

GULF COAST LUMBER EXPORTERS ORGANIZE

CITY FIREMEN ARE OFFENDED

Members of Department Say That Injustice Has Been Done Them.

Members of the Pensacola fire department are offended at remarks attributed to Chairman Oliver of the Board of Public Safety by the afternoon paper, and state that an injustice has been done them. The remarks attributed to the chairman were made at the Board of Safety meeting Wednesday night, when he spoke of firemen not being properly clad while stationed at truck houses.

BONIFAY.

Special to The Journal. Bonifay, Fla., July 18.—C. M. Cox has gone to Alabama to be gone several days.

Sheriff Hickman went to Westville on business yesterday. Work has been impeded some on the new jail on account of so much rain.

There was quite a meeting of lawyers in Bonifay Tuesday. There were here Hon. Dan Jones and Mr. Welles of Chibley, and Hon. Daniel Campbell and John F. Watson from DeFuniak Springs, beside the local bar, C. M. Cox, and W. T. Bludworth.

Hon. J. A. J. Hathaway has had quite a business in his court this week, and disposed of several cases.

Hon. W. T. Bludworth and Hon. C. M. Cox went to Vernon last Thursday, to attend court there, and from what they relate, they had quite an experience, when within about a mile out of Vernon, with lightning, it began to rain, and they stopped at a house out of the people there were affected in some way, but not seriously.

We are having quite a lot of rain here, but crops are generally good. Will Fuller of Vernon was here Tuesday on business.

B. D. F. Ray, a turpentine operator from Crestview, was here Tuesday. Hon. John Neel was over Monday from Westville.

Jesse Sannett, the jailer, was over Tuesday from Westville. Little Martin Brett has been sick, but is better.

Tax Assessor Gillis was here Monday from Westville. Miss Maggie Martin came in Monday from Ponce de Leon, where she had been visiting.

Hon. D. L. Green was over Monday from Dady. Nelly McLeod, of Knox Hill, was in town Saturday shaking hands with his friends.

Montal Messages. Are you a sensitive? There is no doubt that some persons are so organized as to make natural sensitives. They have remarkable intuitive power, which means that they receive impressions easily. 'Supposing two sensitives to be closely related to one another or drawn together by a bond of sympathy, and supposing them to be in different parts of the world, and the life of the one to be in danger, the first thought he would project into space would be for his distant friend. If that friend is actively engaged at the time the message may be lost, but if he happens to be in a passive state his brain will receive some impression, clear or confused, which will make him think of the absentee and render him anxious, as if something had gone wrong with him. Such messages are more common at night, because we are less preoccupied than during the day. By means of this wireless telegraph an image is produced on the brain which is projected outward, causing the absent friend to be seen as if in the body, and even the actual circumstances of his dangerous position may be produced. Thus said Dr. Bernard Hollander of London.

Doubtful Compliments. The compliments paid by the poor are often put in an amusing way. One old woman who was very fond of the rector said to Mr. Bernays, "You know, sir, us likes the rector; 's ears are so clean," surely an odd reason for parochial affection. Another admirer once declared with regard to the whole staff of clergy, "You are all so plain!"—a word of high commendation—"but as for the vicar, 'e's beautiful." The greatest compliment, though at the same time the most curious, Mr. Bernays ever heard was paid by a workman to a certain bishop, famous for his simple kindliness, "What I likes 'bout the bishop is 'e's not a gentleman."—Westminster Gazette.

DON'T CONFUSE Blue Ribbon Lemon and Vanilla extracts with the nameless extracts which flood the market.

Purpose to Have a Uniform System of Inspection and Grading.

AT MEETING HELD IN MOBILE. PROMINENT EXPORTERS FROM VARIOUS PORTS ATTENDED AGREEMENT.

The purpose of the Gulf Coast Lumber Exporter's Association, composed of prominent lumber and timber exporters along the gulf coast, organized in Mobile, is to adopt a system of uniform grading and inspection of lumber and timber, and to guarantee equitable adjustment of all claims arising between the manufacturers, exporters and foreign buyers. Exporters from New Orleans, Pensacola, Mobile, Gulfport, Pascagoula and Biloxi were present.

