Coal Run.

There is a good deal of leasing being done around here of late and developments are anxiously looked for. The Marietta Oil Company will begin drilling on the farm of Charles Taylor this week. The work is purely "wild cat" and will be watched with a good deal of interest.

The Methodist Sabbath School is preparing for a grand picnic excursion, about the 1st of June.

Alonzo Hall made a business trip to McConnelsville last Friday.

Corn planting will mostly be done during this week.

From present indications there will be abundance of hay next year.

The Steamer Sonoma, plying between Beverly and Marietta, had good trips all last week. She is a great convenience to the people living along her line of trade.

Stewart Gordon has purchased a fine new surrey.

Our village school under the management of Miss Lowrey, is progressing nicely.

Congregational Centennial.

For several days past every train into this city has brought delegates to attend the 44th annual meeting of the Congregational Association of Ohio, and the 7th annual meeting of the Ohio Church History Society, which will be held with the First church in Marietta Tuesday, Wednesday and Thursday of this week. The occasion is the 100th anniversary of Congregationalism west of the Alleghenies and will be one of the most interesting meetings in the Association's history. Your Boy Won't Live a Month.

So Mr. Gilman Brown, of 34 Mill St., South Gardner, Mass., was told by the doctors. His son had Lung trouble, following Typhoid Malaria, and he spent three hundred and seventy-five dollars with doctors, who finally gave him up, saying: "Your boy won't live a month." He tried Dr. King's New Discovery and a few bottles restored him to health and enabled him to go to work a perfectly well man. He says he owes his present good health to the use of Dr. King's New Discovery, and knows it to be the best in the world for Lung trouble. Trial Bottles Free at W. H. Styer's Drug Store.

If a man knew he was going to be hanged, he would certainly make every effort to prevent it. He would do everything he could and strain every nerve to the last minute to get himself out of his predicament. Men have been saved from hanging after the rope was around their necks. There are ways of dying that are not so quick that are even more certain. The man who neglects his health, and who in sickness refuses to take medicine, really has the rope of disease around his neck. He will die if he doesn't throw it off. A man who would struggle against hanging may yet be careless about his health. He may be traveling straight toward consumption and pay no attention to it, and yet death by consumption is much more terrible than death by hanging. Dr. Pierce's Golden Medical Discovery will cure 98 per cent. of all cases of consumption. Consumption is likely to be caused by weakness and in its turn, it increases the weakness. The "Golden Medical Discovery" is an invigorating, strength-giving and flesh-making medicine. It increases the appetite, puts the digestive organs in perfect order, purifies and enriches the blood, and builds up firm, healthy flesh.

In one chapter of Dr. Pierce's great thousand page family doctor book—"The people's Common Sense Medical Adviser," are scores of letters from people who have been cured of consumption, lingering coughs, throat and bronchial diseases by the use of "Golden Medical Discovery." Their full names and addresses are given and their cases were generally pronounced hopeless by the local doctors. Twenty-one (21) one-cent stamps, to pay for mailing only, will secure a free copy of this great book. Address: World's Dispensary Medical Association, No. 663 Main Street, Buffalo, N. Y.
