Wanted at once 5,000 bushels of shelled corn for which we will pay the highest market price.

OKOLONA COTTON OIL CO.

When in need of fence posts or pickets call and get our prices; will be pleased to see you at any time.

ALERT HANDLE CO.

The city of Okolona is in awful sanitary condition; some of the streets smell bad enough to attract the attention of the vultures. In fact the ditches all over town need cleaning out and unless this is done very soon all may expect an epidemic of malignant fever. The street committee is giving the town less attention this year than ever before. It is the duty of each citizen to see that this committee do something at once to improve the situation.

We are now prepared to furnish Rough Building Lumber, in Gum Oak and other varieties of timber. Send us your bill and let us saw it out to your orders. Yours for dry weather,

ALERT HANDLE CO.

The East Lake Fishing Club having had their charter approved by the Governor and Secretary of State, met on the 23rd and elected C. R. King, F. M. Elliott, Dr. D. F. Morgan, W. G. Mabry and Dale Sansom as a board of directors. The directors then elected W. G. Mabry president and E. J. Ezell secretary and treasurer, whose term of office shall continue for one year. In order to make some needed improvements an assessment of \$15.00 was made upon each member. East Lake is a beautiful body of water and is now well stocked with trout and black bass. The rules and by-laws governing this club are very strict, only members are now permitted on the grounds of the club. Notices have been put up calling the public attention to the fact that the grounds are private and no one but members permitted to go in the inclosure.

Miss Alice Bannerman is visiting in Tupelo this week.

# THE BEST FRIENDS OF PE-RU-NA ARE THE MOTHERS AND CHILDREN

When Sickness Comes to the Little Ones It is the Mother Who Chiefly Suffers.

She suffers even more than the child who happens to be sick. Her sympathy is deeper than that of any other member of the family. The mothers look forward with dread to the torrid heat of summer, thinking of their children and the many liabilities to disease that are before them. Spring and summer are sure to bring ailments, especially among the little folks. It does not take a mother very long to discover that Peruna is the best friend she has in times of illness among the children. The doctors may come and go with their different theories and constant change of remedies. The doctor of years ago gave entirely different remedies than he does today. Each year finds some change in his prescriptions and in the drugs he relies upon.

**A Multitude of Mothers** Have discovered that Peruna is the stand-by, and that in all the ailments of spring and summer to which the children are subjected, Peruna is the remedy that will most quickly relieve. Whether it is spring fever or stomach derangement, whether it is indigestion or bowel disease, a catarrhal congestion of the mucous surfaces is the cause. Peruna quickly relieves this condition of the mucous membranes. Its operation is prompt, the children do not dislike to take the medicine, it has no deleterious effects in any part of the body. It simply removes the cause of the disagreeable symptoms and restores the health.

Peruna is not a physic. Peruna is not a narcotic. Peruna does not produce any drug habit, however long it may be taken. Peruna is not a stimulant.

Peruna is a specific remedy for all catarrhal ailments of winter and summer, acute or chronic.

The mothers all over the United States are the best friends that Peruna has.

**The Mothers Hold Per-na in High Esteem.**

Not only because it has cured them of their various ailments, but because it always rescues the children from the throes and grasp of catarrhal diseases. We have in our files hundreds of testimonials from mothers whose children have been cured by Peruna. However, the large majority of mothers who use Peruna, we never hear from.

But we do hear from a great number of mothers who are so overjoyed at some special good they have received from Peruna that they cannot restrain their enthusiasm. They are anxious to share these benefits with other mothers.

**The Benefit Which the Children of the United States Have Received From Pe-ru-na Can Never Be Put Into Words.**

The chronic ailments it has prevented, the suffering it has mitigated, will never be fully recorded. But at least this much can be said that the coming generation owes a great debt to Peruna, for it is in the tender years of youth that slight ailments are liable to develop into lasting diseases, thus blasting the whole career of the individual.

The mothers who are bringing up their children to-day to believe in Peruna are doing a great work for humanity. These children brought up to believe in Peruna from the start, will, when they become heads of families themselves, use Peruna with unquestioning faith.

**Pe-ru-na Protects the Entire Household.**

As soon as the value of Peruna is appreciated by every household, both as a preventive and cure, tens of thousands of lives will be saved, and hundreds of thousands of chronic, lingering cases of catarrh will be prevented.

Mrs. Thessa Rooke, 556 N. Ashland Ave., Chicago, Ill., Treasurer Ladies' of the Maccabees, writes:

"In our home Peruna is the only medicine we have. Grandmother, mother, father and child, all have used Peruna. It is our great remedy for catarrh of the stomach and head, colds, and female complaints of which it has cured me. We find it of great value when my husband becomes worn out or catches cold. A couple of doses cure him."

"If the baby has colic, or any stomach disorders, a dose or two cures her."

"I consider Peruna finer than any doctor's medicine that I have ever tried, and I know that as long as we have it in the house, we will all be able to keep in good health."—Thessa Rooke.

**No Doctor Required.**

Mr. Edward Otto, 957 De Soto street, St. Paul, Minn., writes:

"I cannot say enough for Peruna. It has done great work in my family, especially for my oldest boy. We had doctored with three or four different doctors and they did not seem to do him any good."

"We gave up hopes of cure, and so did they, but we pulled him through on Peruna."

"We had several doctors and they said they could do no more for him so we tried Peruna as a last resort, and that did the work. Since then we keep it in the house all the time, and no doctor is required."—Edward Otto.

**Pe-ru-na Contains No Narcotics.**

One reason why Peruna has found permanent use in so many homes is that it contains no narcotic of any kind. Peruna is perfectly harmless. It can be used any length of time without acquiring a drug habit. Peruna does not produce temporary results. It is permanent in its effect.

It has no bad effect upon the system, and gradually eliminates catarrh by removing the cause of catarrh.

There are a multitude of homes where Peruna has been used off and on for twenty years.

Such a thing could not be possible if Peruna contained any drugs of a narcotic nature.

Mr. G. H. Farmer, New Martinsville, W. Va., writes:

"Our little son, Harry, is well and healthy now and we think if we do as you directed us, he will keep his health and grow strong."

"We know that our little son's life was saved by your wonderful medicine, Peruna, and we shall always praise Peruna and use it in our family when needed."

"Should we have any more catarrhal trouble in our family, we shall always write to you for treatment."—G. H. Farmer.

Mr. Howard Andrew Sterner, Muddy Creek, Pa., writes:

"I have Peruna in my house all the time and won't be without it. It is good for children when they take a cold or croup. It cured my baby boy of croup."

"I have introduced Peruna into six families since I received your last letter, and four have seen relief already."—Howard Andrew Sterner.

Pe-ru-na Should Be Kept In Every Household Where There Are Little Children.

Peruna should be kept in the house all the time. Don't wait until the child is sick, then send to a drug store. But, have Peruna on hand—accept no substitute.

Children are especially liable to acute catarrh. Indeed, most of the affections of childhood are catarrh. All forms of sore throat, quinsy, croup, hoarseness, laryngitis, etc., are but different phases of catarrh.

Mrs. Amelias Saller, Menasha, Wis., writes:

"I have used Peruna for a number of years. It cured me of chronic catarrh which I suffered with from infancy."

"When my three children were born they all had catarrh, but I have given them Peruna and find it very effective in ridding them of this horrible trouble. I find that it is also good to give them as a tonic and a preventative of colds and colic."

"In fact, I consider it a household blessing. I would not know how to raise my children without it. I am pleased to give it my recommendation."—Amelias Saller.
