

# NAPS DROP THE SUNDAY GAME TO PENSACOLA

### BUNCHED ERRORS IN EIGHTH INNING AND A BATTING RALLY IN THE NINTH GAVE LOCALS THE GAME.

Bunched errors in the eighth and a batting rally in the ninth gave Pensacola the victory over Cleveland Sunday afternoon by the close score of 7 to 6.

By the courtesy of the manager, Scott Kennedy, Kahler and Livingston of the Naps did the battery work for Pensacola. The Clevelanders worked Stein, Cook and Switzer in the box, three innings each, with O'Neill on the receiving end.

The features of the game were the four double plays and the batting of Roach, not to mention Grandpa's two-base hit.

The box score and summary follows:

Box Score.	
Cleveland	A. B. R. H. P. O. A. E.
Genney, 1b.	1 2 0 2 0 0 0
Peckinpaugh, ss.	4 2 0 1 4 0
Barr, lb.	4 2 1 0 0 0
Birmingham, c.f.	3 1 2 3 0 0
Bull, 2b.	4 0 0 5 2 1
Stansbury, 3b.	4 0 1 0 0 0
Talbot, p.	4 0 1 1 1 0
O'Neill, c.	4 0 1 1 1 0
Stein, p.	3 0 0 0 1 0
Cook, p.	1 0 0 0 0 0
Switzer, p.	1 0 1 1 2 0
Totals	22 6 9 22 11 4
Pensacola	A. B. R. H. P. O. A. E.
Graham, s.s.	4 0 1 2 0 0
Jones, c.f.	4 1 1 1 0 0
Roach, 2b.	4 1 2 1 0
Lurton, r.f.	3 1 1 0 0 0
Burns, 2b.	3 1 1 2 5 0
Griffin, 1b.	4 0 0 12 0 0
Sanchez, l.f.	4 1 1 0 0 0
Livingstone, c.	2 2 2 4 3 0
Kahler, p.	3 0 0 0 0 0
Total	31 7 10 28 12 0

Summary—Sacrifice hits, Kahler 1; two base hits, Roach 1, Sanchez 1, Livingston 1, Birmingham 1; struck out by Kahler 4, Stein 1, Cook 1, Switzer 2; base on balls, by Kahler 4, Cook 1, Switzer 2; hit by pitched ball by Stein, Lurton; wild pitch, Kahler 2, Switzer 1; left on bases, Pensacola 4, Cleveland 4; time, 1:40; umpires, Fitzpatrick and Blount; attendance, 2,600.

Judge S. B. Brewton, mayor of Hinesville, Ga., derived such splendid results from the use of Foley Kidney Pills that he wants others to know about it. He writes: "I have used Foley Kidney Pills and feel that I have obtained great benefit from them and I heartily recommend them to any party suffering from kidney troubles." W. A. DeAlamberte.

"Has youah nephew stahed his spring playin' yet, Bill?" "Waal, no, 'im ain't stahed his fahm work yet—'he's powerf'ul far behind in his fishin'!"—Puck.

"My little son had a very severe cold. I was recommended to try Chamberlain's Cough Remedy, and before a small bottle was finished he was as well as ever," writes Mrs. H. S. Silks, 29 Dewling street, Sydney, Australia. This remedy is sold by all dealers.

### PICK GRIFFITH TO SPRING A SURPRISE.

Well-posted baseball men are picking Clark Griffith to surprise other American League clubs this season. Griffith, after a succession of failures as a major league manager, has very good prospects for a winning team in Washington. Several of the recruits he has with the squad at Charlottesville, Va., are highly touted by the correspondents.

# SPORT SNAP SHOTS

by DAN McCARTY

Regulations were passed in France recently to make the boxing game less dangerous. The two main points about the latest Parisian edict are that the ring must be padded about two inches and that knockouts are not allowed, the bout being stopped whenever one is imminent. These regulations are not bad in themselves, but they serve

to make the French sport a bit more ladylike than it has been. One feature of the game in France is that the fair ladies of Paris often attend the bouts in numbers and at the close climb enthusiastically into the ring and honorize the conquering hero. Can't you picture Kid Brown or Tom Sharkey undergoing this ordeal?

Archie Watkins, brother of William, the famous batter, arrived in New York the other day with a discolored eye. On account of William, reported the visitor. "I was down in Philadelphia to see William fight, and that blamed coon didn't show up. When it came down to getting ready the match-maker rushed me up and shouted: 'Ain't you Watkins?' 'Sure,' I answered. 'Well, get ready,' says he. 'I put on the top and hopped into the ring. The first thing I knew gloves were flying all around me. One popped me on the eye and another dropped me flat. When I looked up to see the referee counting and heard the

crowd shouting 'Fight!' all I could say was, 'Mister, Ah'm no fighter; Ah'm a barber.'

