

## A HANDSOME LOT OF GATHERED GEMS.

Ring rule also prevails in the circus. Cutting remarks often cut both ways. Some people are afraid, and call it virtue. The nearsighted man is a close observer. Never argue with a man who drinks whisky.

**SHATTERS ALL RECORDS.**  
Twice in hospital, F. A. Gullledge, Verbena, Ala., paid a vast sum to doctors to cure a severe case of piles, causing 24 tumors. When all failed, Backen's Arnica Salve soon cured him. Subdues inflammation, conquers Aches, kills Pains. Best salve in the world. 25c at Hall & Lyles drug store.

The cattle thief plays a game of hide and seek. It is hard to make plain facts look attractive. A race meet is where a lot of fellows meet disaster. What mean things can pass through some sweet lips!

**JUST LOOK AT HER.**  
Whence came that sprightly step, faultless skin, rich, rosy complexion, smiling face. She looks good, feels good. Here's her secret. She uses Dr. King's New Life Pills. Result—all organs active, digestion good, no headaches, no chance for "blues." Try them yourself. Only 25c at Hall & Lyles.

The single standard is not popular with young ladies. All kinds of useful employment are equally honorable. Printers do not differ from the ordinary type of men. Bouncing babies often develop into plain rubber-necks.

**LOOK PLEASANT, PLEASE.**  
Photographer C. C. Harlan, of Eaton, O., can do so now, though for years he couldn't, because he suffered untold agony from the worst form of indigestion. All physicians and medicine failed to help him till he tried Electric Bitters, which worked such wonders for him that he declares they are a godsend to sufferers from dyspepsia and stomach troubles. Unrivalled for diseases of the Stomach, Liver and Kidneys, they build up and give new life to the whole system. Try them. Only 50c. Guaranteed by Hall & Lyles druggists.

Tears are to a woman what cuss words are to a man. Maybe the mosquito is also responsible for bilious fever. It is when a man gets tight that his tongue becomes loose. Bartenders might also be ranked in the dramatic art class.

**ALL WERE SAVED.**  
"For years I suffered such untold misery from Bronchitis," writes J. H. Johnston, of Broughton, Ga., "that often I was unable to work. Then, when everything else failed, I was wholly cured by Dr. King's New Discovery for Consumption. My wife suffered intensely from Asthma, till it cured her, and all our experience goes to show it is the best Croup medicine in the world." A trial will convince you it's unrivalled for Throat and Lung disease. Guaranteed bottles 50c and \$1.00. Trial bottles free at Hall & Lyles.

The busy man gets in his own way when he is in a hurry. The man who is always lying is never in good standing. The first step toward doing good is the inclination to do it. The chiropractor makes his patients acknowledge the corn. Some men are born rich, and others acquire riches, but few trust their riches upon others. As a general proposition man has no choice in his physical make-up, but every man can pick his own teeth. People are always talking about the faults of the children. Still, we grown people are not entirely without them.

**Kodol Dyspepsia Cure**  
Digests what you eat.

One cent's worth of mirth is worth a dollar's worth of anger. Sooner or later the monumental liar will get the marble heart. Considering their cost, law suits ought to last a long time. Love at first sight was never inspired by a man in a bathing suit. Those who have disagreeable news to tell you, always find you in. Even a chronic bore can help a busy man by not hindering him. The shoemaker expects his customers to get there with both feet. From one point of view the hairless always has an attractive figure.

**A NECESSARY PRECAUTION.**  
Don't neglect a cold. It is worse than unpleasant. It is dangerous. By using One Minute Cough Cure you can cure it at once. Allays inflammation, clears the head, soothes and strengthens the mucous membrane. Cures coughs, croup, throat and lung troubles. Absolutely safe. Acts immediately. Children like it. Brown & Bearden.

The average policeman also becomes expert at pulling bananas. Many a man has lost his fortune by being overworked—by his friends. There are a lot of diamonds in the rough that are merely imitations. No one likes to be reminded that there is another side to the story. The bull-headed man is always ready to lock horns with someone.

