

The Pascagoula Chronicle.

VOLUME XXIII

PASCAGOULA, MISSISSIPPI, SATURDAY, OCT. 11, 1919

NUMBER 6

POINT HAPPENINGS

From Our Sister City,
by the Chronicle
Correspondent.

Frank McInnis and two children returned Saturday from an excursion to relatives in Hopkins.

Plaber of Chicora was a visitor here, guest at the home of Mr. F. Fisher. Smith spent the fore part of the day in New Orleans.

Geo. Carter and two children, Hattiesburg are guests of Mr. and Mrs. McLeod.

Lee Prestwood left Wednesday afternoon to attend the Red Cross Roll Call.

The marriage of Miss Rosa and Mr. Charles Stevens on Saturday. Corinth came as a surprise to the acquaintances here.

It is remembered here by friends and former pupils, she was a member of the high school for several seasons.

H. Battles, U. S. assistant at Mobile, was a guest Thursday. A. Q. Hunt.

It is of interest to friends here to learn that he has been president of the Freshmen at the A. & M. college in Louisiana. The class includes 800 students and to have been elected president is quite a compliment.

It is stated that Gene has made many on so short an acquaintance, since his first year at college.

Stamie Lewis of Grenada, who was elected to fill the vacancy in the school faculty caused by the death of Miss Lois Wallace, a few weeks and assumed her duties.

Teacher Association held their meeting in the Central school auditorium Friday afternoon. Several matters of importance were discussed, among them the "back to school campaign" which will be undertaken here next week, when the homes where children who are not in school will be visited and parents urged to have them put in school at this meeting.

Prof. Alexander, who has been secretary and treasurer of the Lyceum course, which is being held here this winter under the auspices of the association.

Mr. and Mrs. Richmond, known as the Old Brown, one of the oldest couples in the town, were totally destroyed by fire Thursday night. The origin of the fire is unknown, but it is supposed to have started in the kitchen flue, where the house was partially consumed.

The residence of Mrs. McInnis, caught fire several weeks ago and was considerably damaged. Mrs. Harper of Mobile arrived for a short visit to her uncle, Mr. Hobdy and family.

T. E. Spencer and J. Bounds, N. R. and son, Woodson, returned Sunday, where they attended a meeting at the Baptist church in the interest of the 1000 mission drive.

Mrs. J. F. Carter are spending a week in New Orleans, the daughter, Mrs. F. Lehn.

Carl Eley, who has been visiting at Hulkey, returned home Saturday. She was accompanied home by Eley, who had joined her on Saturday.

Harry Morrison of Heidelberg returned Saturday and Sunday in town with friends.

John Hobdy of Vinegar Bend and Mrs. Mack Hobdy.

and Mrs. J. A. Moore, Miss Vera and Miss Sara Fairley returned Friday. They were accompanied by John Moore, who is now at the Seashore Camp Grounds.

C. M. Fairley spent several days last week, the guest of A. F. Dantzier.

and Mrs. K. W. Burnham spent part of the week in New Orleans.

prayer services at the Presbyterian church on Wednesday night has called off and instead there will be singing services at seven-thirty on Friday evening by Dr. Watt. Dr. has resigned his pastorate here and will preach his last sermon Sunday evening. The other churches called off their services and will be singing.

R. E. L. Morgan spent Sunday with Mrs. Morgan, who is in the infirmary there.

and Mrs. N. R. Stone were guests of Mr. and Mrs. R. Q. Dantzier at the Baptist church in the interest of the revival meeting at Ocean Springs soon.

Delahunt spent several days in New Orleans this week.

R. R. Rant returned home Saturday after a month's visit in Montgomery.

Ellis of Mobile was a week-end guest at the home of Mr. and Mrs. A. M. Cowan.

meeting of the officers of the

MAYOR'S ASSAILANT SKIPS.

Geo. Alexander, the Greek who viciously assaulted Mayor Lewis on Saturday afternoon of last week, and whose trial was set for Wednesday morning, unceremoniously took his departure a couple of hours before the hour set for trial, leaving by motor boat for parts unknown. When his absence was discovered, Chief of Police Ezell and a party gave pursuit in the tugboat Echo, but did not succeed in locating him.

