Bright Youngster. The other day a precocious 10-year-old came into the office, and while her mother waited for the doctor the child entertained the whole office. She talked on every subject she could think of, and at last, looking out of the window at the dingy sky, she exclaimed: "My goodness! Ain't the smoke the winit!"—Exchange.

Water Affects Teeth. Scientific Investigation discloses the fact that where "hard" water is used for drinking, good teeth are the general result. "Hard" water contains a large amount of lime which enters largely into the composition of teeth.

IT COSTS TOO MUCH TO BE SICK

Keep Your Blood in Good Condition and You Throw Off Disease

Pay Attention to Your Health No Need to Take Chances With It. Pepto-Mangan Makes Rich, Red Blood

When you first feel a tired, all-gone feeling and look pale, your blood is losing in quality. Weak, impoverished blood has no power to fight disease. It takes red blood to keep you well.

If you keep your blood in good condition it will fight off disease. You will not be such an easy prey to long and expensive sickness. With this blood you take chances every day.

There's no need doing that. You can take Pepto-Mangan and build up rich, red blood. With red blood you are able to win in the fight against prevailing diseases. Try Pepto-Mangan. It comes in tablet or liquid form. Take either kind. The tablet has the same medicinal value as the liquid. But be sure you get the genuine Pepto-Mangan. Ask for "Gude's" and be sure that the name "Gude's Pepto-Mangan" is on the package. adv.

The Quinine That Does Not Affect the Head Because of its tonic and laxative effect, LAXATIVE BROMO QUININE is better than ordinary Quinine and does not cause nervousness nor ringing in head. Remember the full name and look for the signature of W. GROVE, INC.

Sir Percy Cox has been appointed governor general of Mesopotamia following his distinguished services as commander of the British troops there. That fertile but undeveloped region on the Tigris and the Euphrates rivers is now in the process of being made over politically, and agriculturally and industrially it is being modernized as rapidly as possible, so the new governor general has a task of far-reaching responsibility.

Many Words in Small Space. A wonderful example of microscopic writing is the work of a Canadian, who succeeded in transcribing Francois Copee's novel of "Henriette," containing over 19,000 words, on the back of an ordinary cabinet photograph.

You Do More Work. You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness. GROVE'S TASTELESS CHILL TONIC restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value. GROVE'S TASTELESS CHILL TONIC is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood. The Strength-Creating Power of GROVE'S TASTELESS CHILL TONIC has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get GROVE'S TASTELESS CHILL TONIC when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 60c per bottle.

Wanted to Remain Awhile. Betty was looking rather poorly after several weeks' illness. Aunt Smith, who had not seen her since she was a tiny baby, after kissing her, turned to her mother and said, rather thoughtlessly: "My, how thin she is! She looks as if a whiff of wind would blow her away." This must have worried Betty all day, for that night when she had finished all the customary "God blesses" in her prayer she added his earnest postscript: "And, please God, make me thicker, for I don't want to be blown away."

Furniture Oil. To renovate scratched furniture, mix together in a bottle equal quantities of the best sand oil and vinegar. Shake vigorously, then it is ready to use. Take a small pad or soft brush, dip it into the solution and rub well into the wood until all scratches have disappeared. Then polish with another soft rag. You will be delighted with the result.

The Reform of Oneself. To reform a world, to reform a nation, no wise man will undertake; and all but foolish men know, that the only solid, though a far slower reformation, is what each begins and perfects on himself.—Thomas Carlyle.

No Worms in a Healthy Child. All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 60c per bottle.

Mr. Thomas W. Tannor, Specialist in Cotton Marketing U. S. Department of Agriculture says: "In a recent test by this Bureau it was shown that a bale of cotton exposed to the weather for six months actually lost by weight damage seventy-six pounds" in addition to the damage to the staple of more than \$20.00 at present day prices.
