FOOTBALL SCORES OVER THE SOUTH

A. & M. AGAIN VICTORIOUS WITH STRONG TEAM OVER UNIVERSITY OF TENNESSEE

Other Southern Scores—Georgia Tech Beats Vanderbilt—University of Mississippi Shows Better

KNOXVILLE, Tenn., Oct. 18.—The Mississippi A. & M. eleven defeated the University of Tennessee Volunteers by a score of 6 to 0 on Walt Field this afternoon. The Volunteers were simply outplayed during the entire game by the Aggies and at no time during the contest was the Aggie goal in danger.

The Mississippi lads made their touchdown in the second quarter when after a series of well protected end runs and good plunges, they had put the ball on Tennessee's five-yard line. Perry, the fast little right half, bucked the piskin over Tennessee's tape. Mississippi failed to kick a goal.

Weakness in both the line and the backfield of the Volunteers that was not even in evidence during the first two games of the season, the football that Coach Bender has seen. It was only in the first quarter that Tennessee played anything like the football that Coach Bender has drilled into the squad for the past month.

The Aggies had an impressive line with a few glaring exceptions, and on the defense had Tennessee completely at bay. Tennessee's line contributed little to the fracas, as most of the gains were made by end runs and passes, in which McCaube and Frances featured. A great part of the defeat may be attributed to the advantage of weight the Mississippians had over the Tennesseans, and still another party may be attributed to a slight over-confidence on the part of the Tennessee men.

OLE MISS HOLDS L. S. U.

BATON ROUGE, La., Oct. 18.—Confronted by all expectations the Louisiana Tigers were held to a score of 13-0 over "Ole Miss" on State Field today before a record crowd. Kicking was a feature of the game from the second quarter on both sides.

Louisiana relied on passes during the middle of the game and on several occasions they brought the ball so near Ole Miss territory that the kick from the Mississippi team was essential.

Gladden's consistent gains over tackle, McFarland's long gains around the ends and through tackles and Benoit's usual broken field running and Hague's touchdown on a 20-yard run for a touchdown featured the gains for Louisiana. Jigger's toe and Serbour's consistent gains featured Ole Miss.

During the entire first quarter Louisiana was on Ole Miss territory and on several occasions drove right up to Mississippi's 10-yard line. The second quarter showed no signs in the strength of either team, Louisiana still keeping the ball in Ole Miss territory, but again failing to score.

Ole Miss threatened Louisiana by keeping the ball in their territory most of the third quarter.

Louisiana came to life in the last part of the fourth quarter and drove the ball down the field and over the goal line for their first touchdown by Gladden, Pete Dutton kicked goal in the last minute. Hague broke loose through the left tackle and ran 20 yards for Louisiana's second touchdown. Dutton failed to kick goal.

Ala. Ramps Again

UNIVERSITY, Ala., Oct. 18.—Alabama mastered the lighter but fast team from Howard College on the local gridiron this afternoon by a score of 48 to 0. The Crimson team tried a number of open plays and forward passes on the Bulldogs and was able to gain at will, while Howard never made first downs except on the first play of the game, when a beautiful forward pass from Walker to head trotted the visitors 20 yards. This was the only time that Howard got near the Crimson goal.

Miss. College Wins Over Jefferson

CLINTON, Miss., Oct. 18.—On a rainy field, some places ankle deep in

mud, Mississippi College today defeated Jefferson College by the score of 6 to 0. Mississippi College scored its touchdown within eight minutes after the ball was put into place. Quarterback Lece making the score. During the rest of the game Jefferson College came back strong and a goal deal of the time the Jeffersonians were on the offensive.

The features of the game were the line backing of Lece, the end run of Bush, the splendid defense of Mitchell and the fierce tackling of Hargrove and King. Hale of Jefferson was probably the individual star of the game and made frequent gains through the line, and one time got away with an end run of 20 yards.

JUDGE CUMMINGS AGAIN ELECTED

Capt. Jas. R. Hudson, of the Columbus police force, who was nominated in the August primary, for one of the justices' positions in this district, No. 2, tendered his resignation of the nomination to the proper authorities and will not be elected to that position in the general election in November. Capt. Hudson's action was influenced by the fact that he has at present a good position with the prospect of continuing in it for a long time to come and the emoluments from the justices' office are of an uncertain nature and upon mature consideration he decided not to make the change. He is grateful to his friends for their support and appreciates it to the fullest degree.

As soon as his action had become known the friends of Judge Thos. C. Cummings took up the matter of getting his name on the general election ticket that he might be re-elected to his present position. Judge Cummings has held the position for years, but was not a candidate for re-election, running for the office of chancery clerk, for which he was defeated. Judge Cummings' friends had no trouble in securing the necessary number of names to get his name on the ticket, last Monday being the last day to qualify and a petition was presented to the election commissioners not only containing the fifteen names necessary, but it contained probably two hundred and fifty names. So he will continue to hold his present office after the first of January.

