### Weather-proof Lumber.

There's a lot of this lumber that I can sell that comes as near being indestructible as lumber can be, and it isn't high-priced lumber, either. Costs no more per thousand feet than you have often paid for "green goods" of doubtful durability.

This lumber is well suited for barns, stables, sheds and repairs on buildings of all kinds.

Scroll Cypress Pickets a specialty.

**Oakes Lumber Yard.**

### Board of Supervisors.

A. T. Dilly, having complied with the law for such cases made and provided, \$300.00 of the fund of T. O. P. & W. was loaned him. In the matter of the petition of D. A. Swartz and others, praying to have public road established from force of road near Christopher place, through the land of Mrs. M. S. Bridges and others, it was ordered that consideration of this petition be continued till July term, and Mobley and Hart were appointed to view the premises and make report at said term.

W. W. Lockard, County Superintendent of Education, made report, and was allowed \$61.20 salary and \$5 paid for stamps.

The following contracts were awarded: J. M. Jenkins, to repair bridge over Farmington Bayou, \$5.00.

Thos. McGraw, to repair bridge near Ewing's, at \$28.

L. P. Stan, to rebuild bridge near Nancy Freeman's, at \$31.

J. M. Jenkins, to move and put up wire fence, road 32, at \$19.50.

Thos. McGraw, to build bridge at Ahydus, at \$30.

Thos. McGraw, to rebuild bridge over Dalls Brake, at \$27.75.

J. M. Jenkins to rebuild bridge over French Bayou, \$87.75.

Thos. McGraw appeared and positively assured the Board that Panther Creek bridge would be repaired before or by July 7.

Geo. Harris, who has been confined to the jail as lunatic was ordered to be discharged and turned over to his daughter, Bettie Thurman, she agreeing to care for him and prevent danger by him.

The following order was passed: Ordered: That each and every road-overseer of the county be, and he is hereby commanded to work his road at least six days between January 1, and the fourth Monday in August, 1902, and all that failed to do so will be reported to the Grand Jury.

Ted Pepper was appointed overseer of road 6, Beat 5.

Bob Johnson was appointed overseer of road 31, Beat 1.

Toke Nicholas was appointed overseer of road 25, Beat 1.

Lorenza Irving was appointed overseer of road 20, Beat 5.

The claim of A. B. Lockridge for mule killed on bridge or by jumping off bridge was rejected.

The Township trustees having no recommendations, the following appropriations were made:

To pay teacher of Zion white school T. 12, R. 2, W., \$40.

To pay Mrs. Clara Mabry, T. 14, R. 3, W., \$20.00.

To pay Miss Maggie Mercer, T. 14, R. 3, W., \$20.

The request of F. H. Tompkins to have additional allowance made him for extra work on map was not granted.

The communication from publisher of Evening News offering to publish proceedings of Board and notices to contractors for \$60 per annum, came up for consideration. The Board thought the proposition could not be entertained before January 1, 1903.

The petition of W. R. Curtis and others, praying the Board to have public road laid out from South end of Front street in Pickens, southerly 200 yards, was granted, and W. R. Curtis and F. H. Davis were appointed commissioners to lay off and mark out same.

At July term the contract to clean out and recurb well at Hilton will be let.

The assessments made by the Assessor under the direction of the State Revenue Agent were approved as correct, except assessment against Mrs. F. J. Hicks and that against Miss Emma G. Hemmingway, which were continued.

### MOTHERS, DO YOU KNOW

the many so-called birth medicines, and most remedies for women in the treatment of her delicate organs, contain more or less opium, morphine and strychnine? Do you know that opium and morphine are stupefying narcotic poisons? Do you know that in most countries druggists are not permitted to sell narcotics without labeling them poisons? Do you know that you should not take internally any medicine for the pain accompanying pregnancy? Do you know that Mother's Friend is a purely vegetable preparation, and that it is applied externally only? Do you know that Mother's Friend is a celebrated prescription and that it has been in use over forty years, and that each bottle of the genuine bears the name of The Bradford Regulator Co. Do you know that when you use this perfect remedy during childbirth or throughout the entire period of gestation that you will be free of pain and bear healthy, clever children? Well, these things are worth knowing. They are facts. Of druggists, \$1.00. Accept no substitute. Our book "Motherhood" free. THE BRADFORD REGULATOR CO., ATLANTA, GA.

