

Hear it for yourself

-the phonograph which amazed all Columbus

Are you one of those who believe that no phonograph can match the voice of the living human? An astonishing discovery awaits you—like the thousand Columbians who attended the Helen Clark recital.

Thomas A. Edison gave his famous Tone-Test Tuesday night, October 14th, in High School Auditorium. He had Miss Clark sing in direct comparison with the RE-CREATION of her voice by the New Edison.* Music lovers were completely baffled. Their ears were unable to dis-

tinguish the RE-CREATED voice from the living. You have never heard any phonograph that approaches the New Edison. It RE-CREATES not only the musical notes, but every elusive quality of tone and color which identify the original artist.

The NEW EDISON

"The Phonograph With a Soul"

Come in and hear the identical instrument* which was used Tuesday evening. Make the great discovery for yourself.

*The instrument used in Tuesday's Tone-Test is the regular model which sells for \$285 (in Canada, \$431). It is an exact duplicate of the Laboratory Model which Mr. Edison perfected after spending Three Million Dollars in experiments.

DOCTORS USE CALOTABS FOR COLDS AND FLU

Influenza and Grippe, Like Ordinary Colds, Require Calotabs, the Purified and Refined Calomel Tablets That Are Nausealess, Safe and Sure.

Physicians and druggists claim that the great epidemic of influenza has conclusively demonstrated that the quickest relief for a cold and the best preventive of influenza as pneumonia is to keep the liver active so that the digestive organs may be in perfect condition. For this purpose, Calotabs, the new nausealess calomel tablets that are free from the sickening and weakening effects, is the

well as the most agreeable laxative. Calotabs have the special advantage most thorough and dependable, as of not making the patient sick and weak, as they do not upset the digestion and appetite. One Calotab at bedtime with a swallow of water—that's all. No salts, no nausea, nor the slightest interference with your eating, pleasure or work. Next morning your cold has vanished, your liver is active, your system is purified, and you are feeling fine with a hearty appetite for breakfast.

For your protection, Calotabs are sold only in original sealed packages, price thirty-five cents. Sold by all druggists and your money back if you are not delighted with them.—(Adv.)

Pickens County Department

(By F. H. Williams.)

More cotton is being marketed in Carrollton the present season than heretofore in comparison with the short crop, which is not more than fifty per cent. The high price of the staple has caused the farmers to sell their crop as rapidly as it could be gathered and stored, something the 37 cents having prevailed during the greater part of the past week. Carrollton has two live cotton buyers who are giving the farmers the best limit possible, and the local buyers are also paying a high price, which has been instrumental in bringing cotton from other sections to the town.

Mr. J. Prentiss Mullins, a well known citizen who resides near Carrollton, and Miss Lorraine Vandaman, a popular young lady of Union Springs were married at the home of the bride Sunday afternoon at five o'clock, the occasion having been attended by a number of relatives and friends of the contracting parties. Mr. and Mrs. Mullins are expected home Tuesday and will be pleasantly located in the home of Mr. Mullins' parents near Carrollton. The best wishes of countless friends will follow them through their married life.

Mrs. M. B. Curry returned to her home in Carrollton Saturday from a short but pleasant stay with relatives in Tusculooosa.

Mr. and Mrs. John W. Prude and interesting children of Birmingham, motored down to Carrollton and spent the week end as guests of the Phoenix Hotel. Mr. Prude spent his younger days here, where his parents resided before moving to the Magic City, and he states that nothing affords him more pleasure than a visit back to his boyhood home to meet and mingle with old friends. And his friends are always glad to have him.

Mr. Sam Phillips, of Brooksville, Miss., spent a few days the latter part of last week in Carrollton on business.

A marriage of unusual interest was solemnized at the home of the bride's parents, Mr. and Mrs. J. C. Pickett, last Thursday evening at nine o'clock when Mr. I. Bolton Cabanis and Miss Mary Fickett were united in the holy bonds of matrimony, the ceremony having been attended by the family and a few intimate friends, Rev. Charles H. Nabers, pastor of the Presbyterian church, pronouncing the words that made them man and wife. The bride is an unusually attractive young lady, who has numerous friends in this section, while the groom is a popular young man of Akron, Ohio, and holds a responsible position with the Goodyear Tire Company. Their friends cast congratulations to them and best wishes for a long and happy married life.

Mr. S. S. Powell, who resides over in the eastern part of the county, was transacting business in Carrollton one day the past week.

Mr. J. D. Manning of Henry's beat, was shaking hands with his many friends at the county seat last Friday.

