

PROSPECTUS OF THE HOLLY SPRINGS BANNER

No portion of the South or West does the growing importance of any place more forcibly point to a suitable location of a public journal than Holly Springs.

In establishing at this place a public journal, the interest of the proprietors unite with their wishes to devote its columns; first, to the advancement of the prosperity of our town and county, and to those interests which our growing importance, healthful situation and fertility of soil at once entitle us.

To render our paper deserving of patronage, no pains will be spared on our part to adapt our selections of general intelligence, to the tastes of all classes of readers.

In regard to our politics, although it is not designed that the BANNER shall be strictly a party paper, by which we at present understand the prostitution of the public press to indiscriminate abuse of its opponents in politics, and the vulgar and indecent denunciations of those who differ with it in opinion—yet still it will be our determination, by all proper and legitimate arguments, by respectful appeals, and by the utmost economy of fair and honorable reasoning, to advance the interests of that party with which circumstances has identified us, and with which, we believe, are identified the best interests and prosperity of our country.

Subscriptions are respectfully solicited by J. GREGG WILSON & CO. May 9, 1839. 162 Nassau street.

In order to extend the sphere of their influence and usefulness, and in accordance with a general wish, the price of the DAILY WHIG is hereby reduced to five dollars per annum, and that of the Weekly Whig to two dollars and fifty cents, or five copies for ten dollars, at which prices subscriptions are respectfully solicited.

PROPOSALS For publishing at Hernando Mi. a New Paper to be called the NORTH MISSISSIPPIAN.

The "NORTH MISSISSIPPIAN" is designed to be strictly a News Paper, and will be devoted to every subject which may be deemed of use or interest to its readers.

It is not intended that the "North Mississippian" shall be a partisan paper; but, under a government like ours, where the humblest individual is called to the performance of sacred and important duties, none should have lukewarm or neutral feelings in regard to the public policy of the country, nor have we; and our views upon political, as well as other subjects, will be freely expressed whenever we may deem it necessary—but it will be done in that spirit which best accords with our feelings of temperance and courtesy.

Having devoted about four years of our life to the duties of an editor, we flatter ourselves that we are not altogether unqualified for the task that will devolve upon us.

The first Number of the North Mississippian will be issued about the first of May next, with entirely new materials, upon a medium sheet, at Three Dollars in advance.

PETERS' PILLS.

THESE PILLS have long been known, and appreciated for their extraordinary and immediate powers of restoring perfect health, to persons suffering under nearly every kind of disease to which the human frame is liable.

In many hundred of certified instances they even rescued sufferers from the very verge of an untimely grave, after all the deceptive nostrums of the day had utterly failed; and to many thousands have permanently secured that uniform enjoyment of health, without which life itself is but a partial blessing.

The proprietor rejoices in the opportunity afforded by the universal diffusion of the daily press, for placing his vegetable pills, within the knowledge and reach of every individual in the community. Unlike the host of pernicious quackeries, which boast of vegetable ingredients, these pills are purely and solely vegetable, and contain neither Mercury, Antimony, Arsenic, nor any other mineral, in any form whatever.

Whenever these pills have been once introduced into a family, they become a standing remedy, and are called for again and again, which is sufficient proof of their good qualities.

It is a truth, that almost every person who has ever used Peters' Vegetable Pills, recommend them to their friends, and it is from this circumstance alone, that they have gained such an unrivalled reputation.

When taken according to the directions accompanying them, they are highly beneficial in the prevention and cure of bilious fever, fever and ague, dyspepsia, liver complaints, sick headache, jaundice, asthma, rheumatism, enlargement of the spleen, piles, cramp and bilious colic, female obstructions, heart burn, pleurisy, furred tongue, distention of the stomach and bowels, incipient diarrhoea, flatulence, habitual constipation, loss of appetite, bloated or sallow complexion, and in all cases, of torpor of the bowels, when a cathartic or an aperient is needed.

Prepared by Jos. Priestly Peters, M. D., at his Institution, for the cure of obstinate diseases, by means of Vegetable Remedies, No. 129 Liberty Street, New York. Each box contains 40 pills—price 75 Cents.

More than two millions of boxes of these celebrated pills have been sold in the United States since January, 1835.

Dr. Peters has received upwards of fifteen hundred certificates, all given in consequence of the good done by his Medicines.

Be careful to enquire for Peters' Vegetable Pills—They are for sale in Holly Springs, at the Store of Messrs O. D. Sledge & Co. and can be had in almost every town in the State. April 27—15—3m
