IN FAST GAME REXALLS WIN, SCORE 22-18

PULL VICTORY FROM WHITMANS IN NIP AND TUCK CONTEST—MANY VISITORS ENJOY SOCIAL AFTER THE GAME.

In a fast and exciting game on the Y. M. C. A. court, the Rexalls last night defeated the Whitmans at basketball by a score of 22-18 in what was probably the final Senior league contest of the season.

The gallery was crowded with visitors and they showed great interest in the game, applauding every good basket regardless of who made it.

At the conclusion of the game the visitors were the guests of the league at a social and musical, an orchestra led by Mr. Diaz playing a program of classic and popular airs in the rooms of the boys' department. Refreshments were served.

NEW AUTO LAW IS EFFECTIVE THIS MORNING

CHIEF SANDERS SAYS IT WILL BE STRICTLY ENFORCED AND PARTIES VIOLATING IT WILL BE ARRESTED.

The ordinance passed November 27, 1912, relating to the equipment and operation of automobiles, motorcycles and similar vehicles, becomes effective today and Chief of Police Sanders said last night that it will be strictly enforced.

The ordinance makes it unlawful for any person to use upon the streets, alleys or public ways of the city any automobile, motorcycle or any like source of energy, unless such vehicle shall be equipped with "a sufficient amount of mufflering to prevent noise from the engine will escape into the atmosphere, and prevent noise from the exhaust of the engine, and the muffler shall be kept and remain closed by the person operating or in charge of such vehicle at all times when the vehicle is in motion."

Any person convicted of violating any provisions of the ordinance shall, for the first offense, be punished by a fine not exceeding \$10 or by imprisonment not exceeding 30 days, or by both such fine and imprisonment in the discretion of the recorder, and upon the second conviction by a fine of not less than \$15 or by imprisonment not exceeding 30 days.

STOLE HARNESS FROM STABLES

JOHN KYE, NEGRO, WANTED FOR SOME TIME BY THE POLICE, CONFESSED TO STEALING SEVERAL SETS FROM MORGAN'S STABLES.

John Kye, a negro man, who has been wanted for some time by the police on the charge of stealing several sets of harness from Morgan's livery stables on East Chase street, was arrested about 6 o'clock yesterday evening by Officer Simmons.

When questioned by Chief Sanders after he arrived at the police station, Kye confessed to stealing the harness, and told the chief that he sold a set of it to Cary White and Dick Morris, both negroes. Morris identified Kye as the man who sold him a set of harness, but when White was carried to the police station to see if he could identify Kye he said he had not bought any harness for him.

Kye also gave Chief Sanders the names of other parties to whom he had sold harness.

The case against Kye, who was formerly an employe of Morgan's stables, will be called in the recorder's court this morning.

PLUMBERS SEND A RESOLUTION TO THE COUNCIL

WANT EXAMINATION FOR ALL PLUMBERS WORKING IN CITY AND COUNCIL INSTRUCTS TWO OFFICIALS TO PREPARE DATA.

At the request of the plumbers' union of Pensacola, the city council at its regular meeting last night adopted a motion made by Alderman John Oliver providing that the master and journeymen plumbers of this city be required to stand an examination, as prepared by the plumbing inspector and the city engineer, and Inspector Hinrichs and Engineer Thornton will be instructed to prepare the questions and other data.

The matter came before the council in the following communication from the plumbers' union:

"We, the journeymen plumbers of Local Union No. 219 of this city, at a recent meeting adopted the following resolution to be presented to your honorable body for approval, as a city ordinance:

"Resolved, That every master plumber doing business and journeymen plumber working at the trade in the limits of this city, be required to stand an examination, as prepared by our city plumbing inspector and city engineer; and be it further

"Resolved, That any master plumber or journeymen plumber working at the trade in this city not capable to stand a satisfactory examination, such as may be set forth by said examining board, be prohibited from doing business in this city as a master plumber or working at the trade as a journeymen plumber, respectively; and be it further

"Resolved, That said master plumber and said journeymen plumber be compelled to stand the examination as set forth by said board at least once in every twelve months."

"Gentlemen, our reasons for submitting these resolutions to your honorable body, to be approved as a city ordinance, is for the purpose of determining the ability of the applicant as to his knowledge of the city plumbing ordinances and his qualifications as a master or journeymen plumber, doing business or working at the trade, respectively.

"We might take liberty also in advising your honorable body that this is an ordinance which is becoming vogue in all our large, wide-awake municipalities of the present day, from the fact that it is very essential to our city from both a health and financial standpoint.

"Most respectfully submitted to your honorable body by the executive board of Plumbers' Local Union No. 219 of the United Association of Plumbers and Steam Fitters of the United States and Canada.

SPORT Snap Shot BY DAN McCARTY. Al Falzer, the giant Iowan who has started out to conquer the Old World, has been in bad shape ever since his arrival in London. He writes back that he spent most of his time while going across the pond in great mis-

ery. O'Rourke anticipated trouble in getting Al in shape for the match which he hopes to arrange with Johnson, to be fought in Paris about June 25th.

