ADJOURNMENT.

Unless All Signs Fail Congress Will Adjourn This Week.

Senate Business Depends Upon the Headway Made With Reports.

Several Appropriation Bills Are to Be Disposed Of—The New Deficiency Bill Will Be Rushed Through the Senate With All Possible Speed.

WASHINGTON, June 8.—Unless all signs fail, congress will adjourn this week and those in touch with the bustle of both houses appear to agree that that result may be secured by Wednesday. Still, conditions are such that a hitch might occur at any moment which would protract the session for another week. This, however, while a possible contingency, is not expected.

The business of the senate depends entirely upon the headway made with conference reports. Several of the appropriation bills are to be disposed of, as follows:

Indian bill, upon which the house refused to act favorably on the conference agreed to in the senate; the post office bill, the report on which was agreed to in the house Saturday and will be accepted by the senate Monday; the naval bill, which will doubtless be disposed of speedily Monday morning, as the conferees have already formulated a compromise which they believe will be acceptable to both houses; the sundry civil bill, upon which the house and senate seemed to be deadlocked over the appropriations for the public buildings inserted by the senate; and the district bill, numerous items of which are still in dispute. It is confidently expected, however, that all of these will be out of the way within the next 48 hours.

The new deficiency bill which passed the house Saturday will be rushed through the senate Monday with all possible speed, it being the intention of the committee to move to lay on the table any amendments that may be offered, so that the bill will pass as it comes from the house. This motion to lay on the table is the only method the senate has, under the rules, to cut all debate and it will be appealed to liberally when this measure comes up.

The immigration bill is the unfinished business and Mr. Lodge will call it up Monday for consideration if an opening presents itself. Mr. Hill, who is in charge of the contempt of court bill, a piece of legislation growing out of the Debs case, is also anxious for consideration and may lock horns with Mr. Lodge for the right of way. Mr. Gear will seek to fix a day during the next session when the Pacific railroad refunding acts shall be taken up. In this he may succeed as both friends and opponents believe that this subject should be settled one way or the other. All of these and other matters that may come before the senate will tend to make the next few days exceedingly busy ones, and if Mr. Allen, chairman of the committee on appropriations, carries out his viciously expressed intention of not reporting the adjournment resolution until all the appropriation bills have gone to the president, there may be ample time to discuss several things upon which senators desire to speak. The course of business is, therefore, uncertain and the forecast is largely conjectural.

A CLOUDBURST

Floods the Loup Valley, Doing Considerable Damage.

COLUMBUS, Neb., June 8.—Saturday night was one of terror to residents of the lowlands in this city. The cloudburst in the Loup valley the night previous made the usually sluggish Loup river a raging torrent, and to this volume of water was added the heavy rain of Saturday night. All the low lying part of the town was flooded to a depth of from three to six feet. The danger point was not reached until nearly midnight, when occupants of houses were forced to flee to higher ground. The situation was but little improved Sunday, but with no more rain it is thought the water will soon recede.

The other towns in the Loup valley are in even worse condition. At Fullerton, northeast of here, the depot is surrounded by water nearly to the depth of five feet and the water runs through the building while the operator works his key. The Union Pacific is under water and trains are laid up here. Much of the track has been washed out further west. The Platte river is beginning to rise and there are fears of floods in the Platte bottoms further east, one of the richest farming districts in the state. Since seven o'clock Saturday night the Loup river rose five feet. Much live stock was drowned south and west of here, but there are but two fatalities to human life thus far. The rainfall over the district was unprecedented, extending as far northwest as Chadron.

Town Destroyed by a Tornado. O'NEIL, Neb., June 8.—Word has reached here that Lynch, Boyd county, was destroyed by a tornado Saturday night. No lives were lost. Lynch is a small village 20 miles north of here, off the railroad and without telegraph communication. The condition of wagon roads makes it impossible to secure particulars.

Two Dynamite Cartridges Exploded. MADRID, June 8.—Two dynamite cartridges exploded Sunday night outside of a house occupied by a priest at Orendain, near St. Sebastian; province of Guipuzcoa. The house and other buildings in the vicinity were badly damaged, but nobody was hurt.

Work of Firebugs. CHATTANOOGA, Tenn., June 8.—The large storehouse of O. W. Lusher & Co., at Cleveland, Tenn., was robbed early Monday morning and the building fired by vandals to hide the deed. The loss was \$2,000.
