Council Proceedings.

Council met in regular session Tuesday evening with all members present except Reeb.

Building permits were granted to John Wenzel, corner Third and Greene; Marietta Boiler Works, Wayne street; Charles Heidrick, Fifth and Warren.

A petition for a sidewalk on the west side of Sixth street, between Wayne and Hart, was presented and referred to the Councilman from the First ward for report at the next meeting.

Mr. Price offered a motion providing for notices to construct sidewalks on the north side of Maple street being served upon property owners.

A new plat subdividing lots in Knox's Addition was submitted, approved and ordered recorded.

Mrs. Bailey appeared before Council in the matter of the proposed widening of Mulberry street, asking that the barn behind the U. B. church be purchased outright with the land to be devoted to the widened street and removed from the locality, as the structure is deemed a general nuisance by the entire neighborhood. Upon motion the matter of the sanitary condition of the barn was referred to the Board of Health.

Upon motion of Bachman, Council recommended that the city water mains be extended through Mulberry streets.

The Building committee reported an estimate of \$495 for finishing the old gallery, or "Assembly Room," in the City Hall. The report was received and ordered filed.

Mr. Ridge reported on the slaughter house of Frank Weber, complained of at last meeting, and stated that upon investigation he found it to be in as good condition as possible, but that he understood that no slaughter house could be legally maintained within the city limits. No action was taken.

Mr. Ridge further reported that it would require about 35,000 feet of lumber to put a new floor in the city bridge, suggesting that instead of three-inch plank, as formerly used, two layers of two-inch plank be put down. Upon motion of Mr. Moore the committee was instructed to secure bids for the necessary amount of oak lumber.

The Building committee reported an estimate of the cost of enlarging the electric light plant, amounting in total to \$6000. The estimate provides for increased room and machinery for 10 additional arc lights. The report was accepted and laid over for one week.

The City Brick Inspectors on the Second street contract submitted a statement that reflections had been cast upon them at the previous meeting, saying that had they followed strictly the specifications at least one half the brick used would have been thrown out. The Inspectors claimed that the Engineer gave them new specifications, which latter they followed to the letter in their work. Both Inspectors, McAtee and Lancaster, signed the statement.

Engineer Mason arose to assert that there "is a nigger in the wood pile" and demanded an investigation. He said that the Paving committee, of which Mr. Hathaway is Chairman, had been antagonizing him, and that the instructions he gave the Inspectors were to follow the sample upon which the contract was based, though he and the chairman and others knew there was not a vitrified brick on the job. Upon motion of Bachman the report was accepted and placed on file.

Mr. Hathaway stated that the Paving committee had acted as a unit in the matter and that he personally had no feeling whatever against Mr. Mason. Referring to the gravel used on Greene street he said that it was in no way better than that from the Presbyterian church lot, the use of which had been discontinued upon Mr. Mason's recommendation. The Building committee had found many places where no sand whatever had been placed on top of the gravel and back of the curb, as required in the specifications. He added that the committee did not blame Mr. Mason, who was probably busy at other places when the work mentioned was slighted.

A Valuable Prescription.

Editor Morrison, of Worthington, Ind., "Sun," writes: "You have a valuable prescription in Electric Bitters, and I can cheerfully recommend it for Constipation and Sick Headache, and as a general system tonic it has no equal."

Mrs. Annie Stehle, 2635 Cottage Grove Ave., Chicago, was all run down, could not eat nor digest food, had a backache which never left her and felt tired and weary, but six bottles of Electric Bitters restored her health and renewed her strength. Price 50 cents and \$1.00. Get a Bottle at W. H. Styer's Drug Store.