Jack Curley, manager of Jim Flynn and promoter of the Johnson-Flynn championship match, says he has not set on the exact location of the battle, though just now he prefers Las Vegas. He has three spots where he can stage the mill, Arizona, and old or New Mexico. He says that though he has until May 1 to name the place, he will pull the big secret about April 15. Jack says Flynn is getting better every day and that the road work is fitting him well for the big event.

Steve O'Neill, Cleveland's kid backstop, always examines his catcher's mask before a game and after it has been hit by a foul tip. Steve's brother, John, former St. Louis and Chicago National catcher, was put out of baseball by a broken mask. A foul tip broke one of the wires of his mask in Boston and bent the wire back into his eye. John was at the height of his career then. Steve says John's arm is as good now as it ever was.

"Other John didn't want me to catcher when I broke into baseball until he saw it was my natural position," said Steve. "Then he cautioned me to always test the wires of my mask. John buys my masks to be sure they are made right and are strong. I haven't any fear of an accident like his, but I have the habit of testing my mask, and I guess it isn't a bad one."

Charley Cutler, of Chicago, thinks his white hope is now ready to do battle and will take him east in search of matches. The hope's name is "Cowboy" Jess Willard, and Cutler has certainly done wonders with the big fellow. Willard shows a lot in his gymnasium bout. He has a good left hand for a newcomer and can also cross over with his right. His footwork is good considering his height, 6 feet 6 inches. He weighs 240 pounds.

## THE STATE UNIVERSITY

### DR. MURPHREE WILL BE PROMINENT AT SESSIONS OF SOUTHERN COMMERCIAL CONGRESS IN WASHINGTON.

Special to The Journal. Gainesville, April 1.—At the approaching annual Conference for Education in the South, which will be held this year in Nashville on April 3, 4 and 5th, Dr. Murphree will act as director of the "Round Table Conference" of college and university presidents and professors.

At this conference, which this year holds its fifteenth annual session, there will come together representatives of all classes, who have at heart the welfare of the country, and who believe the largest factor in the production of this welfare is the right education of all the people. This session will be marked by an unusually large number of strong speakers. Among those from the south are President Alderman of the University of Virginia, Hon. Martin W. Littleton, now of New York, President S. C. Mitchell of the University of South Carolina, and Dr. Chas. W. Dabney, now of the University of Cincinnati.

The Southern Commercial Congress will hold its annual session a few days later, on April 8, 9 and 10th. Notice of this has been widely published. One of the fullest accounts appeared in the Washington Herald of March 25th. This paper also showed portraits of all the speakers on the program. Among them appeared President Murphree, who will speak as a representative from Florida, on "Educational Progress in the South from 1860 to 1890, and from 1890 to 1910."

The prospectus of the summer session of the University of Virginia will contain the name of Dr. John R. Benton, dean of the College of Engineering of the University of Florida. Dr. Benton will be in charge of instruction in physics.

The city of Gainesville has recently appointed a sanitary inspector. This work will be done by Mr. A. G. Davis, one of the present senior class. Mr. Davis has done more than the usual amount of work accomplished by students in chemistry and bacteriology.

The series of lectures given by the professors at Epworth Hall is attracting large audiences. Dr. Benton's lecture on astronomy was one of the most interesting. His slides, most of which had been loaned for the purpose by Dr. Fisher of the government bureau at Washington, are as fine as any in the country; his talk was clear and although about a very difficult subject, could be understood by all. The next lecture in the series will be by Dr. Farr, on "English Translation of the Bible."

The university will be represented in the Jacksonville contest in oratory arranged for by the Intercollegiate Prohibition League. The representative will be selected at a preliminary contest, held in Gainesville. The winner of this will also receive a prize of \$10.

The law students are soon to hold a public debate on the question, "Resolved, That the Initiative, Referendum and Recall, if found to be constitutional, should be made a part of our state and national constitutions." At a preliminary debate Messrs. G. P. Garrett, C. M. Phillips, C. F. Diamond and J. M. McCaskill were declared the best speakers and won the honor of appearing in the public debate.

## ASK FOR DATA IN PENSACOLA

### SECRETARY OF COMMERCIAL ASSOCIATION RECEIVES REQUEST FOR INFORMATION TO BE USED IN HISTORICAL WORK.

Secretary Henderson, of the Pensacola Commercial Association, yesterday received a letter requesting some information about Pensacola to be used in a historical book, dealing with conditions prevailing in the southland before the civil war and after the reconstruction days. The book is being written by Moses E. Ward, of Clark University, Worcester, Mass.

The data will be collected and forwarded as soon as possible by Mr. Henderson.

Pensacola will gain some valuable publicity through this means, as the writer of this book is a well known man and the volume will, no doubt, be widely circulated.