News of the Greek's unprovoked attack on the head of city affairs, while in the discharge of official duty did not become publicly known until Sunday. In the meantime Alexander had been arrested and released under a \$500 bond. Indignation ran high and there was talk of summary punishment, but wiser counsel prevailed and it was decided to await the outcome of the trial.

In the affray Mr. Lewis put up a good fight, but the combination of a younger man in front with an iron bar for a weapon, while a vicious bulldog (about which the mayor had gone to warn the Greek) attacked from the rear, was more than he could handle successfully. As a result of the encounter he had several bruises about the face and a bad contusion on the leg, where the dog bit him. The fight was stopped by the intervention of the man's wife and others.

Alexander, it is alleged, was a whiskey runner and blind tiger operator. After his release under bond he is stated to have made threats as to what he would do to the mayor if he troubled him further. One of his countrymen is also said to have been the bearer of a threat to the mayor in which he stated that Alexander was a "bad man" and if the charge was pushed against him he might do the mayor harm.

For the good name of the city it is probably well that Alexander has taken his departure. And in the present mood of our people further contempt of constituted authority might provoke serious trouble for his sympathizers.

"When Bearcat Went Dry."

The biggest six reel feature of the year is "When Bearcat Went Dry," which will be the attraction at the Dixie theatre on Thursday, October 16. One of the biggest fight scenes ever shown in a motion picture is in this thriller. It is a battle royal between fifty men and takes place in the moonlight on a beach. The scene is a masterpiece of moonshiners.

Mrs. J. I. Ford, G. A. Hollister, Dora Jane, T. G. Hibbler and Eugene Gauthier; Messrs. E. B. Marshall and Rev. John Chipman attended the Roll Call of the American Red Cross Society in New Orleans and at Hattiesburg as representatives of the Pascagoula branch of the Red Cross Society, which took place Wednesday and Thursday of this week.

Dr. J. J. Jones of Lacedale was a visitor to Pascagoula Monday, leaving the same afternoon for Jackson, Miss., to take up the duties of his new field of work, to which he has recently been promoted by the United States Government.

North Jackson county Chapter of the American Red Cross at 10 o'clock Wednesday morning the following report was handed in by Miss N. Prestwood, executive secretary of the chapter: Service rendered to 25 families; information given to 7 families; relief given to 3 families, eleven new cases, visits made to 11 families 24 active cases. A great deal of attention has been given by the secretary in tracing allotments and allowances, back pay, Liberty Bonds and filliclaims for compensation.

A real live wire league has been organized here with a view of making Moss Point "The Town Beautiful." Literature for the Boy Scouts is on hand and Sup't. W. M. Alexander and Will Sullivan are drawing plans for an organization and a meeting of all the boys in the community is called for Saturday afternoon.

The treasurer's report shows that the amount of \$40.00 was expended by the Chapter during the month. The news of the death of Mrs. I. W. Cooper is the source of much regret to friends and acquaintances here, where she lived for several years during the pastorate of Rev. Cooper who served the Methodist church here a number of years ago.

H. M. Rawlings of New Orleans spent Sunday here at the home of Mr. and Mrs. Sam Denny.

Mr. J. J. McIntosh and Rev. J. C. Watt attended a meeting of the Presbytery which was held at Philadelphia, Miss., this week.

Mr. and Mrs. Clinton Wood and young son of Milton, Fla., are guests of relatives here.

Mr. Robert Morehead of Laurel was a business visitor this week.

Miss Youngblood of the New Orleans Division, recreation manager of the Red Cross, is expected next week. She comes in the interest of the Red Cross work here.

JUNIOR RED CROSS.

With a membership of 10,000,000 American school children the Junior Red Cross is planning extensive activities in connection with the peace program of the American Red Cross, to sustain which the Third Red Cross Roll Call will be held throughout the country November 2 to 11.