### Didn't Thrash the Judge.

At a term of the Nash county superior court, North Carolina, held by Judge William M. Shipp, the jury brought in a verdict which the judge did not approve, and he told the jury that they had committed perjury, or they were a set of fools, and did not have sense enough to sit on a jury. One of the jurors was a Mr. Westray, who had been graduated from the State University, was a large land owner, and was known as the most successful farmer in the country. He was indignant over the insult offered the jury, and determined that for one he would not submit to it, provided he could resent it without going to jail.

So at the recess for dinner Mr. Westray approached the judge and asked him, as a matter of law appertaining to the prerogatives of a judge, if he (the judge) had any authority of law to say what he did to the jury, Judge Shipp answered that he certainly did have that right by law, otherwise he would not have exercised it. Mr. Westray then put this question: "Judge Shipp, if I should here and now proceed to give you a gentle thrashing for what you said to the jury, would you take it like a man for your part as an individual, or would you fall back on your judicial prerogatives and put me in jail?"

The judge said in that event the prerogatives would come into play and be mighty handy, and that he would board Mr. Westray at the expense of the county for two years. Mr. Westray then said: "Very well, judge, if that be the case, we will forego the thrashing, and walked off.—N. Y. Tribune.

### Rebuke to Carping Critics

To the Review there is something contemptible about the criticisms of Congressman Williams because of his having voted against the appropriation for the earthquake sufferers. It is about as mean and little an act as we recall ever having known the press of this State to be guilty of. We do not know why he voted as he did and we do not care why; the character of the man, as a citizen and as an official proclaim the fact that he was actuated by what he conceived to be his duty, and from that course not all the criticisms that can be heaped upon him will move him. There are few men in public life today who more surely make personal interest subordinate to public duty than John Sharp Williams and this in one of the highest attributes of official faithfulness. Again the critics of Mr. Williams are not ingenious in their attacks; they parade the fact of his voting against the appropriation of the people's money to a cause he believed was not, under the constitution, entitled to have it, but do not mention a word of his having contributed liberally of his own means to help the unfortunate citizens of the afflicted island. We venture the suggestion that not one of those so quick to criticize him have done as much.—Biloxi Review.

### Cotton Acreage.

New York, June 6.—The Commercial and Financial Chronicle just issued its annual estimate of cotton acreage, which is also accepted as high authority in cotton trade. The Chronicles figures show a decrease of 2.06 per cent; the total acreage being 27,300,371 in 1902, against 27,874,101 in 1901. This percentage of decrease compares very closely with that specially issued on May 29, when the decrease in acreage was estimated at 2.23 per cent. On June 3 the government estimate of .03 per cent decrease was issued. It will be noticed that three of the estimates which have received most attention report a decrease of over 2 per cent in acreage, while the government reported the acreage practically unchanged, and one authority gave out an estimate of 3.50 per cent increase.

The plea made for the Philippines bill that that the present commissioners are men of high character and could safely be trusted with the power of disposal over everything in sight, will not bear inspection. Nothing is more probable than that sooner or later the commission will consist of the usual type of place hunters who besiege each successive President as he comes into office with their importunities for positions with fat salaries. The Rathbones and Neelys, who would be likely to become successors of men like Taft and Luke Wright on the commission, would not go the Philippines for their health or in order to administer the affairs of the islands on high and philanthropic planes.

At the session of the Columbus Industrial Institute just closed four young ladies were awarded diplomas in book-keeping, fifteen went out as expert stenographers, two carried away diplomas in telegraphy one in photography and nineteen in dressmaking. The girls of Mississippi are becoming bread-winners, and hundreds of them are earning far better salaries than are many high-collared dudes, who are content to measure calico at \$10 per week. The Mississippi girl deserves praise for her willingness to labor, and she is fortunate in living in a state that prepares a mer for her work.—Vicksburg A. Mercury

The wheat crop of Kansas this year is 100,000,000 bushels. Now if our Yazoo farmer, can supplement this with a big corn crop, bread-stuff will be cheap next and winter.
