

FLORIDA SEEDSMAN DECLARES IT TO BE MOST ASTONISHING

Manager of the Wing Seed Company, of Tampa, Tells How Tanlac Benefited His Family.

Wife Had Suffered For Twenty Years

Says Her Stomach Trou- ble Has Been Relieved and She is Now En- joying Her Food Bet- ter Than in Many Years.

Statement after statement is now being made about Tanlac, the medicine that is accomplishing such remarkable results in Tampa and vicinity.

A. T. Boltze, manager for the Wing Seed Company, living on R. F. D. 3, Box 262, in telling of the benefits his wife and other members of his family have derived from the use of the medicine, said:

"Three out of four of a fourth generation of my family, besides two of my sons, are now taking Tanlac with the finest of results, so I can speak with certainty as to what it will do.

"My wife has been suffering from acute stomach trouble for the past twenty years and two bottles of Tanlac have done her more good than

every thing else she has ever taken put together. She had not been able to eat a breakfast in many years and nothing she ate at any time agreed with her. At times she would bloat up so with the gas on her stomach that she could scarcely breathe and her pains would weaken her until she could hardly move. She was so nervous she couldn't get much sleep and complained of feeling tired and worn-out all the time. She had lost all energy and was in about as bad a fix as anyone could be not to give up and stay in bed. In fact, it was only by her strong will power and determination that she managed to keep going.

"Other medicines seemed to do her no good, but the way she commenced to improve after I bought her a bottle of Tanlac was astonishing. It certainly is wonderful how quickly the right medicine will get a person to feeling right again. The very first few doses stopped the gas from forming on her stomach and relieved her misery. She has just finished her second bottle of Tanlac now, and is going to take more, but she is eating just anything she wants at any time and is getting real pleasure out of eating for the first time in many years. I am glad to express my gratitude to Tanlac through the papers and my wife is just so thankful to get relief from her suffering that she wants everybody to know about this greatest of all medicines, and for the benefit of others who are trying to find relief, we will cheerfully answer any questions or letters and tell them just what we have found out about Tanlac. After seeing the splendid results of Tanlac right in my own family I could not do otherwise than recommend it."

Tanlac is sold in Pensacola by the Crystal Pharmacy.—Adv.

UPHAM'S TASK GROWS BIGGER

NATIONAL REPUBLICAN TREASURER WILL EXPEND \$150,000 ARRANGING FOR CONVENTION.

Chicago, May 13.—The directing genius of four republican conventions in the past, Fred W. Upham, republican national treasurer, this year has planned the fifth and greatest one.

Mr. Upham has been chairman of the Chicago convention committee for 16 years and in that time probably has promoted more national political gatherings than any man living. He has organized and financed the local arrangements for the republican gatherings since 1904.

Every four years the planning of the big gathering has become a more complex and more costly affair. In 1904, the first year the republicans met at the Chicago Coliseum, the convention arrangements cost \$70,000. In 1912 the expenses had increased to \$110,000 and this year the sum will exceed \$150,000.

To raise this money, contract for building alterations, extra seats, decorations, tickets, badges and all the other myriad details of staging the big quadrennial spectacle, in which more than 13,000 delegates and spectators will this year participate, is Upham's task.

Cost of altering the Coliseum and decorating it will alone cost more than \$50,000 this year. The task of obtaining then safeguarding the tickets, is a problem in itself. The admission cards are printed on safety paper in special inks, and then locked in vaults until the Thursday before the convention. None are sent by mail, all being distributed here. In spite of these precautions, many fall into the hands of speculators, who retail them at anywhere from \$60 to \$100 each; and even counterfeiting of the cards is not unknown.

Mr. Upham, who has been treasurer of the national committee since February 1918, has been associated with national politics for 28 years. In 1892 he was a delegate to the national convention from the 8th Wisconsin district. He represented a Chicago district in 1912 and 1916 and ran on Governor Frank O. Lowden's slate for election as a delegate-at-large from Illinois this year.

