CLERK OF THE COURT.

DECLINATION-Clerk of the Court .-We have received a note from A. L. Sim mona, Esq., declining to be a candidate for Clerk at the ensuing election. The reasons which influence him are purely of a personal character and he regrets much that he is not able to comply with the wishes of his Whig fellow-citizens. We are sorry to lose his name from the ticket and the prospect of having him a citizen of our city.

It will be seen that a call has been made for a meeting of the Central Committee to supply the vacancy. This was deemed the best course, as it is hardly necessary to call a meeting of the Whigs of the county for this purpose alone. It is to be hoped that every member of the Committee will be in attendance.

NEW ARRANGEMENT. - By the notice in our advertising columns, it will be seen that a change has been made in the time of the arrival and departure of the Columbus coaches. This will prove of great advantage to the traveling public in this region and down the valley. Pas sengers from this city, we believe, will reach New York in about 42 hours.

A QUEER FACT. - Dr. Kagay, the Lo. cofoco candidate for Clerk, is "some" on history and "some" on war. He expressed it as his belief that President which his head is fastened by means of pressed it as his belief that President which his head is fastened by means of Fillmore had sent to intercept the Cu an iron clasp. The Garote encloses his late Consul General of the U.S. at Vicuna, and ed-Hull had surrendered in the last war .-We suppose at that time, that Detroit was under water and our army was a navy. The truth of history should be vin dicated. A week or two since we stated that we were not advised as to Dr. Kagay's qualifications for Clerk. We make an apology, as the individual did who said his neighbor was not fit to carry swill to swine - we take it back.

THE YOUNG DEMOCRACY .- This body of young gentleman were edified on last Monday by a speech of Dr. Kagay, as good as the general run of orators to whom they are in the habit of listening. As a sample, the Doctor stated that the Whigs published a "secret" circular a gainst the new Constitution and distribut ed it after night. The Statesman said that it published the circular of the Whig Central Committee to stop its circulation We suppose the same reason operated upon the Whigs of this county when they published their "secret" circular in the Gazette. The Doctor is evidently a bright youth and knows a thing or twoabout calomel.

AN UNFORTUNATE OMISSION .-- The candidate for Clerk is of the opinion that the President had no right to attempt to intercept the Cuban invasionists. Mr Fillmore will, doubtless, be grieved very much when he hears of this opinion, and will probably make amends when next of New Lexington and vicinity It is presumed that the repost was sufficient to activity all present he calls a meeting of the Cabinet, for a purpose of this kind, by inviting the Doctor to participate in its proceedings We suppose a matter of this kind is a proper subject for "medical jurispru dence," as it involves a question of san. ity, and hence the "confidence" with which the Doctor expresses an opinion.

CADIZ REPUBLICAN, -M. P. Brister, who has conducted this paper for three years past, has disposed of it to R. Hat ten, who makes his appearance in a very neatly written salutatory. It is now printed with new type and looks well. Success to both parties.

DEW ADVERTISEMENTS .-- Mr. A. White as will be seen, has opened a tin shop in this city. We can recommend him as a good workman, prompt and accommodat-

TENNESSEE -The Whigs bave a ma a few jority of five in the Senate and one in the the next Whig Administration. The they had been murdered by the Indians, Whigs of the Union should see to it that the next President will have a Whig Congress to aid him. Then, Locofoco orators will not wonder why a Whig Administration can do nothing for the benefit of the country. The present has done the night of the 2nd. Gonzales is in this city and much, in spite of a Locofoco Congress.

Indiana .- As nearly as can be well ascrtained, in some instances there being no opposition to the Locofoco candidates, the Locofoco majority in the popular vote for members of Congress is about 5.000. With proper effort and a good candidate, the electoral vote of Indiana will be cast for the Whig nominee for the Presidency.

Indiana. -- Governor Wright, of Indiana, has issued his proclamation showing the adoption of ou learning that General Lopez had been taken the new Constitution and negro exclusion, by the cries of jay and exultation run through the priso ollowing vote: Constitution......110.580

Against the Constitution ..... 27,143 Majority for Negro Exclasion ..... 90,069

Whether it is intended that it is "most disgraceful" to the government which provides the instrument, or the victim which suffers by i we are unable to say. Perhaps the guillotine is a more merciful mode of taking life, but we doubt it, very much. The machine has a far more terrible look, and all the accessories are of a far more revolting character. Both are instantaneous in their operation, depriving the vic tim of sensation so suddenly that his tor ture only continues for an invisible point of time. In the guillotine the axe des ceuds from a sufficient heighth, with such velocity that the eye can hadly follow it and severing the head from the body at a single stroke. The Garote resembles a large handkerchief, folded so as to gr about the neck. The prisoner is placed in a kind of chair, with a high back, to Fillmore had sent to intercept the Cu at the charge and is attached to his back with a stor of Loyd's Newspaper, has been expelled from ban invasion, the same ships which Gen.
