Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Toledo, O. Sold by Druggists. A table was beautifully set and decorated with cut flowers, fruit and cakes. The centerpiece was a big white birthday cake with thirteen lighted tapers.

Games were played and music and dancing helped the hours of the evening pass merrily away.

After supper Miss Viola was presented with a lovely silver purse

youngest candidate who ever aspired to a national delegate's position.

Mr. Crawford, who has barely attained his legal majority, is campaign manager for Governor Napoleon B. Broward, in the spectacular primary race for United States senator. Both as campaign manager and as a candidate in his own behalf he has established something of a precedent as to extreme youthfulness.

Mr. Crawford belongs to a family which for years has been prominent in public life in this state. His grandfather was for many years secretary of state of Florida, and his father, H. Clay Crawford, is at present holding that position. His brother, W. H. Crawford, is proprietor of the Evening News of Pensacola, and also a man of prominence in political affairs.