Chief among the activities in which the boys and girls will engage will be extending relief to less fortunate children in warswept Europe and lending a helping hand to suffering children in this country particularly through the Red Cross Home Service. This assistance in the home towns will take forms, such as providing clothes and other necessities to children of service men disabled in the war; helping children threatened with tuberculosis to build up their strength at open air camps; helping crippled children by providing companionship, crutches and doctor's care, or finding means of transportation to and from school; founding free beds in children's hospitals and sending flowers, books and toys to the tiny patients that use them.

Members of the Junior Red Cross will be kept informed of the results attending their efforts for child victims of the war abroad through a new monthly bulletin which will be issued through the school year. Through this publication they will learn about the school farms their contributions provided French boys who lost their homes in the war, the clothing they sent suffering children of many lands, the vacations provided a thousand war orphans from the crowded cities of France, the thirty-thousand chairs and ten thousand tables the Juniors have been making for the homes of repatriated war refugees, and the hospitals and orphanages they helped establish.

The Junior Red Cross is organized in schools, public, private and parochial, throughout the United States by memberships that include all the pupils. Its funds are raised by the combined effort of the children through entertainment salvage work, and odd pennies.

"Her Purchase Price."

Bessie Barriscale scores another remarkable characterization in "Her Purchase Price," her latest production made for Robertson-Cole and distributed by Exhibitors Mutual. The blonde star, who has made a record for versatility in her production, is playing the part of a young woman, a demure wife to a naughty danseuse, blossoms out in "Her Purchase Price" as an Oriental Pearl of Paradise who is bought by an English lord, because his wife, and is introduced into the upper-christ of London aristocracy.

When her husband loses his fortune in speculation, The Pearl, in order to get the money to save him, offers to sell herself to a rich bachelor-duke. And thereby hangs the tale!

Bessie—beautiful, blonde Bessie B.—wears a black wig which camouflages her riotous tresses. You can't have an Arabian Harem-beauty with golden locks, you know.

Besides the wig, Bessie wears a little flimsy raiment in the shape of transparent ebion, in the approved Harem style. Not very much chiffon, it is true, but she looks very delectable in it, or rather through it. One look at Bessie in her moonbeams array will bring the observer back for a second treatment.

WESTERN UNION ROBBED.

Some time Tuesday night a thief or thieves forced the lock of the Western Union Telegraph Co. office and rifled the cash drawer of about \$118. No clue has been found to the robbery. The young lady operator, Miss Gladys Lienhart, was almost prostrated by her loss and friends interested themselves in making up a fund with which to replace the money. About \$110 was subscribed about town for the purpose.

At the Pascagoula Baptist church Wednesday night, October 8, a large number of the members of the church congregation met to hear address by Messrs. T. E. Spencer and Jesi Bounds and Mrs. Dr. R. Rapé of Moss Point on the \$75,000,000 mission campaign of the Southern Baptists. All which were excellent and interestingly very instructive.

At a close there was an informal social gathering at which the Woman's Missionary Union served delicious punch cake.

The American schooner Susie B. Dantzier command of Capt. F. Dethloff, left Thursday for Progresso, Mexico lumber cargo. Mr. Joe Ferrer is taking the voyage as steward.

After delightful visit of several days here Miss Virginia Abrams, Miss Philia Davis returned this week to home at New Orleans.

Mr. R. Busbee of Vinegar Bend, Ala., traffic manager of the A. & M. R. R., was business visitor to Pascagoula today.

ACCIDENT PREVENTION DRIVE.

Atlanta, Ga., Oct. 11.—Plans are rounding into shape for the greatest "safety" movement ever undertaken—the National Railroad Accident Prevention Drive—to be staged during the last two weeks of October by all railroads throughout the country under government control. C. M. Anderson, regional supervisor of safety, announced today that the road of the South were well advanced in their preparations for participating in the drive, with full determination to stand at the top of the list of safe railroads when the record is made up.

Experience has proved that the majority of railroad accidents are avoidable; that a large part of the enormous roll of killed and injured reported every year is due to the unavoidable catastrophes which attract public attention, but to the little lapses from caution which cause death or injuries here and there every day in the year. Education and constant training reduce the number of lapses, big and little, and the preaching of "safety" during the past few years has saved many a life and limb. It was to demonstrate practically what can be done that the director general of railroads approved the country-wide campaign about to be launched. Singular drives have been conducted previously in the different regions, resulting in convincing and gratifying demonstrations.