**IT NEED A TONIC.**  
There are times when your liver needs a tonic. Don't give purgatives that gripe and weaken. DeWitt's Little Early Risers expel all poison from the system and act as a tonic to the liver. W. Scott, 531 Highland ave., Milton, Pa., says: "I have carried DeWitt's Little Early Risers with me for several years and would not be without them." Small and easy to take. Purely vegetable. They never gripe or distress. Brown & Bearden.

Many proverbs are the wit of one and the wisdom of none. The human hog is quick to squeal when things don't come his way. Ridicule no man for his snub nose; you can never tell what will turn up. The fellow who loses his temper can't even things up by finding fault. The most useless man we ever knew was a graduate of Oxford university. The way a man spends his money is an index to the way he spends his life. A woman's way of recalling dates is by their relation to the birth of some baby.

**TO MY FRIENDS**  
It is with joy I tell you what Kodol did for me. I was troubled with my stomach for several months. Upon being advised to use Kodol, I did so, and words cannot tell the good it has done me. A neighbor had dyspepsia so that he had tried most everything. I told him to use Kodol. Words of gratitude have come to me because I recommended it.—Geo. W. Fry, Viola, Iowa. Health and strength, of mind and body, depend on the stomach, and normal activity of the digestive organs. Kodol, the great reconstructive tonic, cures all stomach and bowel troubles, indigestion, dyspepsia. Kodol digests any food food you eat. Take a dose after meals. Brown & Bearden.

It does not take long for a man to become expert at muzzling his conscience. Explorer Baldwin varied the usual course by relieving his expedition himself. We are looking for someone smart enough to explain the religious war in France. Squalls become more frequent as children begin to board the matrimonial bark. In writing a letter, the great genius is the one who remembers what should be left out. When all men are what they pretend to be the millennium problem will be easy. Many a boy starts out in life picking up chips and keeps it up when he becomes a man. All the world's a stage and all the people in it think they ought to have the leading part. Long words, like long dresses, frequently cover something wrong with the understanding. The fact that he is being abused does not keep the plumber from doing his work out of sight. The man who is always raising sand is usually the one with the smallest store of that article. We never knew a worthless character who didn't tell what a great man he was ten years ago. The sooner a man shuffles off this mortal coil the sooner his good qualities will be recognized. Speaking of folks wearing loud clothes, what the matter with the man with the crash suit? The average office seeker shakes your hand before the election, shakes you altogether afterward. Somehow a woman with short hair always makes a man wonder how bad he would look in petticoats. When a farmer comes to town on circus day, and the parade doesn't suit him, he hitches up and goes home.

**DO YOU GET UP WITH A LAME BACK?**  
Kidney Trouble Makes You Miserable. Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy. It is the great medicinal triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, kidney, bladder, uric acid troubles and Bright's Disease, which is the worst form of kidney trouble. Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work, in private practice, among the helpless too poor to purchase relief and has proved so successful in every case that a special arrangement has been made by which all readers of this paper who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Singhamton, N. Y. The regular fifty cent and dollar sizes are sold by all good druggists.

Digests what you eat.

There is no disputing the fact that a real good whisper is mighty interesting. If a man has a new story, better let him tell it, and get it over with; he will not be satisfied until he does. In one particular, at least, doctors are clever: they know what you like best to eat, and forbid you eating it. If some people did nothing but mind their own business they would soon become rather narrow-minded.

**CURED PARALYSIS.**  
W. S. Baily, P. O. Truss, Texas, writes: "My wife had been suffering five years with paralysis in her arm, when I was persuaded to use Ballard's Snow Lintment, which cured her all right. I have also used it for old sores, frost bites, and skin eruptions. It does the work." 25c, 50c and \$1.00 at all Druggists.

When the doctors tell a man he can't get well, and he does, what wonderful will power he thinks he has! Every time a woman sews a button on for a man she wonders how in the world a man gets along who has no wife. Every man has a three-fold nature—that which he has, that which he exhibits and that which he thinks he has. Blessed is the man who can repeat the ten commandments after suddenly coming in contact with an icy sidewalk.