Much was done towards having all the exporters sign an agreement drawn up at this meeting, and a committee of five, among whom is Gus Eitzen of this city, was appointed to draw up a constitution and by-laws. Meet Again July 30.

The president was instructed, on motion, to name a committee to formulate by-laws for presentation at the next adjourned meeting in Pensacola. The following committee was named to secure further membership: J. H. Hinton and E. R. du Mont, New Orleans; J. T. McKeon, Mobile; Gus Eitzen, Pensacola; J. C. Thayer, Gulfport; V. S. Wilcox, Lake Charles, La., and Robert Morgan, Jr., Orange, Texas. It is the intention of the organizers to extend the association to all points shipping lumber and timber on the gulf coast from Brunswick, Ga., to the Rio Grande.

The importance of the work undertaken by the association was shown by an estimate made by Mr. Hunter that the amount lost to coast lumber dealers by reclamation on contracts amount to about \$15,000,000 a year, and that much of this loss may be avoided.

The Constitution. The constitution, as adopted reads in part as follows:

Article 3.—Persons eligible to membership in this association shall be legitimate shippers and manufacturers of export lumber and timber; provided such members are willing to abide by and conform to the customs, rules and regulations established by this association.

Article 5.—This association shall have the power to acquire, hold and use any and all property, real and personal, found necessary for attaining its object. Its funds shall be composed of admission fees, subscriptions, dues, fees, etc., for membership or for service performed. The admission fee shall be \$10 for each member who shall also pay an assessment based on the value of export shipments, not to exceed 2 cents per 1,000 superficial feet.

Article 6.—The officers shall consist of a president and vice president at large, and treasurer, to be elected by the general association annually. These officers shall be elected at this meeting to serve until the annual election.

Article 7.—All power shall be vested in an executive committee to be composed of the aforementioned officers and a vice president and director, to be elected by each port represented in this organization. The vice president to be elected for two years and the director for one year for the first year, and after that officers from the different ports to be elected for a term of two years.

An office may be declared vacant upon an official request of the local organization at each port, and the vacancy filled by such organization.

Article 8.—Special meetings as called by the president, who shall call a meeting when requested, by local organizations representing two ports, and such meeting to be held at such port as may be designated by the executive committee.

Article 9.—Any member refusing to abide by the rules or decisions of this association shall be disqualified for membership.

DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable. Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, uric acid, catarrh of the bladder and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work and in private practice, and has proved so successful in every case that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble.

When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all good druggists. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Home of Swamp-Root.

Dr. Kilmer's Swamp-Root, Binghamton, N. Y., on every bottle.

SOME LIVES ENDED AND PROPERTY HURT

NO RACES AT TRACK TODAY

Regular Matinee is Postponed by Pensacola Driving Association.

No trotting or pacing races will be witnessed at Kuprian's track this afternoon, the Pensacola Driving Association having decided to postpone the events until next Friday.

This was announced last night, as no arrangements had been made for the races during the week. The association had promised last week to postpone the races, expecting the motor boat race to be held today.

A good program will be arranged for next Friday afternoon.

CHARTER FOR NEW RAILROAD

Application is Made for One For Pensacola, Mobile and New Orleans.

Application for a charter for the Pensacola, Mobile & New Orleans Railroad has been made to the governor by Henry McLaughlin, Rix M. Robinson, W. J. Forbes, J. W. Bullock, Jr., and C. E. Merritt.

This is the road heretofore known as the Pensacola & Perdido, of which Henry McLaughlin is president and who proposes to extend it to Mobile bay within a short time.

The capital stock is placed at \$1,000, and the officers are Henry McLaughlin, president; Rix M. Robinson, vice-president; W. J. Forbes, treasurer; and C. E. Merritt, secretary.