The general drive will be directed by A. F. Duffy, manager of the safety section, division of operations, from Washington, while Mr. Anderson, with headquarters at Atlanta, will conduct the southern region's campaign.

One of the first steps toward preparing railroad employees of the South for the part they are to play will be the posting of an October calendar with the dates 18th to 31st in red in all stations, offices, tool houses, shops, cabooses and other places where they will attract attention. Industries along railroad lines will be asked to co-operate, especially in the way of removing unnecessary hazards and warning their own employees of the danger ever present on railroad tracks. Owners and drivers of automobiles are also to be called upon to help. Just before the drive begins, cards will be distributed among all who can be reached, urging them to be particularly careful in approaching grade crossings. In fact, the aid of the public generally is wanted, because, while the record will be made as to railroad accidents, the drive to stop accidents of any character on or about railroad property.

K. C.'S WILL GO TO MOBILE.

Pascagoula Council No. 1605 Knights of Columbus will go to Mobile Sunday 125 strong to take part in the Columbus day celebration and initiation. A special train has been chartered for the purpose. The train will leave Pascagoula at 7 a. m. and returning will leave Mobile at 10:30 p. m. The Mobile celebration will be the biggest thing of the kind ever pulled off by the coast K. C.'s and Pascagoula expects to have the biggest out-of-town representation.

CONDEMN PROPERTY FOR TERMINAL TRACT

Special court of eminent domain was held Monday for the purpose of condemning property for right of way for a rail connection with the city docks. A jury was impaneled and after hearing the testimony and viewing the property, damages were awarded in the sum of \$4,718 to various owners. Proceedings were by agreement and there will be no appeal. The way is now clear for laying the tracks to connect the proposed municipal docks with the Louisville & Nashville tracks and the work will be proceeded with at an early date.

INSTALL NEW PUMP.

The city council is installing a Fairbanks-Morse hydraulic pump at the beach water works system to replace the old method of hydraulic ram force for the purpose of increasing the supply of the water to meet the greatly increased demand by the larger population in that section of the city.

First Lieutenant Lawrence Deas, son of the late Mr. Henry Deas of St. John Parish, La., came to this city Wednesday from Camp Gordon, Atlanta, Ga., for a brief visit to relatives.

Lieutenant Deas is a nephew of Mrs. W. A. Cox, Capt. A. F. Chastant and Miss Anna Deas. He saw service in France and visited Germany before embarking for this country.

TYPOS ORGANIZE.

The printers of the port of Pascagoula met several days ago and organized a local of the International Typographical Union, with A. V. Smith as president, and W. Mead Campbell secretary-treasurer. Application has gone into headquarters for a charter, which will doubtless be received in the next few days.

Miss Edith Aitken of Ocean Springs motored to Pascagoula Thursday.

PASCAGOULA WILL GET TIRE FACTORY

Representatives of the Continental Tire and Rubber Co., of New Orleans visited Pascagoula last week to look into the desirability of this city as a location of the plant which they will establish in the South. They were well pleased with the outlook here and submitted a proposition to our people, which was unanimously endorsed by the Chamber of Commerce at a special meeting held at the Secretary's office Monday afternoon. Mr. Geo. A. Wood, president of the company, was present at the request of the Chamber of Commerce and submitted their proposition, which, briefly stated, is as follows:

The Continental Tire & Rubber Company, having a factory for the turning out of rubber automobile tires, located at Muskegon, Mich., for economic reasons desires to locate in the South, preferably on the Gulf coast. The company has an authorized capital of \$300,000.00, and a plant and machinery, patents, etc., worth approximately \$178,000.00, and is now actually engaged in manufacturing Continental Auto Tires, many of which can be seen on autos running in our streets. The proposition is that if the citizens of this port will subscribe to \$50,000.00 of the capital stock of the company, guarantee it a site of not less than twenty acres in extent, with a tax exemption of five years, the company will move its entire plant to this city at once. Such a plant would mean an investment of over a hundred thousand dollars here for buildings and machinery and equipment and a manufacturing enterprise that would have a pay roll at the start of from \$30,000.00 to \$40,000.00 a month, mostly for skilled labor. It would mean also the importation through this port of the rubber and other material necessary for the manufacture of automobile tires.