He was western treasurer of the national committee in the first Taft campaign in 1908 and again in the Hughes campaign of 1916. The only elective offices he has ever held were alderman in Chicago in 1896 and member of the Cooke county board of tax review for 14 years. He is president of a large coal company.

WATSON LOSES CASE IN GEORGIA

Warrenton, Ga., May 14.—The case in which Thomas E. Watson sought permanent injunction against the subcommittee of the state democratic executive committee taking any action affecting the state convention, was continued after arguments today until October. Meanwhile the state convention meets in Atlanta next Tuesday to elect delegates to San Francisco. No action on contempt or other charges was taken.

COLUMBIA HISTORIAN TO LECTURE AT STRASBOURG

New York, May 13.—Charles Downer Hazen, author and professor of history in Columbia University, has been granted leave of absence for the academic year beginning July 1, to lecture at the University of Strasbourg. Professor Hazen is the first American scholar to be called to Strasbourg since the historic Alsatian institution reverted to French control as an incident of Allied victory. He will begin his work there in September.

CHATTAHOOCHEE

Chattahoochee, May 13.—Mrs. J. E. Woodward and son, Parkhill, are visiting relatives in Monticello this week.

Mrs. Frank Smith and children, of Milton, are visiting Dr. H. Mason Smith and Mrs. Hattie Lyane this week.

Dr. W. M. Bevis and family from here, attended the chautauqua in Quincy Sunday afternoon.

Frank Webb and little daughter, Louise, were in Madison Sunday attending the Sunday School Day and Mother's Day exercises. Mr. Webb was on the program for an address on the "Importance of the Sunday School." They were the guest of Rev. W. T. Brantley and family, while in Madison.

Miss Elizabeth Humphrey, of Gretna, spent last week-end with Miss Jane Russell.

Misses Marsha Elizabeth Scarborough and Henrietta Russell are in Quincy this week visiting friends. They are the guest of Mrs. Love.

Rev. J. F. Grant, pastor of the Baptist church at River Junction, preached Baccalaureate sermon at the Methodist church in Chattahoochee Sunday morning. There was a large audience present being composed of the different denominations.

The Sunday School at the Methodist church observed Mother's Day Sunday. The pastor, Rev. J. E. Woodward preached an appropriate sermon for the day on Sunday evening. A large audience enjoyed his sermon.

Several citizens of this community are in Quincy this afternoon attending the mass meeting in the interest of the schools.

C. S. Hammett, state engineer, of Jacksonville, was here most of last week supervising the work on the new buildings.

There will be a called meeting of Gee Lodge No. 21, F. & A. M. on next Saturday night for purpose of work. This lodge, like all other Masonic lodges, is having more work to do than it can properly take care of at regular meetings.

No. 1—Continued From Page One

zen and for a finer and stronger America the women of the nation wish to stand united.

The visiting delegates were guests at a beautifully appointed luncheon given at the San Carlos yesterday.

Covers were laid for the following: Mrs. W. S. Jennings, Miss McCollum, Miss Elizabeth Skinner, Mrs. Wright, Mrs. Fessiness; From Pensacola were: Mrs. John C. Avery, president of the city federation; Dr. Mary Noyes of the Pensacola Business and Professional Women's Club; Miss Nell Burrows, Mrs. E. M. Lusk and Mrs. Frank Welles, from the Caxtons; Mrs. C. B. Hervey, from the Music Study Club; Mrs. Frank Wilson and Miss Julia Whiting, the Nomads and Mrs. Frank D. Tracy, state president of the U. D. C.

HOARDING ELIMINATES ALL COIN IN VIENNA

Vienna, May 14.—There is hardly a silver or gold coin to be had in Vienna, owing to hoarding.

In an effort to bring them back into circulation the government is paying 23 paper crowns for each silver crown and 35 paper for each one of gold.

An illustration of the barter basis on which Austria now finds itself as far as internal trade is concerned, was given at a meeting this week of the representatives of the Peasants' Associations, together with agrarian members of the assembly. When approached for not allowing food to come to Vienna, they offered through their own agencies and deliver it to the Central government in exchange for agricultural implements and such articles as they stand in need of. They refused to consider payment in Austrian money.

THE BRIGHT COUNTRY.

By Frank L. Stanton.
The country's just as smiling from the mountains to the sea
As the Lord, whose love is over it,
would ever have it be!
The gardens rich with flowers, and the meadows and the plains,
And all the greening pastures just a-twinking with the rains!

It's great to just be living in a world so near the blue
You can feel the benediction of the rainbows over you!
The country—she's just glorious by any night or day,
And Love o'er life's victorious, and we're singing on the way!

FOUR DOSES OF RE-CU-MA MAKES HIM MUCH BETTER

Over 75 Per Cent Improvement in His Condition in Very Short Time.

"To Whom It May Concern: I, Thomas Kelly, have been troubled with my Kidneys and Liver, also with Rheumatism for a long time; I bought one bottle of RE-CU-MA and after the fourth dose began to feel that the disease had been helped, so I continued the treatment and am now feeling fine and free from Rheumatism and feel also that my Kidneys and Liver are 75 per cent better. Thomas Kelly, Route 3, Box 280, Jacksonville, Fla.

We guarantee that your money will cheerfully be refunded if you do not feel improved after taking four doses of RE-CU-MA. Can be secured at Hamilton Russell, Druggist, 212 S. Palatka Street.—adv.

WAR MUSEUM TO OPEN IN JUNE

EXHIBITS INNUMERABLE WILL BE ON DISPLAY FOR PERIOD OF FOUR YEARS IN LONDON.

London, May 14.—Signposts bearing the inscription "Hell-Fire Corner," "Piccadilly" and "Haig Avenue," erected by British troops just behind the front lines in France, are among the more than 10,000 exhibits being assembled at Crystal Palace, London, to form the Imperial War Museum. It will be opened by the King in June and will continue for four years.

Exhibits innumerable have been gathered from every land where the war cast its trail to show the common effort of the Empire during the great conflict. Shortly after the signing of the armistice, the memorable signposts mentioned were found discarded as lumber. In addition to bearing "street" names, which, to many of the men who knew them best, had meant so many direction posts to avenues of agony, there were found the rallying trench sign of Verdun with its "no thoroughfare." They were all rescued and are now to be preserved as relics of posterity.

There will be on display the gun that fired the first British shot in the war—from the decks of destroyer Lance at the mine-layer Koenig Louise; the E battery gun that opened the military hostilities; the anti-aircraft pom-pom which, mounted at Gresham Camp, fired the first shot ever directed at a foreign foe from London since the days of the Romans—the occasion being the Zeppelin raid in September 1915—and scores of other entries which have equally vivid associations.

The larger pieces of ordnance, some of which weigh 14 tons, are being arranged on the floor of the spacious hall. But the galleries will hold displays of equal, if not greater interest. These include war paintings and trench implements, realistic scenic models and protective devices and curios that throw an illuminating light on conditions which existed in the German army. Some of these are amusingly tragic.

There is a cycle with a dynamo attachment for lighting an officer's dug-out upon which two of the worst offenders had to sit in shifts and pedal in order that those within might have illumination while they devised new plans of aggression.

Far less amusing is a specimen of the enemy's "bear trap." A soldier, exploring No-Man's-Land might step into its ugly spikes, concealed in the grass, and escape from their grip was virtually hopeless.

Looking at the lifebuoys of the Lusitania, the shattered funnel of the Vindictive, the portion of the Zeebrugge Mole and the formidable mines that bestrewed the Dardanelles, the exhibit will recall to "those who were there" many chapters of a great epic.

