EVERYTHING READY FOR K. OF L. PICNIC

Officials of the Knights of Labor announced last night that everything is in readiness for the picnic, to be held at Palmetto Beach Monday, and that the largest crowd they have ever catered to is expected on the ground. "The only thing which will serve to keep the people away," said one committeeman, "will be bad weather. The baseball game which is staged in the afternoon is one thing which is going to attract hundreds, and at the navy yard everyone seems to be interested."

Yesterday the committee announced that a prize by a jeweler had been omitted from the list. This will be duly inserted in the trophies to be awarded Monday. The baseball game is for one of the most handsome silver cups offered in a long time, and the aero team members are already voting on a place where the cup will be displayed, so confident they are of winning the game. The contenders are just as sanguine of success, thus guaranteeing an excellent game.