RACE OF FAST MOTOR BOATS

Gem and Oro Will Go Over a Mile Course in Bay This Afternoon.

A race between the fast motor boats Gem and Oro has been planned for this afternoon over a mile course. The start will be at a point off Tarragona wharf, and the racers will be in plain view of persons on the wharves.

Yesterday afternoon the two boats had a tilt for about three miles, which resulted in the Gem being slightly in the lead when Town Point beacon light was reached.

The owners of the two launches intended going over a mile course, but owing to the fact that the mile could not be measured they decided to make a run to Town Point beacon. The start was from Baylen street wharf, and although the wind was rather strong and the bay somewhat rough about twenty knots an hour was made on the run.

A Consecutive Flush. He was a beginner at poker. He had beginner's luck and all the money seemed to flow into his pockets. His pile of chips grew to huge proportions. Then there came a clash. It was a jackpot. The dealer opened and everybody stayed in. The dealer drew two cards, the beginner one, and the other players three each. Soon the dealer and the beginner had the table to themselves. They boosted each other until the other three men put their elbows on the table and began to take slow, noiseless breaths of suspense. Finally, when there was about \$22 in the pot, the beginner called.

"Full house," announced the dealer, and placed his cards, face up, on the green cloth.

"Yours—I've only a flush," replied the other disgustedly, and tossed his hand into the deck.

Soon the game was over. As the party was about to disperse the novice idly remarked:

"You know, there was a curious thing about that flush I held on that big pot. The cards ran right in a row—it was a consecutive flush."—Washington Post.

Morganatic Marriages. The term morganatic as applied to marriages found its origin in an ancient custom. In olden times the bridegroom on the day after his marriage gave his bride a morning gift (morganatic). In the case of a nobleman who wedded a wife beneath his station this gift constituted the wife's portion or endowment. It was from this gift that the name morganatic came to be applied to marriages.

Flood Disasters in West Virginia and Also Pennsylvania.

By Associated Press. Pittsburg, Pa., July 18.—The loss of several lives and great monetary damage has resulted from heavy rains throughout western Pennsylvania, eastern Ohio and West Virginia, during the last twenty-four hours. The river and mountain streams are out of their banks, live stock has been drowned and bridges and buildings washed away, railroad tracks swept off or undermined, trolley systems demoralized, electric light plants put out of commission and hundreds of families compelled to abandon their homes and seek refuge on higher ground. About this city the rivers have risen five feet in ten hours.

Parts of West Virginia have sustained heavy damage. Miles of trackage of the Western Maryland and the coal and iron railroads in Tucker and Barber counties have been washed away. The service on these roads is said to be at a standstill.

In the Tygarts valley, the towns of Grafton, Rowsburg and Tunnelton are almost submerged, the property damage amounting to nearly a quarter of a million dollars.

At McCombs, W. Va., the home of Mrs. Mary Ballard was wrecked by the high water and three young children of Mrs. Ballard were drowned. Many remarkable features have characterized the flood. While hundreds of persons watched the raging Tygart river, a large church floated down past Rowsburg. Fifteen bridges were counted passing Grafton.

ENORMOUS DAMAGE IN WEST VIRGINIA. By Associated Press. Grafton, W. Va., July 18.—Three to five lives were lost and a half million dollars of damage resulted in a cloud-burst and heavy storm yesterday between Grafton and Tunnelton. Among the dead are Claudiou Wolfe, Evansville, and Frank Gibbons, Newburg.

SUICIDE OF A BISHOP'S SON. By Associated Press. Nashville, Tenn., July 18.—Holland McIntyre, son of the late Bishop McIntyre, of the Methodist Episcopal Church, south, was found dead today with a bullet wound in the head. No known cause explains his death, but it seems to have been undoubted suicide.

CLOWRY DENIES ADVANCE OFFERED. By Associated Press. New York, July 18.—When he learned that the striking telegraphers in meeting at Oakland, Cal., voted to refuse concession offered by the Western Union, including twenty-five per cent increase of pay after telegraphers are at work a certain time, President Clowry said he wished to deny that any advance in salaries was promised the telegraphers.

