Was taken with La Grippe and tried all the physicians for miles about, but of no avail and was given up and told I could not live. Having Dr. King's New Discovery in my store I sent for a bottle and began its use and from the first dose began to get better, and after using three bottles was up and about again. It is worth its weight in gold. We won't keep store or house without it." Get a free trial at W. H. Styler's Drug Store.

The skeleton in many a household is the peculiar weakness of the wife and mother, or of the wife who ought to be a mother and is not. Happiness is destroyed by the presence of the secret sickness that may lurk like a grinning death among the most luxurious homes. The most terrible thing about this condition of affairs is that it is entirely needless. There is no reason in the world why every woman in the world should not be strong and healthy and capable of fulfilling her whole duty as a wife and mother. Many women go on month after month, and year after year, becoming weaker and weaker, because of a very natural hesitancy they feel in consulting a physician. They know that if they go to a doctor for treatment, the first thing he will insist on will be "examination" and "local treatment." This must of course be distasteful to every modest woman. They are generally as unnecessary as they are abhorrent. Dr. Pierce's Favorite Prescription cures positively, perfectly, permanently, all varieties of "female weakness" and disease. It is designed to do this one thing, and it does it. It is the only medicine now before the public for woman's peculiar ailments, adapted to her delicate organization by a regularly graduated physician—an experienced and skilled specialist in these maladies. It cannot do harm in any condition of the system. Its sales exceed the combined sales of all other medicines for women.

Every woman will be healthier and happier for following the friendly, practical counsel contained in Dr. Pierce's great universal doctor book: "The People's Common Sense Medical Adviser." It is the most comprehensive medical work in one volume in the English language. It contains 688 pages, fully illustrated, 680,000 copies have been sold at \$1.50 each bound in cloth. The profits are now used in printing half-a-million free copies bound in strong manilla paper covers. To get one you have only to send 21 one-cent stamps (to pay cost of mailing only), to World's Dispensary Medical Association, No. 263 Main Street, Buffalo, N. Y. Send promptly before all are given away if in want of one. They are going off rapidly.
