THE FINES EXCEED QUARTER MILLION

Thirty of the Lottery Men Plead Guilty in U. S. Court at Mobile.

Judge Imposes Fines that Range Anywhere from \$10,000 to \$500.

BELIEF THAT THE FAMOUS OLD LOTTERY CONCERN WILL NOW CEASE FOREVER TO DO BUSINESS—A RESUME OF RECORD OF THE CONCERN UNDER ITS TWO DIFFERENT NAMES.

Special to The Journal. Mobile, June 4.—Judge Toumin, of the United States Circuit Court, today sentenced, with fines ranging from \$500 to \$10,000, thirty of the thirty-six men charged with conspiracy under the anti-lottery law. Two of the defendants failed to appear, and four of the cases against four of the men were nolle prosequed. Those sentenced all had either pleaded guilty on original arraignment, or had decided to so plead when called for trial today. The fines today imposed aggregate \$254,500.

Those sentenced, with the amount of the fine in each instance, were as follows: \$10,000 each—Albert Baldwin, Sr., Frank T. Howard, Albert Henson Morris, David Henson Morris, James E. Moore, Gen. William L. Cabell, Edward J. Demarest, John Morris Rogers, John M. Demarest, Paul Conrad, Chapman Hyams, Louis S. Graham, Edward L. Pinae, Robert K. Thompson, Joseph L. Shaw, William P. Johnson, Jesse K. Bayliss, C. W. Bredow, James Rea, Frank E. Johnson, Henry J. Schott, Henry L. Plum, Abraham B. Kaufman, 23 at \$10,000, \$230,000.

\$5,000 each—Wallace Masterson, William P. Parkhouse, Tom William, Lester K. Bayliss, 4 at \$5,000, \$20,000.

Smaller fines—Harry W. Henderson, \$2,500; Oscar Hanger, \$1,500; Herman Brunner, \$500; total, \$4,500. Grand total, \$284,500.

Not Present. The cases of Francis X. Fitzpatrick, of Cambridge, Mass., who is to be fined \$10,000 and John Hoag, of San Francisco, Cal., who is to be fined \$200, did not appear in court and their cases were set for June 21.

Nolle Prosequed. Walter J. Demarest, of New Orleans. Stasius Meade, of Washington, D. C. R. C. Hammer and H. S. Walker, of Indianapolis.

The Coup de Grace. In addition to the pleas of guilty entered by the defendants to indictments charging conspiracy to cause the interstate carriage of lottery advertisements, the defendants agreed to surrender to the government for destruction all lottery books, plates and other paraphernalia, and, in addition, to immediately discontinue the printing and distribution of the Honduras National Lottery Company, located at Sixth and Orange streets, at Wilmington, Del., and operated under the name of the John M. Rogers Press, where the lottery tickets have been sold for many years.

With these pleas of guilty and the surrender of all lottery material, the Honduras National Lottery Company, which is the successor of the old Louisiana State Lottery Company, passes out of existence.

The Old Louisiana Lottery. In 1864 a constitutional convention in Louisiana inserted in the constitution of the state a proviso to the effect that "the legislature shall have power to license the sale of lottery tickets, and the keeping of gambling houses." On August 11, 1868, the legislature of the state granted a charter to the Louisiana State Lottery Company. The charter thus granted was exclusive and granted a monopoly of the lottery business to this company for twenty-five years from January 1, 1864.

Drawing Scheme. According to the statements issued by the company at that time, monthly drawings were advertised to take place twelve times a year, on the second Tuesday in each month; ten of the drawing were ordinary drawings of the tickets for all of which amounted to \$2,000,000 and the prizes to \$1,054,800. Two of the monthly drawings were of an extraordinary nature, in which the price of the tickets for sale amounted to twice as much as in the ordinary drawings, and the prizes were also twice as large and the profits twice as great.

The gross receipts of the Louisiana company were about \$4,000,000 per annum and the net receipts to the backers and stockholders were approximately 45 per cent of the amount realized on the sale of tickets.

Louisiana's Fight. The charter of the company under its terms expired January 1, 1894. In 1890 the question of the renewal of the charter came before the people of Louisiana. In March, 1890, John A. Morris, who was then the dominant factor in the lottery company, announced by letter in the newspapers that he would apply to the legisla-

ture for the renewal of the charter. The charter of the company under its terms expired January 1, 1894. In 1890 the question of the renewal of the charter came before the people of Louisiana. A CONCRETE BRIDGE OVER LITTLE BAYOU

County Board Decides to Ask for Bids Thereon as Well as Steel.

SPECIAL SESSION OF COUNTY COMMISSIONERS HELD LAST NIGHT WHEN COUNTY BRIDGE MATTERS WERE DISCUSSED—GEO. H. DAVIS TAKES HIS SEAT

A special meeting of the Board of County Commissioners was held last night, with Chairman Merritt presiding, and Commissioners Clouton, Davis, Roberts and Stewart also present. Before proceeding with any business George H. Davis, appointed to represent the Third district on the board, took the oath of office.

The meeting was for the purpose of opening bids for the erection of a steel bridge across Little Bayou, and a number were submitted, but none opened. The board decided before proceeding further with the matter to have plans drawn for a concrete bridge, and then to advertise for bids for structures of both material.

It was represented to the board that a concrete bridge will not only be more ornamental, but also more durable, and practically as cheap. In order to secure the cost of structures of both kinds it was decided to ask for bids on both, and when these are opened the board will be in a better position to act upon the kind of material to be used.

As soon as plans are drawn bids will be called for by the county for both a steel and concrete bridge, and the contract awarded for one of such material as may be chosen.

I. I. FUND COMMISSION TO CONVENE ON JUNE 18

Much Time Will be Needed for Proper Despatch of the Work.

