The John White Store hats are in a class by themselves.

They embody true distinctiveness.

**Asthma-Catarrh and Bronchitis**

Can Be Greatly Relieved by the New External Vapor Treatment.

Melt in a spoon a little Vick's "Vapo-Rub" and inhale the vapors. Put a little up each nostril and at night apply well over throat and chest covering with a warm flannel cloth. Leave the covering loose around the neck so that the vapors of Menthol, Thymol, Eucalyptol, Camphor, and Pine Tar, that are released by the body heat, may be inhaled all night long. In Asthma and Hay Fever rub Vick's over the spinal column to relax the nervous tension. This treatment is not a "cure" but it has at least the merit of containing no harmful drugs and it is sold by all druggists in 25c, 50c, and \$1.00 jars, on 30 days trial. Vick's is also excellent for all croup and cold troubles. Liberal free sample on request. The Vick Chemical Co., 100 Pomona Ave., Greensboro, N. C. (Adv.)

seen on Broadway, the organization numbering one hundred and two people, prepared for a summer run, but as a counter attraction to "A Modern Eve" they found that play goes would not divide their attentions, so that four weeks after their opening, they returned to New York, leaving the Mort H. Singer Operetta Chicago's sole summer success.

**Paul Gilmore.**  
Conditions similar to those in Mexico at the present time, are dealt with in H. S. Sheldon's great new Historical play, "Captain Alvarez," which Paul Gilmore and associate players will bring to the Opera House, on Wednesday matinee and night. The struggle of an oppressed people against a tyrannical dictatorship, and the part an adventurous young American played in the struggle, is the theme upon which Mr. Sheldon has based one of the season's most entertaining offerings. Though the action takes place more than fifty years ago, during the administration of President Rosas in the Argentine Republic, the similarity between present conditions in Mexico and those brought out in the play, are apparent. The historical facts are cleverly interwoven with the truly delightful love story of the young American, a part created especially for Mr. Gilmore, and in which he is truly at his best. Tickets at Balkcom's Monday 9 a. m.

"A Modern Eve" Tonight.  
Tonight at the Opera House marks the appearance of another of those delightful musical comedies that Berlin has been sending to America for the past many years. The company playing tonight is an excellent one and many Pensacolians read the excellent tribute paid to the show by the Atlanta Journal a few days ago when the company appeared in Atlanta. To those who enjoy good music, pretty girls and lots of scenic detail, "A Modern Eve" should not be missed tonight. Excellent seat reservations can still be had at Balkcom's at present.  
While "A Modern Eve" was enjoying a prosperity which has broken all records in the Illinois metropolis, "The Only Son," "The Pink Lady," Elsie Janis in "The Slim Princess," "Louisiana Lou" and the "Quaker Girl" withdrew from Chicago. "The Quaker Girl" which had run an entire season in New York City, came to Chicago with the same brilliant cast.

**One Roofing Used Twice**

After fighting smoke, burning cinders and storm for seven years, the roofing shown above on the old Wells Street Station of the C. & N.W. R. R. in Chicago, was rolled up and used to re-roof several suburban stations.

**NEPONSET PAROID ROOFING**

This hard wear has not taken a bit of the life out of the roofing, and it is now giving perfect service in its new locations. A good life insurance risk is the man who lives beyond the average time—longer than he is expected to live. A good roofing is one that lasts longer than is necessary. That's what NEPONSET Paroid does. An ideal roofing for factories, storehouses and farm buildings.