A committee was appointed to solicit subscriptions to the stock and is meeting with very gratifying success. Our business people are thoroughly impressed with the importance of securing the enterprise and the stock will doubtless be fully subscribed by the end of the week. A tentative site has also been secured.

"The Gentleman From Indiana."

"Dustin Farnum's" photoplay, "The Gentleman From Indiana" which is on view at the Dixie theatre Monday, is an unusual picture. If the picture comes to the forest at night would insure its reputation as one of the achievements of the screen. Revealed by blinding sheets of lightning which play weirdly through floods of rain, Mr. Farnum is arrested and struck down by Whitecaps in one of the most thrilling battles ever filmed.

ELKS HAVE LADIES DAY.

The Pascagoula Lodge B. P. O. E. have designated every Wednesday as "Ladies Day" at their Home, when the ladies of the community are invited to meet at the assembly room for social and civic matters. Previous to the European war the Elks inaugurated the hospitable custom of entertaining the ladies on a special day of each week, and the plan grew into great popularity, card clubs and other organizations using the privilege offered by the lodge.

L. & N. ENGINEERS VISIT.

Superintendent John D. Hise of the Louisville & Nashville Railroad, was here Monday with a corps of engineers conferring with city officials as to the paving of their crossings in connection with the city paving and the construction of a spur track to connect the railroad with the municipal docks.

T ORUSH PAVING.

The Southern Bitulithic Company has increased its force of workmen and will rush its paving contract, the work of which was begun this week.

PASCAGOULA DEFEATED.

Gulfport, Miss., Oct. 6.—Gulfport defeated Pascagoula in a game of baseball played here yesterday by a score of 3 to 1. The game was witnessed by 2,500 fans and at no time was the local village in danger of defeat. The batteries: Goodson and Hanson for Gulfport, and Tabaney and Westbrook for Pascagoula.

Mrs. W. J. York, who visited her son and daughter-in-law, Mr. and Mrs. S. J. York, last week, has returned to her home in Hattiesburg, returning by way of Mobile, where she spent the day with her daughter, Mrs. Joe Winters.

Mr. Henry Rosko returned to Pascagoula this week after a year's absence in Kansas, Missouri and other western states.

A son was born to Mr. and Mrs. Ralph Delmas on Thursday, the 9th instant.

Miss Anne Farnsworth of New Orleans, spent several days here with Miss Marie Allen.

PARAMOUNT ISSUE OF TODAY.

The United States has come out of the world war stronger financially, economically, socially, than any other of the major nations. Yet even to the United States there has been left a heritage of acute problems pressing relentlessly upon the public mind for answer. Never within the memory of two generations have the people of this country been so resolved to meet current issues squarely, so determined to find solution for those problems which are oppressing them and to bring about a better social and economic condition. It is a situation in which the leaders of public thought and action—business men thoughtful women, men and women of influence in every sphere and line of work—must assert their leadership. This is no time to theorize. It is time to do something.

The root of this condition of the public mind lies in the cost of living. It is this that has led to the establishment of that unfortunate procession in which wages for individual labor, pushing up and up, have been constantly and inevitably outstripped by the prices of the commodities which those wages must buy. Unfortunate, this process is called, because it does not accomplish and never can accomplish any permanent readjustment of the condition which it seeks to remedy. Its only possible consequence can be an interruption of the process of production, which must indubitably cause, not an improvement in, but an accentuation of the ill.

For what is it that really underlies this public unrest? It is not that shoes now cost twelve dollars where they once cost six, nor that food stuffs have doubled in price. This is already generally admitted. The public will gladly pay these prices provided that they can pay them and still have proportionately as much left, after the necessities of life have been provided, as they used to have. It is a question, not of the cost of living, but of the margin between the cost of living and the amount earned.