Mr. Reese Speaks of Rumor of Extra Session When Report is Ready.

GENERAL IMPRESSION THAT AN EXTRA SESSION WILL THEN BE SUMMONED, BUT GOVERNOR HAS GIVEN NO INTIMATION OF HIS INTENTIONS.

Hon. R. Pop. Reese, representative from Escambia county to the legislature, has returned from Tallahassee, where he has been for the past six days attending the sessions of that body.

Speaking to a Journal representative yesterday afternoon, Mr. Reese stated that the commission to investigate the acts of the trustees of the Internal Improvement fund, will convene for its first session in Tallahassee on June 18.

The commission is composed of the members of the former legislative committee, but as the committee could not be continued with the adjournment of the legislature, it was created into a commission. Just after the legislature adjourned, the commission met and organized by the election of Syd. L. Carter, chairman and Park Trammel, secretary. The other members, composed of both senators and representatives are George H. Matthews, M. O. Knight, R. P. Reese, Senator Leggett and Senator Fred Cone.

Mr. Reese stated yesterday afternoon that it is his opinion that two or three months will be consumed in the investigations into the acts of the trustees, as the investigation is to be very thorough and will cover transactions as far back as 1885. This work will be continued at Tallahassee until it is completed.

It is the general belief, Mr. Reese says, that when the commission completes its investigation and presents its report to the governor, the latter will call a special session of the legislature, though he has not as yet signified such an intention.

NEW RULES FOR RURAL CARRIERS

Washington, June 4.—Rural free delivery carriers will not be required to count the number of pieces of mail delivered and collected by them after July 1, on routes where the records show that 5,000 or more pieces of mail per month were handled during each of three months included in the quarter ending June 30. Postmasters have been instructed accordingly.

EARTHQUAKE KILLS 4,000

A Disastrous Loss of Life Follows an Earthquake at Hsing Kong.

By Associated Press. Victoria, B. C., June 4.—The steamer Shawmut brought news of a disastrous loss of life following an earthquake at Hsing Kong. A telegram received from there by the Noshim Bun at Tokio shortly before the Shawmut sailed reported that 4,000 persons were crushed to death, a vast number of houses destroyed and many persons left starving. The empress dowager has telegraphed urgent instructions to the local governors to take measures to relieve the distress.

By Associated Press. Boise, Idaho, June 4.—The trial of William D. Haywood, secretary and treasurer of the Western Federation of Miners, charged with the murder of Frank Steunenberg, former governor of the state of Idaho, commenced in earnest this morning, when at 9:30 o'clock James H. Hawley, the leading counsel for the prosecution, made his opening address to the jury, sworn in yesterday to try who is probably the most important case brought into a court in this country.

Personal Blame. They charge the defendant with the charge against Haywood has been one of murder in that he conspired with the man Orchard, who has confessed to the crime. But with the state's opening address to the jury, the case changed in part as it is now held that Haywood, as one of the high officers of a powerful organization, having been given authority by members to use his office and the funds of the Western federation to promote its interests, purely as a labor organization, so used his office to become one of the leaders in a gigantic plot. The statement charged widespread conspiracy, dating in conception from the north Idaho disturbances, fifteen years ago, down to the murder of Gov. Steunenberg, and asserted that victims by bullet or bomb numbered scores. Wherever Federation officers controlled, these alleged, had been left a trail of blood, "marking the operations of fired assassins, in whom murder became a business and means of livelihood."

Union Not Blamed. The case of the late, it was said by counsel, will show that several murders were committed by what is known as the "inner circle" of the Western Federation of Miners. This "inner circle," it will be claimed, acted independently and without the knowledge of the members, and this stage of the proceedings will show that more than a score of men had knowledge of what was going on.

The case of the state, it is contended by counsel, will show that the president of the Western Federation, and his secrets and treasurer, were ambitious in their plans, and that it was hoped to amalgamate this powerful labor organization with others throughout the country, so that it might become political factor and a dominating force through the numerical strength and financial contributions of the hundreds of thou-

Fulton Withdraws Motion For New Trial and Other Cases Abandoned by State

Cary L. Fulton, convicted a few days ago upon two counts of padding the county pay rolls and thus obtaining money by false pretenses, yesterday, through his counsel, Jones & Pasco and Geo. T. Morgan, withdrew the motion for a new trial and arrest of judgment, and abandoned the appeal, I continued the other cases," said Solicitor Loftin yesterday afternoon. "For the reason that if the first conviction is to stand, the court can sentence Fulton to ten years. Believing that this is more than sufficient to cover the offense, I saw no reason in securing any further convictions, or putting the county to the expense of another trial."

A Heavy Vote Considering Foregone Conclusion as to Outcome.

Figures Available Show No Doubt that Democrats Get Everything.

THE SOCIALIST PARTY HAD A NUMBER OF CANDIDATES, BUT POLLED AN INCONSIDERABLE VOTE—ONE PRECINCT IS ONLY PARTLY THROUGH COUNTING AT 2:15 A. M. TO-DAY.

The general election passed off quietly, and while there was some interest in offices for which there was real opposition to the Democratic nominees, the excitement and interest of former city elections was lacking, due to the fact that the primaries practically settled who would hold office.

Considering the degree of interest a heavy vote was polled. More than one thousand ballots were cast at the four polling places, precincts Nos. 12 and 15 polling more than three hundred each, while 13 and 14 each polled 185 votes. Total, 12 polled 310 votes, and No. 15 a total of 344.

There were no hacks for voters to reach the polling places, and but few workers about the polls, and the saloons were closed throughout the day.

100 Votes Uncounted. With 100 ballots in precinct 15 uncounted at 2:15 a. m. the vote stood as follows for offices for which there were contests:
