HATTIESBURG MAN SO WEAK HE COULD NOT WALK FOR WEEKS

Well Known Retired Merchant Had To Live on Milk and Soups—Says He Feels Fine Now.

"I bought the first bottle of Tanlac sold in Hattiesburg," said J. D. White, retired merchant residing at 722 Walnut street, Hattiesburg, Miss. Nearly everybody in Hattiesburg knows Mr. White personally, or has heard of him as a man of sterling honesty and integrity.

"For more than twenty-five years I have suffered with indigestion," continued Mr. White, "and during the winter I got so bad I had to take my bed. I got so weak I could not get up or walk for weeks. I had gas on my stomach which gave me shortness of breath, and then I got alarmed and sought medical treatment. Two doctors told me I had heart trouble, and a third said I did not and that sounded better.

"I had a mind of my own, and as I had been reading about Tanlac in the Atlanta papers, I concluded to give it a trial, after reading what a woman said about it and as her case seemed to describe my condition exactly.

"I was in an awful run-down condition and could not eat anything much. Soups and buttermilk was about all I lived on. I was very restless of nights and didn't sleep good. I had rheumatic pains in my back and shoulders and my liver was in bad shape, too.

"I had to wait a week before the Tanlac got here, and when I got it I commenced taking it right away. It seemed to take right hold and I began to strengthen up. In a short time my appetite got better and now I can just eat anything I want.

"I don't have gas on my stomach any more and those rheumatic pains have left me. I have taken three bottles of Tanlac and just feel like a different person. It helped me a whole lot and now I am able to do a day's work without tiring. I sleep better and rest well, and my liver don't bother me now like it did. Tanlac is a fine tonic. It braced me right up and I feel so much better I hardly realize that a medicine could do so old man like me so much good in so short a time.

"I am sixty-two years old and I am going to take more Tanlac, because I don't want to ever get sick again. If what I have told you will help my friends or the public generally, it will be alright for you to publish it."

Tanlac is sold in Columbus exclusively by S. B. Street and Son.

Mrs. Frank Couchman entertained a number of friends delightfully one day the past week.

Rev. Billups Lawrence has returned to Illinois after a visit to Mr. and Mrs. Walter Lawrence.

Col. William Rhett, of Memphis, is spending several days here with his family on South Third street.

Mr. J. H. Propst has returned from St. Louis, and will have twenty-five mules on sale Monday at the Eclipse Livestock.

The report of the department of public works on the individual maintenance cost of 37 automobiles operated by the department shows the Dodge Brothers' motor car, operated by Mr. John Dunn, was the most economically driven in the department. The statistics include every expense incurred by the cars from July 1, 1915 to December 1, 1915, gasoline, oil, repair cost, tire expense, etc., and show that Mr. Dunn's car was operated at the low cost of exactly two cents per mile.

"The five Dodge Brothers' cars used in the department also records which place them at the top of the low maintenance records. Not one of the 37 used in the department was run for the six months at a lower cost per mile than any of the five Dodge Brothers' cars. They also showed the highest mileage, the lowest expense on tires and the greatest mileage per gallon of gasoline of any touring car in the department.

"Three of the Dodge cars were operated for the six months without any expense on tires. On the other two cars of this make the only tire expense was for replacement of spare tires which were stolen from the machine.

"The report shows many interesting comparisons of the maintenance cost of automobiles which range in cost from two cents a mile for the Dodge cars to 27 cents a mile for one of the heavy duty trucks.

"Such figures are interesting to motor car owners and prospective buyers of motor cars," said Thos. J. Doyle, local distributor for Dodge Brothers' cars.

"In these days of the high cost of gasoline everyone is looking for a car that can be operated economically, but it is seldom that you can find any owner who can tell you the exact cost per mile for the operation of his car. Such Dodge Brothers' owners who have recorded the expenses for their cars have found them exceedingly low and that they were getting unusually high mileage on a gallon of gasoline."—Detroit Free Press.—Adv.