"In a word, it is a question of thrift—thrift in production, which will tend to increase individual earnings, and thrift in consumption, which by a prevention of useless destruction of goods will tend to increase the general supply of goods and lower prices to the consumer." This statement issued by Silas W. Wood, government director

group of class, but every man, woman and child in America. It applies to the manufacturer and the artisan, to the housewife and the school child. Above all it applies to those in positions of leadership, for it is to them that the country looks for example. Practice and encourage thrift systematic saving and regular investment in some safe security like War Saving Stamps; Treasury Certificates and Government Bonds.

"The Man From Painted Post."

It is only natural that the cattle owners of the Big and Little Laramie district, aroused over their cattle losses and suspecting a desperate character named Madden as the responsible thief, should consider "Fancy Jim" Sherwood as the man equal to the task of proving Madden's guilt and bringing them relief. It is agreed at a meeting of the cattlemen to send for Sherwood.

Sherwood accepts the proposition of the cattlemen and arrives on the scene to begin his operations against the rustlers. In order that his purpose be unsuspected he comes in the guise of an Eastern tenderfoot who has just purchased a cattle ranch, incidentally furnishing much amusement to those around him.

"Come Out of the Kitchen."

Marguerite Clark, the beautiful Paramount star, was the center of attraction of vast crowds during the filming of scenes of "Come Out of the Kitchen" at Pass Christian, Miss., recently. Miss Clark's latest starring vehicle will be displayed at the Warfield theatre next Thursday.

The visit of Miss Clark and her company proved to be a great event in the quiet social life of the quaint little town. Never before had the village been honored by the presence of a real motion picture troupe, and only once before had a cameraman ever turned a crank there for the edification and deduction of the inhabitants. This was several years ago when President Wilson visited some relatives there for a few days, the event subsequently finding its way into one of the motion picture news weeklies. The result was that the schools of the village were closed for an entire day and excursions were run from Biloxi and other nearby towns, in order that the inhabitants might see just how motion pictures are made.

Mr. C. V. Hammond of Columbus, Ohio, stopped over in Pascagoula on Thursday on his way to his winter home at Ocean Springs.

Mr. and Mrs. A. L. Staples and a party of friends of Mobile, visited Pascagoula Thursday.

BOARD OF SUPERVISORS PROCEEDINGS OCTOBER TERM

All members and officers present.

Report of sheriff relative to prisoners received in September approved.

Report of convict foreman for month of September approved.

Mr. Claude Delmas visited Mobile Thursday.

Mr. H. P. Heidelberg spent Friday in New Orleans.

NOTICE TO TAXPAYERS.

Notice is hereby given that at a regular meeting of the city council of the City of Pascagoula, Mississippi, to be held the Third Tuesday, the 21st day of October, 1919, the assessment rolls of real and personal property of the taxable property in the city limits of the city of Pascagoula will be taken up for consideration and for equalization according to law.

For the purpose stated, the council will meet daily, from October 21st, 1919, to October 30th, 1919, inclusive, and will hear all parties present from 2 p. m. to 5 p. m.

This October 10, 1919.

F. H. LEWIS, Mayor.

M. L. VALVERDE, Clerk.

Notice of Special Election.

To vote on the adoption providing for the issue of seventy-five thousand dollars of the public wharf construction bonds of the City of Pascagoula for the purpose of the construction of a public wharf on the city wharf site, trackage and terminals for approaches thereto and procuring right-of-way and additional land for such wharf site.

Notice is hereby given that in accordance with the authority of a resolution of the city council of the City of Pascagoula, adopted at a regular meeting of said council, a special election will be held for the City of Pascagoula on the 17th day of October, 1919, within legal hours, for the purpose of voting for or against the approval of said ordinance adopted by said city council at its regular meeting on the 5th day of September, 1919, as aforesaid.

The polls will be opened between the hours provided by law for general elections and the polling places shall be respectively at the City Hall and at Fremantle Hall in South Pascagoula.

V. P. DE JEAN,
F. J. JOHNSON,
W. W. WALKER.