## The mild chew makes a difference

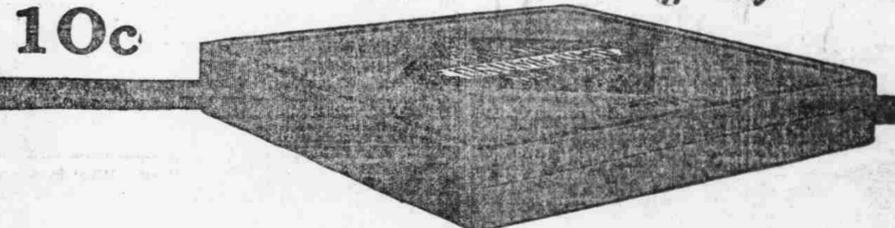

Sometimes the dark, strong tobacco gets to tasting pretty bitter, gets to bothering a man's nerves. When it does, a man begins to lose the solid comfort of a chew. He may begin to think

he'll have to knock off chewing altogether—and how he'd miss it! At such a time what a real pleasure to run across Drummond! How that mild, mellow, natural leaf does solve the comfort problem!—most men never guessed there was such a chew till they tried it.

# DRUMMOND NATURAL LEAF CHEWING TOBACCO

is a chunk of real satisfaction to any man—but particularly to the man who's only known the old style dark plug. Drummond is made of the very cream of Burley leaf. Its nerve-soothing mildness has made thousands of friends in the last 30 years. Thousands of new friends drop into the Drummond Camp every year. Make friends with Drummond today. Your dealer has it in the handy metal box that keeps it clean and fresh for you.

### KAFFIR CHIEF ASKS DAISY TO WED HIM.

The father of Daisy Mayer, singer of "coon" songs, was horrified recently when he learned how near he came to having a kaffir chief for a son-in-law. Daisy has returned to her home in Cleveland after ten years' work in European and South African variety theaters. She met the chief in the Orange Free State. He proposed to her manager, Daisy being averse to enjoying a private tete-a-tete with her suitor and by the assiduous use of coconut oil, placed on her wrist a copper bracelet which she hasn't been able to get off to this day.

Almost a Miracle. One of the most startling changes ever seen in any man, according to W. B. Holsclaw, Clarendon, Tex., was effected years ago in his brother. "He had such a dreadful cough," he writes, "that all our family thought he was going into consumption, but he began to use Dr. King's New Discovery, and was completely cured by ten bottles. Now he is sound and well and weighs 218 pounds. For many years our family has used this wonderful remedy for Coughs and Colds with excellent results." It's quick, safe, reliable and guaranteed. Price 50 cents and \$1.00. Trial bottle free at W. A. DeAlamberte's.

"That fellow is a source of great uneasiness to me. He may be an excellent young man, but I wish he would keep away from my house."

"Courtin' your daughter, is he?"

"Naw; courtin' my cook."—Washington Herald.

### CHAMPION PAPA OF 'EM ALL RUNS UP A STEEP HOTEL BILL

Denver, Col., April 1.—Two by two, fourteen youths ranging in age from six to sixteen years, filed into the lobby of a local hotel recently. A stout man following them approached the desk.

"All mine," he said to the clerk, "and there are thirteen more back in Godland, Kan."

He wrote "Nathan Alexander" on the register.

"Single rooms and fifteen of them," said Alexander. "I never doubted them up 'til now and I don't purpose to do it now."

Church—I see painting and sculpture are conducive to long life, says a authority, but music kills men young. Gotham—That is, of course, provided the musician's neighbor is a good shot with a gun.—Yonkers Statesman.

### FEATHERWEIGHT AND LIGHTWEIGHT CHAMPS MAY COME TOGETHER FOR WOLGAST'S TITLE

Above, Johnny Kilbane. Below, Ad Wolgast.

Providing there is no hitch in the plans of Tom McCarey, Los Angeles fight promoter, Astle fans may have an opportunity of seeing a lightweight champion and a featherweight champion clash in a battle for the former's title on July 4. McCarey has obtained the consent of Kilbane, the feather champ, and his manager, Jimmy Dunn, to such a bout. If Wolgast is agreeable, they probably will meet.

## S.S.S. DRIVES OUT RHEUMATISM

Rheumatism is due to an excess of uric acid, an irritating, inflammatory accumulation, which gets into the circulation because of weak kidneys, constipation, indigestion, and other physical irregularities which are usually considered of no importance. Nothing applied externally can ever reach the seat of this trouble; the most such treatment can do is soothe the pain temporarily; while potash and other mineral medicines really add to the acidity of the blood, and this fluid therefore continually grows more acid and vitiated. Then instead of nourishing the different muscles and joints, keeping them in a normally supple and elastic condition, it gradually hardens and stiffens them by drying up the natural oils and fluids. Rheumatism can never be cured until the blood is purified. S. S. S. thoroughly cleanses and renovates the circulation by neutralizing the acids and driving the cause from the system. It strengthens and invigorates the blood so that instead of a sour, weak stream, depositing acid and painful corrosive matter in the muscles, joints and bones, it nourishes the entire body with pure, rich blood and permanently cures Rheumatism. S. S. S. contains no potash, alkali or other harmful mineral, but is made entirely of roots, herbs and barks of great purifying and tonic properties. Book on Rheumatism and any medical advice free to all who write.
