The money to prosecute Colonel Coit
for doing his duty as he saw it was
raised by private subscription. Why
not raise the money for his defense in
the same manner, since the State he
was at the time serving refuses to do
so?

If the call for primaries to select dele-
gates to the congressional convention is
issued next Monday or Tuesday, the
primaries can be held on Saturday pre-
ceding the convention and allow
eleven days notice to be given. The
time is ample.

The Congressional convention goes
to Zanesville, though it could have
been secured for Marietta with a slight
effort in Committee. Our claims were
conceded throughout the district, and,
in fact, the Muskingum county men
especially had expected to come here.
However, commercial interests must, it
seems, wait on politics, and we will
live in hopes till two years hence.

The Fifteenth District Committee,
which met at Zanesville Friday, named
that city as the place and Tuesday,
March 31st, as the date of the holding
the Congressional convention. It is
not stated that the committee took any
action toward precinct representation
and we infer that the matter was not
considered.

There is time amply sufficient, how-
ever, for primary elections to be called
and held in every precinct in the dis-
trict to choose the delegates to repre-
sent such precincts in the convention.
In Washington county the feeling
among the voters is such that this plan
must almost of necessity be followed.
The number of delegates apportioned
to us is sufficiently large to allow a
fair and equitable distribution among
the precincts. Committee or mass con-
vention appointments are excusable
often in cases where such a distribution
cannot be made, but Washington
county has 50 delegates in the con-
gressional convention and no excuse
could be advanced for taking the right
of selection away from the precincts.

The County Committee will no doubt
meet the first of the week and call the
primaries.

SHAKE-UP.

Will Soon Take Place in the Penitentiary
Management.

The following appears as a special
dispatch in the Cincinnati Enquirer:
Columbus, O., March 12.—It is un-
derstood that within the next 10 days
Governor Bushnell will begin the long
talked of reorganization of the peni-
tentiary. Those who claim to know
say that the first change will be made
in connection with the membership of
Colonel J. H. Brigham, of Fulton
county, in the Board of Managers.

Colonel Brigham's term will expire
March 31. It is said that he will not
be reappointed, but that Colonel I. R.
Rose, of Washington county, will re-
ceive the honor. Manning Rose, a
brother of I. R., is now a member of
the Board of Pardons, and the public
may be inclined to think, in view of
this, that "a Rose by any other name
would smell as sweet."

It is pretty generally understood in
official circles that E. G. Coffin, who
was Warden under Governor Forker,
will be appointed to that position, and
that Eli West, now Secretary of the
State Sinking Fund Commission, will
be made Steward. Malcolm Jennings,
of Columbus, is said to be slated for
the position to be made vacant by Mr.
West. Colonel C. C. James, the present
Warden, is a "receptive" candi-
date for reappointment. In fact, it is
said that his receptive qualifications
are of such a nature as to keep him
awake nights.

Marietta's Invitation.

The following letter of invitation
will explain itself:

WHEELING, March 11, '96.
PRES. BOARD OF TRADE,
MARIETTA, O.

DEAR SIR:—
On the evening of March 21st, com-
ing, the Chamber of Commerce will
tender a reception to the River and
Harbor Committee of the House of
Representatives at the McClure House
in this city; a cordial invitation is ex-
tended to your delegation to be present
and join with us.

It will be necessary to send you
tickets issued to the individual mem-
bers of your representation. You will
kindly give us the names of the gen-
tlemen who will be present.

Very truly yours,
HOWARD HAZLETT,
Sec'y.

Corbett Will Fight Fitzsimmons.

PITTSBURGH, Pa., March 12.—James
J. Corbett Wednesday signed the ar-
ticles of agreement forwarded by the
National Sporting club, of London, to
fight Robert J. Fitzsimmons before that
organization next June for a purse of
\$10,000, the winner to take all the
money. Each man is allowed \$500 for
expenses; provide his own gloves and
fight under the marquis of Queensberry
rules. The article will now go to Fitz-
simmons.

