ANOTHER DARING ROBBERY.

Thieves Enter Two of Our Most Prominent Stores and Help Themselves.

On Friday morning it was discovered that during the night some unknown persons had entered the dry goods store of Collins & Moore, by breaking the fastenings on one of the back windows. After prying the cash drawers and taking the change, amounting to five or six dollars, they deliberately supplied themselves with hats, shoes and full suits of clothing. On the same morning Harrington's drug store was found to have been visited, the thieves gaining admittance as in the other case, by breaking the fastenings on the window. However nothing was disturbed here but the cash drawers which were ruffled of their contents, amounting to between four and five dollars.

This is one of the most daring thefts that has been committed in Logan for some time, and it is hoped that justice will speedily overtake the perpetrators.