The effort to fill the office of justice of the peace and constable in District No. 4 and constable in District No. 5 failed. No petitions were received from District No. 4 and in District No. 5 one petition was received but it failed to carry the necessary number of names required by law, eleven names being on the petition and the law requiring fifteen.

STATE MEETING OF RED CROSS

Conference Held at Jackson Recently—Every County Represented—Plans For Drive

Representatives of the Lowndes State Red Cross Conference held at Jackson on October 9th report an enthusiastic and stirring meeting. Mr. Thos. Lampton of Jackson, Chairman, Third Red Cross Roll Call for the State of Mississippi, presided and the principal purpose of the session was to discuss ways and means of making a great success of the Roll Call, November 2nd to 11th.

There was also held Round Table Discussions of Civilian Relief, Women's Work, Junior Membership, Home Service Work and Nursing. Dr. Livingston Farrar, D. D., head of all the American Red Cross, was the principal speaker of the evening. He said in brief:

"Shall the unparalleled force of the American Red Cross which writes under its banner irrespective of politics or creed so many millions of the best that our country has to offer, be utilized to help in the solution of problems which were with us before the war and which are facing us in the years to come?" questioned Dr. Farrar in his stirring address to the conference. "To this question there can be but one answer; of course this tremendous force will not be permitted to die down. It must live—live and go forward to meet the needs of the future as triumphantly as it met the needs of the past and is now meeting those of the present."

"The greatest contributing factor in disturbing the happiness of mankind reduces in the last instance to questions of physical well being, to problems of health and disease, continued Dr. Farrar. "A large portion of the disease of the world is preventable disease and the question the people are asking everywhere is 'How shall we meet the problem of disease?'"

"They are looking for help; they are looking for guidance, and they naturally look to the organization that are built upon such a basis and have been guided in such a way as to beget confidence."

"The organization that is best fitted to take part in this great movement, this thrilling, inspiring movement, is the Red Cross. And we are beginning to see the activities of the Red Cross that will help to find and aid will prevent disease in the community. The biggest activity in this field which the Red Cross has already undertaken is the great nursing program. The entire modern health movement depends upon the adequate development of the visiting nurse. We are doing the most important thing in taking that step first. We propose presently to take the next step. In every way in which it may be possible we will utilize the energy of our great organization to make our own country a better place to live in and to save for future generations the benefits for which our men fought and died."

An address was also given by Homer Borat, campaign manager, outlining the plans for the Third Red Cross Roll Call. Special conference of the various department heads and the chapter committees were held in the morning and afternoon.

Mr. R. E. Johnston representative of the Lowndes county chapter at the Jackson conference.

CALL GOES OUT FOR VOLUNTEERS

Captain Tom Evans Will Make Personal Canvass For Members For Rifle Company

It is planned to make a personal appeal for volunteers for the proposed National Guard Company for Columbus.

Captain Tom Evans, who is heading the movement is planning to make a personal canvass in this city and over the country for volunteers. He will be assisted by other young men interested in the movement.

There seems to be an air of indifference to the movement among the people generally and Capt. Evans feels that favorable sentiment will have to be aroused if the results hoped for are to be accomplished.

Companies are being organized in other cities and towns and unless some definite action is taken here in the very near future the State's quota of companies will be reached and Columbus will be left out of the National Guard organization.

SOCIALISTS PACK TRADE COMMISSION

WASHINGTON, Oct. 20.—Charging that the corps of federal trade commission examiners which investigated the meat packing business was packed with men who are avowed socialists, anarchists and radicals, Senator Watson, republican, of Indiana, today told the Senate that the adherents of socialism were entrenched in every department of the government and introduced a resolution for an investigation.

The Senate referred the resolution to a committee and Acting Chairman Murdock of the commission issued a statement declaring that if Senator Watson's resolution would be joined with one recently introduced by Senator Sherman republican, of Illinois, charging the commission with conspiracy, and both could be investigated at the same time, "it would be decidedly in the public interest."

Disclaiming that he spoke in defiance of the meat packers he declared should be punished if guilty of the charges made against them, Senator Watson told the Senate his contention was that American business should be investigated by men who vow a determination to destroy it and that the government should not be represented by those who preach a doctrine of its overthrow.

Declaring that the Chicago offices of the trade commission from which the packers' investigation was conducted were "a center of sedition and anarchy—a nesting place for socialists," Senator Watson went through the list of men employed by the commission in the investigation and charged various ones with being pro-German, anti-ally, admirers of Lenin and Trotsky, and voters of a soviet form of government, participants in Red demonstrations and parades, and disseminators of socialistic propaganda.