POLYGAMY IS DYING OUT FAST IN PERSIA

Terreran, May 14.—Polygamy is dying out in Persia—another result of greatly advanced living costs, together with jealousy, which is becoming more marked a characteristic of Persian wives with the permeation of western ideas and standards in the east.

With this change has come another—the custom of having family names. A year ago the Persian government made it compulsory for people to adopt a surname. Before that only peasants had any common name in the family, the upper classes possessing only one. A man, for instance, might be called Gaffar simply, and his son Hassan, with nothing to show their relationship

POLYGAMOUS SWIMMING PROVES RISKY SPORT

Polygamous swimming at Bayview Park, Pensacola's popular bathing resort is exciting and at the same time very dangerous sport, as may be attested by one married man, who on yesterday against the advice of his wife, fell for the lures of the placid waters of Bayou Texar and the surrounding "beautiful" scenery especially of two other damsels than his mate.

For, no sooner than the trio had donned suits of the season's most fashionable bathing garments and were ready for the plunge the man's wife showed up on the scene and the troublesome complexities of the Mexican situation were immediately relegated to the rear of the stage of excitement for all those in the crowd who had gone to Bayview for an afternoon's peaceable outing.

Manager George Stage, ever alert to maintain absolute peace and order at the park by suppressing disorder in its first inception, found himself absolutely helpless in this case and the police were called. He stated, however, last night, that so far as he was concerned his only object was to quell the disturbance and that he did not know if any cases were made in police court. He did not know their names. However, police records show that one woman, Mrs. Silva, is docketed for hearing this morning on a charge of disorderly and fighting.

KNOX PRESBYTERIAN HAS NEW ASSISTANT PASTOR

Dr. A. A. Post arrived in the city recently to take up the work as assistant to Dr. Mellwain of the Knox Presbyterian church. Dr. Post last week received his degree of D. D. in the Louisville Theological Seminary, in which place he has spent three years in pastoral work.

He expects to spend the summer here so as to give Dr. Mellwain a vacation and afterwards he will be assigned to another place.

Dr. Post is an influential talker and will doubtless make good in his work in Pensacola. At present Dr. Post will make his headquarters at the Y. M. C. A. building and will deliver his first sermon Sunday morning. All members of the Knox church are urged to be present as he is expected to deliver a good sermon.

DISEASE CARRYING PESTS MAY BE USED IN NEXT WAR

London, May 14.—Mobilization of the mosquito, the housefly, the louse and various other disease-carrying pests for the dissemination of deadly germs in enemy territory is a possibility of the next war, pictured by Professor Maxwell Lefroy, a scientist.

"I foresee the mosquito from Brazil starting yellow fever in new lands, the house-fly, duly infested with cholera, dysentery or enteric and the typhus-laden louse doing their deadly work much more effectively than spies poisoning wells," said Professor Lefroy in a recent address.

"This would be part of the work of a war office of entomologists—the working out of strategic plans for the distribution of these pests by airplane. It seems that the world is intent upon furnishing an airplane service for these pests, many of which are now held in check by natural enemies of their native climes. This will give them just the means of transit they have required. It will be a peace-time danger as well as one that could be used very offensively in war. The danger from these winged battalions of death is more serious than one dare estimate."

CAPT. BARRETT SPEAKS AT K. OF C. TUESDAY

The National Catholic War Work Council has arranged for an educational lecture on what the Knights of Columbus did during the war. Capt. Barrett will be in Pensacola Tuesday with films, slides, etc., and will give a lecture at the K. of C. Hall that night at 8 o'clock to all who wish to attend. There will be no admission.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. These little olive-colored tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel.

The pleasant little tablets do the good that calomel does, but have no bad after effects. They do not injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel. Let Dr. Edwards' Olive Tablets take its place.

Headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "lousy" and "heavy." They "clear" clouded brain and "perk up" the spirits 10c and 25c.