In a foot ball game played on the Reform grounds last Friday between teams representing that place and Vernon, the Reform boys won by a score of 13 to 0.

Mrs. W. F. Kilpatrick and M. J. Doss, of the Western section of the county, were business visitors in Carrollton last Saturday.

Mr. and Mrs. George F. Stringer left Saturday for a stay of a few days with relatives near Selma.

The friends of Dr. W. S. Bell, of Gordo, will be pleased to learn that he is rapidly recovering from an operation which he underwent in Tusculooosa a short time ago.

The condition this morning, Monday of Mrs. Alice Gardner, who has been critically ill at the home of her brother-in-law, Mr. W. V. Curry, the past few weeks, shows a slight improvement over the past week. Only a faint hope is entertained for her recovery and loved ones from a distance have arrived upon advice of her serious condition. It is the sincere wish of her many friends that she will be spared to many years of usefulness.

Mrs. Mattie Jordan of Lois Springs, was called to Tusculooosa Saturday on account of the illness of a grandson.

Mrs. H. F. Heritage of Reform, is spending this week in Birmingham, a guest in the home of her father, Mr. W. L. Saeckey.

The many friends of Mrs. Grady Mullins will be delighted to learn that she is rapidly recovering from an illness that has necessitated her remaining in bed for several weeks, her condition having improved to such an extent that she is now able to sit up a part of the day.

Mrs. Fred Wilson and interesting little daughter, of Memphis, Tenn., arrived in the city the latter part of the past week and are now the welcome guests of their aunt, Mrs. J. H. Holmes at the Phoenix Hotel in Carrollton.

Mrs. R. D. Algee, of Birmingham, and Mrs. E. J. Hodge, of Monroeville, are now in Carrollton, having been called here on account of the desperate illness of their aunt, Mrs. Alice Gardner.

Mr. W. F. Osburn, who recently moved from Carrollton to Tusculooosa, was a business visitor here the latter part of last week and was extended a cordial welcome by his friends in this section.

Mr. W. G. Robertson spent Friday in Columbus on business.

Separate Skirts for Late Autumn

The separate skirt steadily gains favor with American women because it is in line for advancement. It fits in with a new order of things in apparel, and that is, the demand for smart, dressy clothes that remain informal even though they are made of rich or dainty fabrics. But American women show very decided preferences in the styles they choose; their taste runs toward plain skirts of heavy silk fiber materials and skirts of georgette or organdy with wide hems and tucks. The trend is away from fussiness, but little clever originalities, in details of finishing and making, are all the more appreciated because of this. Paris has presented for fall, somewhat elaborate models of striped and plaid velvet and other materials and possibly, with the coming of cold weather, we may take up with these.

Here is a skirt for present wear of heavy white crepe material. It has the fashionable length and wide hem, the latter serving to weight the supple crepe so that it hangs beautifully. Its very wide, folded girdle is loose about the waist but its casual folds are tucked to place. It fastens at the side with snap fasteners under a narrow fold, but two large, handsome buttons make a fine pretense of usefulness placed over the invisible fasteners.

Little baskets are embroidered in brown wool on the skirt, and yellow figures, that may be translated, according to your imagination, into fruit or flowers, overflow them. These little baskets have handles of the brown wool which serve to camouflage the slit pockets that slip into the skirt at each side under them. Except for them there would be nothing unusual about this skirt but with them it has the one thing needful to put it in the class of distinctive models.

The blouse worn with this skirt is a tailored model of white crepe de chine, but those handsome skirts are very adaptable and are worn with much fancier blouses than the one pictured when occasion demands them.

Julia Bottomley

National Legislation of the Meat Packing Industry

1. Will not increase the amount of meat you can buy for a dollar.
2. Will not raise more animals.
3. Will not produce more meat.
4. Will not stop fluctuations in live-stock receipts or prices.
5. Will not increase the output of the packing houses.
6. Will not prevent strikes.
7. Will not reduce transportation charges.
8. Will not reduce the retailer's cost of doing business.
9. Will not increase the demand for the cheaper cuts of meat.
10. Will not lessen the consumer's demand for expensive delivery and credit service.
11. Can not at the same time raise prices paid farmers for live stock, and lower prices paid by consumers for meat.

But the slowing up of efficiency due to cumbersome governmental routine will have the effect of increasing the manufacturing charges between the cost of live stock and the cost of meats, thus forcing lower live-stock prices or higher meat prices.

The packing industry as now conducted, is characterized by keen competition, highest efficiency, and unusually low profits.