**WATCH FOR A CHILL.**  
However slight at this time of the year and this climate, it is the forerunner of malaria. A disposition to yawn, and an all tired out feeling even comes before the chill. Herbine, by its prompt stimulative action on the liver, drives the malaria germs out of the system, purifies the blood, tones up the system and restores health. 50c at all druggists.

Whitelaw Reid must get what satisfaction he can by reading the coronation story cabled to his own newspaper. There are some who go to church for no other apparent reason than to look in superior way at those who don't. A ton or two of gold will cure the worst case of gold fever, but not all the hay in creation will stop the hay fever. The athlete does not stand much more show than the ordinary man when it comes to a go with strong drink.

**PHYSICIANS AND DRUGGISTS.**  
Ford & Sturgeon, a prominent drug firm at Rocky Hill Station, Ky., writes: "We are republished by Dr. G. B. Snigley to send for Herbine for the benefit of our customers. We ordered three dozen in December, and we are glad to say, Herbine has given such great satisfaction that we have duplicated in this three times, and today we gave your salesman another order. We beg to say Dr. G. B. Snigley takes pleasure in recommending Herbine." 50c bottle at all Druggists.

The doctors wanted to operate on a man to save his life, but he saved his own life by refusing to permit the operation. What has become of the old fashioned woman who inquired of her sulking boy: "Has the cat got your tongue?" There is a class of men who do not think the purse is worth fighting for when nothing but their reputation is at stake. Put in a door bell. Your guests will do enough knocking before they go home without beginning on the front door. A man does not have to be connected with the postoffice to know that women make the biggest kicks over late males. After a man has realized that he is a failure he can at least write magazine articles advising young men how to succeed. If you start to tell any one your troubles, and he turns the subject and doesn't give you a chance, hunt him up afterward and thank him for it.

Health, when lost, is one of the hardest things to recover, yet it is a thing the average man pays little attention to. When a politician boasts that he has never been bribed, away down in his heart he is hoping that his luck will change. In the South, when chickens come home to roost they are generally stolen before they can make themselves comfortable. The lawyer who advertises to secure divorces without publicity somehow or other doesn't seem to make a hit with actresses. If a man is particularly kind and devoted to his wife on a Thursday, she is less apt to remember that that is prayer-meeting night. It is a great pity that those who try to find out an old maid's age are not prompted by the desire to buy her birthday presents. Tracy would have made a considerable saving both in blood and wear and tear if he had committed suicide a few weeks earlier. However indifferently he may do other work, the carpenter is careful enough when securing the scaffold on which he is to work. The women whose husband goes with her to prayer meeting has something to be proud enough of to take to the very front seat. Don't get up a picnic. Wait to be invited, and then make all the trouble you can for the men who get it up and pay all the expenses. Young people wonder how old folks can get up as early in the morning as they do. The explanation is simple: they go to bed early. What the European powers should do is to arrange for general disarmament at the drop of a hat. Uncle Sam might give the signal. A certain boy walked along the street with a gun. He was going hunting. "You couldn't hit a tied rabbit," another boy said. It is as important that a man should acquire new ways of complimenting as that a woman should learn new ways of cooking potatoes. We can't recall anything that makes us feel worse than to see the heading in a paper, "The Needs of Cuba." We need so many things, and so do the neighbors, that we can't arouse interest in the needs of Cuba.

**A WORM KILLER.**  
J. A. J. Montgomery, Puxico, Wayne Co., Mo., writes: "I have little twin girls, who have been bothered with worms all their lives. I have tried everything to relieve them which failed until I used White's Cream Vermifuge; the first two doses brought four worms from one of them, the next two doses, twelve, one of them measuring twelve inches; the other child was only relieved of four worms. It is a most excellent medicine." White's Cream Vermifuge is good for children. It not only destroys worms, it helps the child to perfect growth, wards off sickness. 25c at all druggists.
