MARIETTA DAILY LEADER

FRIDAY, JUNE 12, 1896

PERSONAL AND LOCAL.

The game of base ball between McConnellville and a nine from Lobdell's rim factory, at the Athletic grounds Thursday afternoon, resulted in the defeat of the Marietta nine by a score of 14 to 2. The game was poorly played throughout and many of the spectators were disgusted with it. Almost the entire strength of the old Lobdell team was removed by the resignation of the five men who will go on the paid team.

A special meeting of Council was held Thursday evening and a franchise for additional railroad track facilities for the benefit of the new boiler works was granted. The action will meet the approval of the general public.

A. W. Humphrey, the promoter and owner of the new electric light plant at Beverly, was in the city on business Thursday. Mr. Humphrey, who deserves much credit for his nerve and enterprise in establishing the plant, has sold a half interest in the business to Mr. Henry Funk, of Chester Hill.

Considerable excitement was raised in our town the other day by the arrival of the "Marietta Torpedo" wagon, loaded with nitro-glycerine on its way to the oil well across the river. Some of the people were greatly excited when the wagon stopped in town and swore vengeance if the man who had the wagon in charge did not hustle out of town.—Sentinel.

Harry Gloukner was returned to the penitentiary on Thursday.

H. H. Crim, of Ulrichsville, O., has accepted a position as traveling salesman for the Diamond Pants Company and began his work this week. Mr. Crim is an experienced and affable gentleman and becomes a Mariettian with good recommendation.

Pitcher Reynolds, of the new Marietta base ball team, leaves for Huntington today on a two days' visit to relatives.

Low Casto, of the Pomeroy Foundry, has invented a water cycle, which he claims will make good time. It is constructed on the plan of a regular wheel, a rudder substituting the front wheel, and a wheel on the plan of a steamboat wheel in the rear, and the whole resting on two canoes.—Pomeroy Telegraph.

A dispatch from Columbus, dated June 10th, says: C. B. Pierce, an Athens lawyer, filed a petition in the Supreme Court tonight, asking for a writ of mandamus to compel the Auditor of Athens county to pay the bills to the amount of \$1,800 for work done on contracts entered into under the Athens road law, recently declared unconstitutional by the Supreme Court. Suits will shortly be brought to test the validity of contracts amounting to \$100,000, entered into under the law mentioned, on which no work has yet been done.

Mr. C. M. Cottrell, who for a number of years was employed at J. W. Kelley's Carriage Works of this city, has accepted a position as foreman in the Smith Department of the Logan Carriage Co. at Parkersburg. Mr. Cottrell is a first class mechanic, and the Logan Carriage Co. has done well to secure his services. Having spent the most of his life in a carriage shop, he is well qualified to fill any position in his line of work. He leaves Marietta with the best wishes of a host of friends.

The little six-year-old daughter of Mr. Isaac Creighton, Fifth street, was taken sick Thursday morning with the measles.

To those persons who have not recently seen the work that has so far been done on the new boiler works plant the condition of things out there will be a genuine surprise. The main building is to be a perfect giant in size and is now well under roof.

Prof. E. S. Cox, of Belpre, who is spending a few days in this city, has recently been chosen by the Universities of Cincinnati and Chicago, to conduct a course of University Extension lectures during the coming year. This is, of course, a very flattering tribute to Prof. Cox's wide culture. He is also the president of the State Psychological Society and will address that body at a meeting which will be held the first week in July.—Chillicothe News.

Mr. and Mrs. Isaac Atkinson, who have been in Gallipolis the past ten days, returned home Wednesday.

The High School Alumni Association held a picnic at Blennerhassett Island Thursday afternoon and enjoyed a bountiful supper. An interesting program of reminiscences was the chief feature of the occasion and its rendition was keenly appreciated by the large number present.

In all probability the attendance at the reproduction of Pinafore Saturday evening will be large and will net Mr. Adams a nice sum for the large amount of time and labor he has expended on its preparation. The entertainment is certainly one of the most deserving ever given by home talent.

THE BUCKEYE PICNIC.

A Big Success at Old Historic Blennerhassett Island.

The big picnic given Wednesday by the Buckeye Pipeline Co. employees was a glorious success. There were over eleven hundred employees and guests present, and they made the old historic island ring with their merriment.

This picnic was the third annual event of its kind, and in interest and enthusiasm was ahead of any that had gone before. There were present men from the various oil fields of the country, north and south.

The steamer Barnsdall carried the party down from Marietta, leaving our wharf at 7:30 o'clock. Arnold's superb band accompanied the party, and furnished the best of music, both brass and orchestral. To its time the party danced to their heart's content, in a pavilion erected upon the island.

Not only was dancing indulged in, but base ball, bowling, swinging and other amusements a plenty were enjoyed.

At noon a sumptuous dinner was spread under the old trees, and the way boys and girls ate was a caution. Never were bigger appetites seen, nor better means of satisfying those appetites at hand.

After dinner the heads of departments and gaugers met together, and instituted a permanent picnic organization. Nelson Moore, Superintendent of the South-west Division, was made Chairman, and Mr. O. E. Bower was made Secretary. The Chair was authorized to appoint a Committee of Ten which should be empowered to make all the arrangements for the picnic to be given one year hence. The Committee was to be made up of employees of the Buckeye and Eureka Pipe Line Companies, but it was thought best to add as many honorary members outside as the good judgment might dictate. The Committee was not appointed at once, as the Chair wanted time to consider his men for the places.

After the business meeting the assembled multitude so far as was possible to get them in range, was photographed.

The dancing and fun continued all afternoon, and when evening arrived the party dispersed and returned home, feeling that they had spent a most enjoyable day.

The picnic was not in the slightest instance disturbed by any disorder, as there was not a sign of drunkenness on the premises. The best of feeling prevailed everywhere, as is the case in their daily avocation.

Among the prominent guests present from a distance were Colonel Riddle, of Pittsburg, Clinton Moore, of Sistersville, Homer McClintock, of the Oil City Derrick, A. F. Dennison and L. N. Tavener, of Parkersburg.

No finer picnic ground could be than is the old historic Blennerhassett Island, where Burr sought shelter and intrigued for the ruination of the Government; and where Blennerhassett builded him a grand mansion and gave it up, impelled by the blandishments of his sibilant friend.

The Discovery Saved His Life.

Mr. G. Callouette, Druggist, Beaversville, Ill., says: "To Dr. King's New Discovery I owe my life. Was taken with La Grippe and tried all the physicians for miles about, but of no avail and was given up and told I could not live. Having Dr. King's New Discovery in my store I sent for a bottle and began its use and from the first dose began to get better, and after using three bottles was up and about again. It is worth its weight in gold. We won't keep store or house without it." Get a free trial at W. H. Styer's Drug Store.
