

PETERS' PILLS.

THESE PILLS have long been known, and appreciated for their extraordinary and immediate powers of restoring perfect health, to persons suffering under nearly every kind of diseases to which the human frame is liable.

In many hundred of certificated instances they have rescued sufferers from the very verge of an untimely grave, after all the deceptive nostrums of the day had utterly failed; and to many thousands the have permanently secured that uniform enjoyment of health, without which life itself is but a partial blessing. So great indeed, has their efficacy invariably and infallibly proved that it has appeared scarcely less than miraculous to those who were unacquainted with the beautiful philosophical principles on which they consequently act.

The proprietor rejoices in the opportunity afforded by the universal diffusion of the daily press, for placing his vegetable pills, within the knowledge and reach of every individual in the community. Unlike the host of pernicious quackeries, which boast of vegetable ingredients, these pills are purely and solely vegetable, and contain neither Mercury, Antimony, Arsenic, or any other mineral, in any form whatever. They are entirely composed of extracts from rare and powerful plants, the virtues of which, though long known to several Indian tribes, and recently to some eminent pharmaceutical chemists; are altogether unknown to the ignorant pretenders to medical science, and were never before administered in so happily efficacious a combination.

Whenever these pills have been once introduced into a family, they become a standing remedy, and are called for again and again, which is sufficient proof of their good qualities.

It is a truth, that almost every person who has ever used Peters' Vegetable Pills, recommend them to their friends, and it is from this circumstance alone, that they have gained such an unrivalled reputation.

When taken according to the directions accompanying them, they are highly beneficial in the prevention and cure of bilious fever, fever and ague, dyspepsia, liver complaints, sick headache, jaundice, asthma, rheumatism, enlargement of the spleen, piles, cramp and bilious cholera, female obstructions, heart burn, pleurisy, furred tongue, distention of the stomach and bowels, incessant diarrhoea, flatulence, habitual costiveness, loss of appetite, blotched or sallow complexion, and in all cases, of torpor of the bowels, when a cathartic or an aperient is needed. They have the testimony of the whole medical professions in their favor, while not a single case of ill consequences or inefficiency, can be alleged against them.

Prepared by Jos. Priestly Peters, M. D., at his Institution, for the cure of obstinate diseases, by means of Vegetable remedies, No. 129 Liberty Street, New York. Each box contains 40 pills—price 75 Cents.

More than two millions of boxes of these celebrated pills have been sold in the United States since January, 1835.

Dr. Peters has received upwards of fifteen hundred certificates, all given in consequence of the good done by his Medicines.

Be careful to enquire for Peters' Vegetable Pills—They are for sale in Holly Springs, at the Store of Messrs O. D. Sledge & Co. and can be had in almost every town in the State.