Tom O'Rourke, New York pugilistic promoter, is \$250 richer by reason of his recent libel action against Boxing a London sporting paper. The jury awarded him that sum. The statement in the paper to which the promoter objected was that O'Rourke made fraudulent arrangements for certain contests in order to bring off a prearranged result, and win considerable sums of money.

Frankie Conley has announced his intention of quitting the fight game and donning the spangles of the bull ring. He is now in training at El Paso, Texas, with an old dehorned toro, who once was the champion bull of the bull ring herd. Frankie has qualified in the cape work, and tried out the other stunts on the antiquated bull with much success.

Jack Doyle, once one of the members of the famous Baltimore team, that won pennants in the National league back in the nineties, will scout for the Chicago White Sox this next season. Doyle has tried his hand at almost every angle of the game and has succeeded in but one—the playing end. However, his judgment of players is excellent, and Callahan expects much of him.

Doc Tanner purchased another member of the celebrated Bingen family last week when he bought Memories, by Bingen, for \$3,100. Tanner undoubtedly bought Memories for C. K. G. Billings and will send her to Castellon farm, near Lexington, Ky., where she will join other brood mares recently purchased for the New York horseman.

Western league club owners, led by Frank Isbell of the Moines and Jack Holland of Wichita are going to wage a campaign against the use of opium which went into effect last year.

The requiring a major league club to call in its optional players prior to August 26, so they will not be subject to draft, has caused the move on the part of the minor league magnates.

George Stovall, manager of the St. Louis Browns, has found another thing to worry about. He says he has so many players under age that he is afraid the police will raid the St. Louis grounds and arrest him for violating the child labor law.

State Senator Ballou, of Lagrange, Ind., is no great friend of baseball. He has introduced a bill in the Indiana legislature providing for the repeal of the law providing for Sunday baseball.

If passed, this measure would result in the death, or near death, of the Indianapolis club of the American association, which has the best Sunday attendance of any club in the A. A. league.

FOUND IN AUTO BADLY WOUNDED

WALTER W. KIPLE, FORMERLY A MEMBER OF SAN CARLOS ORCHESTRA, IN SICK WARD WITH GASH IN HIS HEAD.

While being carried in an automobile about 2 o'clock this morning from in front of a vacant building on Baylen street, between Intendencia and Romana, Walter W. Kiple, formerly a member of the San Carlos orchestra, was seen by Officer Louis Roach to be bleeding freely from a wound on the side of his head. The officer stopped the machine and after finding that Kiple had a bad wound he sent him to the police station where he was placed in the sick ward and his wound dressed.

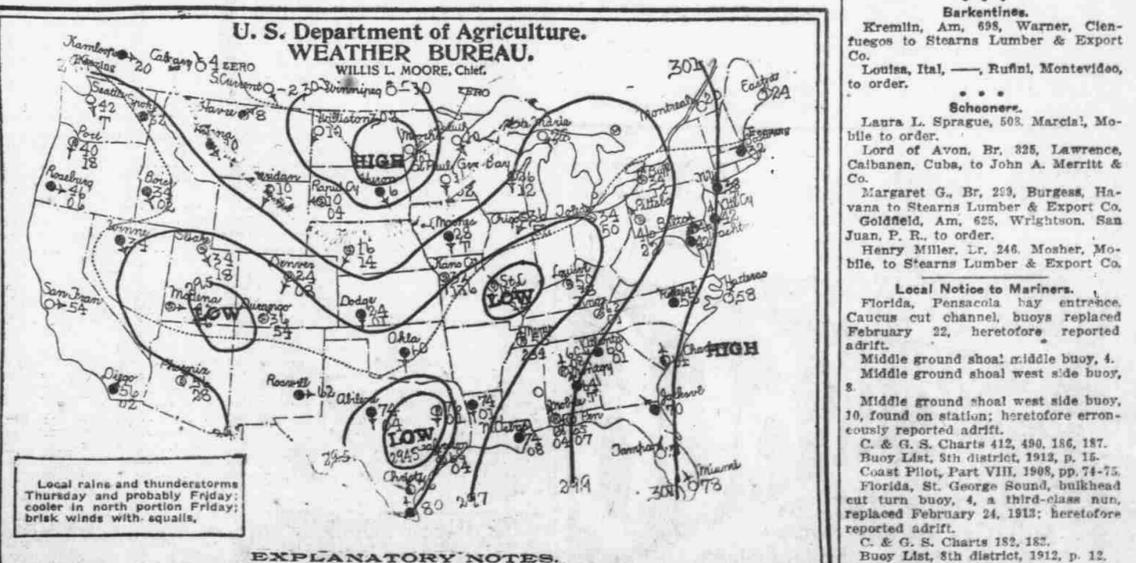

The driver of the machine, Herman Henderson, a negro, told Officer Roach that two white men gave him a dollar to take Kiple to a certain place, but he was unable to give the names of the two men.

Officer Roach found a paving brick covered with blood a short distance from where Kiple entered the machine and the police believe that the wound was made with this brick.

When Kiple reached the police station he refused to give the officers any information concerning the matter.