The Haitian General's Glass Eye. A Haitian general having lost an eye in battle sent to Paris for an artificial one. The maker sent in return one of his best. Shortly after the general returned it, with the remark that the eye was too yellow and recalled to his mind the Spanish flag, adding at the same time that he would wear only an eye having the colors of his own country. The maker thereupon made one with red and green predominating, these being the Haitian colors. This so pleased the general that instead of wearing the eye as originally intended, he added it to his collection of medals.

ALFMAN IS ARRESTED IN TENNESSEE TOWN

EMPEROR TO QUIT TODAY

Midnight Conference at Seoul and Abdication This Morning.

By Associated Press. Tokio, July 19.—A dispatch from Seoul says that the emperor of Korea convened with his statesmen at 1 o'clock this morning (Friday), and after two hours of conference made up his mind to abdicate. The ceremony will be held at ten o'clock this morning. Much unrest prevails about the palace and another place where crowds of twenty thousand assembled. Portion of the crowd assaulted a newspaper office but dispersed before heavy damage was done.

SHIP RIGGER WAS BURIED BY FRIENDS. The body of George Greenburg, the unfortunate rigger, who fell from the yard arm of the Norwegian bark Leilla Wednesday morning, was buried yesterday afternoon in St. Joseph's cemetery, the expense of the funeral being defrayed by parties who learned that the body remained in Pot's undertaking parlors awaiting burial.

Greenburg belonged to no association, and as he had no family or money, the body remained at the undertaking parlors until yesterday morning when Victor Soderquist, August Andersen and Edward Larsen learned of this fact and immediately started a fund to pay the burial expenses. They raised the necessary amount, and the ship rigger was given a nice funeral.

NEW OFFICERS FOR NAVAL HOSPITAL. Medical Inspector G. P. Lumsden, U. S. N., has been ordered by the navy department to command of the naval hospital at the Pensacola navy yard, while Surgeon J. D. Manchester, now on duty at the naval hospital, at Philadelphia, has been ordered as assistant.

MORE MONEY FOR THE TELEGRAPHERS. By Associated Press. Cincinnati, July 18.—The Queen and Crescent Railroad to-day granted an increase of pay to telegraph operators, ranging from \$2.50 to \$10 a month.

Sheriff Van Pelt Left Last Night for Gallatin to Secure Fugitive.

IS WANTED HERE ON CHARGE OF PADDING THE COUNTY PAY ROLLS IN THE TIN WORK ON THE COUNTY COURT HOUSE.

Harry Alfman, who disappeared from Pensacola several months since, when the grand jury called attention of the county solicitor and County Commissioners to apparent irregularities in work done upon the court house, was yesterday captured in Gallatin, Tenn. Last night Sheriff Van Pelt, who received a telegram in the afternoon stating that Alfman was under arrest, left for the Tennessee town, and will return Saturday night or Sunday morning with Alfman a prisoner.

Traced to Gallatin. Sheriff Van Pelt and other county officials have been on the trail of Alfman since he disappeared from Pensacola, but it was not until Wednesday night that he was absolutely located. A wire was immediately sent the sheriff of the county requesting that he arrest Alfman, and offering a reward for the capture. Yesterday afternoon a reply came that Alfman had been arrested.

When Alfman left Pensacola, it is stated, he went direct to Nashville. Whether he was traced, but before he could be arrested he left that city, and it is supposed, went to Gallatin, about 28 miles north of Nashville, where he followed his trade of tinner. Will Return Here.

The telegram from the sheriff stated that Alfman had admitted that he was the one wanted in Pensacola, and would return to this city without requisition papers. Application has been made though for the requisition in order to have the proper papers should Alfman change his mind about returning.

Sold House Recently. Wednesday the home of Alfman on East Intendencia street was sold, and it was stated that Mrs. Alfman and children would leave the city in a short time for other parts.
