simply to thank him for what the preparations had done. He also stated that stomach trouble is the foundation for a great many diseases, and that his New Discovery, as it is called, would prove very effective in all cases of rheumatism, simply by getting the stomach in working order.

That this prophecy has been fulfilled cannot be doubted after a half hour spent at the young man's headquarters, listening to what his callers have to say.

A reporter who watched to ascertain, if possible, some light on the reasons for the immensity of Cooper's success interviewed about twenty of his callers yesterday afternoon. The statements, made by those seen indicate that physicians who claim that Cooper is merely a passing fad, have not looked into the facts.

Some of the statements were as follows: Mrs. Anna B. Hampton, living at 1422 Michigan avenue, upon being questioned, said:

"I have been troubled with general debility, weakness, dizziness, headache, sleeplessness and stomach trouble for over three years. I had tried a number of medicines and visited several doctors, but none helped me. I heard on all sides of these Cooper Remedies and decided to try them. Any one who says that they are not wonderful medicines, does not know what they are talking about. After I used the first bottle I noticed a decided improvement. I have taken three bottles of the New Discovery and I now feel, as well as I ever have in my life, I sleep and eat as I have not done for years, and I am happier than I have been for a long time. I have come here to thank Mr. Cooper for what he has done for me."

The statement of John R. Ehrndal, living at 927 N. 11th street, was as follows:

"I have suffered with stomach trouble and constipation for a year or so. When I ate I would have bloated spells, sour stomach, fermentation, bad taste in my mouth. In the morning, was as tired as when I went to bed. I had a dull pain in the lower part of my back, and had to get up several times in the night. I have almost taken one bottle of the New Discovery and I am so wonderfully improved that I have come down here to thank Mr. Cooper in person and obtain more of the medicine."

Another statement was made by Miss Margaret Gordon, living at 210 Center street, who said: "I have been a sufferer with rheumatism for several years. I have tried many remedies, and have been treated by a number of physicians. Nothing helped me in any way and I despaired of finding relief. I was in a general rundown condition also, and had some stomach trouble. I purchased some of the New Discovery medicine, although it took me three hours to do so, as the crowd was so dense. This was last Thursday. I was improved almost immediately."

"I have continued to take this wonderful medicine and I am now without a sign of rheumatism. My general health is also greatly improved, and I have not felt so well for years. I would not have believed that there was a medicine on earth that would do what this has done for me. I am so much happier that I am grateful to the man that has made it possible for me to regain my health. He has the most wonderful medicine that I know anything about."

Other statements taken from those who had previously used the medicines seem to prove that Cooper's success throughout the country is genuine.