PAVING CONDITIONS IMPROVING

The conditions besetting and retarding the work of paving the business district are improving. The city secured twenty-five connections necessary in changing the water and gas pipes shipped by express Monday and others are expected to follow.

The street car people are also getting busy in removing the car track from North Market street. A force of men were put to work taking up the track on the block north of the Main street crossing and the car company states that they will be ready for the work to begin here within a few days.

Mr. C. W. Evans, of the Prairie, was in the city yesterday.

President Continues In Improvement

WASHINGTON, Oct. 20.—An announcement today that President Wilson had appointed Owen D. Young of Schenectady, N. Y., a member of the public group of the national industrial conference was cited by White House officials as refuting reports that Mr. Wilson's illness had rendered him incapable of attending to any business.

These officials said it was not the first official action the President had taken since he became ill. Rear Admiral Grayson, his physician, it was asserted, however, would continue to do what he can to dissuade the patient from giving his attention to any affairs other than those regarded as absolutely essential. The appointment of Mr. Young was considered necessary in as much as a place in the public group of the industrial conference had been vacated by the ill health of Fuller Callaway, the delegate originally appointed.

Dr. Grayson at 10:30 tonight issued the following bulletin: "The President has had a better day than usual."

Unofficial reports at the White House indicated the President's condition had changed but little throughout the day, although correcting of his digestive disturbances on Sunday had been effected. There was nothing in the conversations about the office of the White House to indicate a recurrence of his glandular ailment, as members of his household who are more familiar with his condition than any others displayed throughout the day an air of optimism.

AMAZING PLOT AT GOVERNMENT

STEEL STRIKE UNDERLAIN WITH PLANS TO ESTABLISH BOLSHIEVIK REGIME

THE PLOT BARED

Details Given to Senate Investigating Committee by I. W. W. Attorney at Washington

WASHINGTON, Oct. 20.—While members of the Senate labor committee investigating the steel strike and fairly dazed and dumfounded, Jacob Margolis of Pittsburgh, I. W. W. attorney, and admitted advocate of social revolution, today told them a story of ultra radical activities which he said underlay and were associated with the nationwide strike of steel workers.

Even more remarkable in his narrative was the Pittsburgh attorney's delineation of a partially successful attempt covering the past two years to fuse at Pittsburgh for an unstated but vaguely hinted revolutionary purpose, the combined forces of the Industrial Workers of the World, Bolshievik and Russian industrial workers, whose imagination he admitted had been caught by the successes of Lenin and Trotsky in Russia. All were working, he told the committee calmly, "to create a new society within the shell of the old."

Foster's Name Praised

Throughout Margolis' story ran the name of William Z. Foster, secretary of the steel strike committee, to whom Chairman Kenyon of the labor committee forced a frequent recurrence by a cross-examination in which the dictagraph records of telephone conversation, photographed copies of Margolis' correspondence, and similar matter, played a large part.

Margolis coolly classified himself as "anarchist syndicalist," in which capacity he had worked with and for the I. W. W. organization and as "Tolstoian anarchist."

Governments, he said, will be of no use, "when proper industrial conditions are established" he said it, and these industrial conditions he predicted will be established when workers organized along I. W. W. lines, get ready to "take over and operate in industry for themselves, more efficiently than private ownership can."

Secured Russians' Aid

Secretary Foster came into the testimony not so much as a radical agitator himself, but as a seeker for help in conducting the industrial fight in the steel industry. Margolis told of a "union of Russian workmen existing in and around Pittsburgh, revolutionary in its objects, and said at Foster's request or with his cognizance, he secured the endorsement of that organization for the steel strike.

"The Russians had a tri-state meeting at Youngstown in August," Margolis explained, Chairman Kenyon leading and suggesting.

"It was a delegate assembly, I went there and made a speech, asking them to endorse the steel strike and give it support. This they agreed to do."

In a letter to President Wilson written in connection with the call of the steel strike, the strike committee had referred slightly to the I. W. W., and Chairman Kenyon had a telephone conversation record on this.

"Tell the boys not to get sore about that," Foster at one end of the wire had told Margolis. "I didn't have anything to do with that letter. You know I have to go with the committee most of the time."

Recognized Language

This language Margolis recognized and admitted having conveyed the message to the committee.

"You see, officially the strike committee doesn't recognize me at all," Margolis explained to the Senate committee. "I'm persona non grata to them."

"The I. W. W. and Russian Bolshievik endorsed and assisted in the strike," he said, after severe questioning by Senator Kenyon.

He explained likewise that the American Federation of Labor was too "narrow" and "too lacking in vision," to accomplish real progress for the workers, and thereupon Chairman Kenyon followed up the lines