The National Reform Party.

PITTSBURGH, Pa., March 12.—The con-
ference of persons here seeking to form
a new party for all kinds of reforms,
held three sessions Wednesday. The
deliberations resulted in a general un-
derstanding that the movement would
be christened the national reform
party, at the concluding session Thurs-
day.

Nebraska Democratic Convention.

OMAHA, Neb., March 12.—The state
central committee representing the ad-
ministration wing of the democratic
party, met Wednesday night and set a
date, April 23, as the time for holding
the state convention to nominate dele-
gates to the national convention. The
convention is called to meet at Lincoln.

Locomotive Explodes With Fatal Effect.
HAZLETON, Pa., March 12.—A loco-
motive on the Delaware, Susquehanna
& Schuylkill blew up at Gunn Run Wed-
nesday afternoon, killing John Cham-
bers, Jonas Stewart, Michael Boyle and
Frank O'Donnell, and injuring William
Timony.

The President Duck Hunting.

WASHINGTON, March 12.—President
Cleveland sailed away from Washing-
ton Wednesday night at 11 o'clock on
another of his duck hunting trips. His
destination is Widewater, Va.

Death of Prof. Ruby.

READING, Pa., March 12.—Prof. Sam-
uel Vernon Ruby, who has been a mem-
ber of the faculty of Ursinus college,
Collegedale, the past 24 years, died
suddenly Thursday morning of apoplexy.
He was stricken while entering the
building.

BESIDES a candidate for Congressman
the Republican Congressional conven-
tion on March 31st will name the dele-
gates and alternates to the national
convention and nominate a candidate
for presidential elector. The conven-
tion is an especially important one,
which is all the more reason for Wash-
ington county's delegates being se-
lected by the people at regular pre-
cinct primaries.

As a result of the refusal of the State
Legislature to pay the trial expenses
of Colonel Coit, the officers of the 14th
regiment, O. N. G., of which he was
Colonel, have tendered their resigna-
tions. They are not to be condemned
for their action, as the Legislature has
in effect given notice that the State of
Ohio will not stand behind the officers
of the militia in the performance of
their sworn duty.

Fearing Township Primary.

The Republicans of Fearing Tp. are
requested to meet at the Town Hall
on Saturday, March 14th, at 6 o'clock
p. m., for the purpose of nominating
candidates for the offices of Clerk,
Trustee and Assessor.
C. W. FRENK, Committeeman.

IN THE OIL FIELDS.

Siaterville, W. Va., March 12.—It is
understood that the Carter Oil Company
have made a couple of locations on the
Williamson farm north of the city and
will erect rigs at once.

The rig timbers, etc., are being hauled
to the location made by M. S. Wilson
on the W. P. Hays farm, and they will
likely be ready to commence drilling
about the first of next week. This well
will be located on the West Virginia
side about opposite of the center of
Mill Creek Island.

Once more the heart of the oil man
has been made glad by the advance in
the price of credit balances. The happy
event took place about noon today,
and oil is now quoted at the pipeline
office at \$1.35. It is to be hoped that
this condition of affairs will continue
and that the price of oil will continue
to go up, not by two cent jumps, but
by ten and twenty cents. The higher
the price goes the more work will be
started and the more new territory
opened up or condemned.

The Devonian Oil Company is making
preparations to put their No. 2 on the
Kyle, drilled in last week, to pumping,
and it is being rigged up now. It will
be tubed with three-inch tubing and is
expected to make a good big producer.
The same company's No. 2 on the
Spencer farm, which was started spud-
ding the early part of the week, is
drilling at about 300 feet.

The Victor Oil Company's No. 2 on
the Weekly farm out on Indian creek,
which was started spudding the first of
the week, is down about 300 feet.

The well out on Indian creek, which
is nearest the pay, is that of the South
Penn Oil Company on the Jackman
farm. The indications are, however,
that it will not reach the pay for some
days yet, as it has a bad fishing job.
Should the tools be recovered at once
it would only take a couple of days to
drill it in.

