Xmas Neckwear

that he won't "shine his shoes with"

It's almost inconceivable to think that a man would del-
iberately shine his shoes with a \$2.50 necktie.
But we happen to know of a case where it happened.
The scarf in question was too vivid to shine forth from
his bosom—so he let it shine up his boots—that's the
man of it.

In introducing our Christmas Neckwear we tell this
story to drive home to the Ladies of Pascagoula and
vicinity the importance of buying the sort of scarfs that
real men like to wear.

That's the kind of cravats this Christmas display is
made up of.