The Paova Oil Company's No. 4 Gray,
near Braden Station, in the Big Flint
district, is gassing strong from the first
pay and shut down to move back the
boiler. It will be drilled in some time
to-day.

A ten-barrel well is the result of
Williamson & Co.'s venture on Middle
Island. The oil was developed in the
Cow Run sand.

Yates & Co.'s well on the Athey farm,
on Big run, is a producer of some kind,
but its caliber is in doubt. The gas
pressure is not strong enough to make
it flow and it has been put to pumping.
Shay & McMullin's No. 1 on the
Weekly farm, was reported this morn-
ing to be making about 35 barrels an
hour. The other big wells out there
are still doing about 50 barrels an hour.

They have struck oil at Armstrong's
Mills. One of the shallow wells put
down by James Kinney reached the
greasy fluid the other day at the depth
of 98 feet and the hole quickly filled
up and overflowed. It was stopped
and arrangements are being made to
run it into a tank. If the oil found at
this depth holds out there will be in-
numerable holes put down in that vi-
cinity and the prospectors will strike
it rich.—Cambridge Sun.

MONROE COUNTY.

There has not been a time for a year
when operation in our local fields has
been so dull. Few wells are starting,
the impossibility of getting material
being the chief factor in the delay.

Finnegan & Co. are starting their
No. 6 Hensel, and will begin drilling
in the near future. On the N. E. Cale-
baugh, The Carter Oil Co. having re-
cently obtained the lease, will drill a
test. One well was drilled on this
farm last fall but being dry the farm
was abandoned; now the Carter people
are going to try their luck.

The Eastern Oil Co. and Finnegan
have recently brought in a 60 barrel
well on the Moore farm in the old part
of the field in what was considered
worthless territory in the early days
and the Carter Co. may be equally for-
tunate in their Calebaugh venture.

Galey Bros. & Sparks will not drill
their location on the Stine farm, but
will move the rig to the Calebaugh and
increase the production on that lease.
The same company has cleaned and
shot its No. 3 and greatly improved its
output.

About one half mile north of New
Castle, Treat and Crawford will drill
soon on the block taken by them last
fall, the location being on Affolter's
farm. If a gasser is found it will be
piped to the Dogskin pool. There is a
good market for gas there as fuel is ex-
pensive and in present conditions is
hard to obtain.

East of the above named city, D. B.
Stewart & Co. will soon drill another
well not far from their late well on the
Edward Norris farm. The indications
in that well were favorable for a pro-
ducer in the vicinity and these people
are doing their best to find it.

In the vicinity of the Graysville well
two others will be drilled as soon as
the block of territory can be leased
up. Governor McCorkle and others
are at the head of the hunters for a
hidden pool.—Woodsfield Spirit.

"Blame Not Fate for Sorrows Which Thyself first Create."

Don't complain if you fail to get your money's worth when you go
where they sell cheap drugs, because you are welcome to come to our
Drug Store at any time where you can buy drugs cheap. The oft
quoted words of Lincoln that "you can fool some people all the time
and all the people some of the time, but you can't fool all the people
all the time," is extremely pertinent in this connection. Taking ad-
vantage of a customer's lack of knowledge of the drug or medicine
he buys is not conducive to a successful business. We don't do it!
Its mean! That's why we have been busy while others complain of
hard times. Don't be misled by flaming advertisements and ridicu-
lous inducements. We have gained our reputation as the most Re-
liable Drug House in this city by our honorable methods and by ad-
hering to them. To be convinced call and see us; courtesy to all alike.

The Oven

Is the most important part of a cooking apparatus. The fire-
box is the digestive organ; the draught is the circulation.
These vital organs are those which, in the

Majestic Steel Range

Are different, and work upon different principles from those
in any other stove or range.
The MAJESTIC oven is the most sensitive oven ever made;
the fire-box is the most economical in operation, and the
draught is the simplest and most perfect.

These are 3 of the points that make
Majestic the perfect Cooking Range.
