It looks very much as though the law of Anti Fusion, passed by the last session of the Ohio Legislature, and conceived and promoted by our own Senator Dana, would be a very effective stumbling block to the Democrats and Populists in this state.

Concerning this condition of affairs Mr. Charles Kinney, of Columbus, Chief Clerk of the Secretary of State's office, has to say the following:

"The indorsement of Bryan by the Populist Convention at St. Louis will be of no material advantage to the Democrats in this state by reason of the fact that under our law the possibility of a fusion is precluded. This condition of affairs is due to the enactment last winter of the Dana law, which prevents the name of a candidate from being printed on more than one ticket on the ballot sheet. The only way in which the proposed combination can be effected will be by an agreement on one set of Electors, with the understanding that in the event of their election they will cast their votes for Bryan and Watson instead of Bryan and Sewall, which is not likely. Even then the names of these Electors could appear on only one ticket. A Populist who desired to vote for such Electors would find it necessary to vote for them on the Democratic ticket, while for state and county officers he would have to vote his own ticket. Under these circumstances the Populists would encounter a very complicated method of voting, which doubtless would result in the loss of many votes by reason of the many errors in marking the ballot."

SINCE there can no longer be any doubt over the endorsement of Bryan by the Populist party, and the calling of a Sound Money Democratic Convention, it is useless for the Republican party to sit by and talk of a walk over. The money question is paramount, and in the coming campaign will dwarf all others.

The tariff issue that held the front during the past three years seems to have been lost sight of, and instead of the people going into a campaign thoroughly informed on all questions, more uncertainty seems to exist than at any time during the past decade. The fact that the silver vote all over the Country will be united and the sound money vote divided calls for decided action on the part of Republicans everywhere. This campaign must be one of education!

It must be one in which the voters meet and freely exchange their views. The campaign orator must do his work and do it well.

Each township in the County should have a live active Republican club. This is the only way to thoroughly arouse the voters, and this course has never failed of magnificent results.

We do not hope to carry the strongholds of Democracy, but the fact that States strongly Republican for the past thirty years are now considered doubtful is good reason why we should look after our immediate voters.

The State of Ohio has always stood for honest money, but we are compelled to admit that the margin at times has been exceedingly small.

With thorough work we have no doubt of the result in this County or State, but now while the silver spirit is growing we urge the Republicans of Washington County to organize, and suggest that Marietta take the lead and form a strong Republican Club immediately.

The receivers of the Baltimore and Ohio railway will pay out over half a million August 1, in semi-annual interest charges, due on bonds of the company. These payments will include all the interest payable on that date by the B. and O. and there is to be no default.

MAD RIVER

Is Higher Than Ever Known Before—Campers Hoist All Night in a Tree. SPRINGFIELD, O., July 24.—The steady and terrific down-pour of rain Thursday night left Springfield flooded Friday morning. Mad river is higher than ever known before, and the streets to the flats, particularly North and Columbia streets, are filled with water and people are moving household goods to places of safety. The Ohio Southern track is covered for half a mile with three feet of water and traffic is an impossibility.

A party of six Springfielders, who camped three miles east of town in a ford of Buck creek, had a narrow escape from drowning. They were compelled to climb a tree for safety. The patrol force went out to release them. The damage to crops and property will be thousands of dollars. Acres and acres of property in town are under water and hundreds of cellars flooded.

Several families on East Harrison street were taken out of their homes in boats. Numerous houses, including Pat McHugh's, were badly damaged. A score of families on Columbia and North streets were taken from their homes in boats. Street cars stopped running, the water having flooded the power-house.

HEAVY RAINS.

Two and Ninety-Six Hundredths Inches Fell at Columbus, O., Thursday Night. COLUMBUS, O., July 24.—Probably the heaviest rainfall ever experienced here fell Thursday night, two and ninety-six hundredths inches. The streets became rivers, flowing ankle deep from curb to curb, and street cars ran over tracks that were several inches under water. Cellars were filled with water and sewers choked with the unusual demands made upon them.

Grove City, six miles south on the Baltimore & Ohio Southwestern, is largely under water Friday morning. A small stream that runs through the village, and is not large enough to be dignified with a name, is a half mile wide this morning, and the first floors of many of the houses are under water, boats being used to rescue many of the occupants.

TWO TERRE HAUTE FAILURES.

Receivers Appointed for Woolen Mills and a Decorating Company. TERRE HAUTE, Ind., July 24.—A receiver was appointed for the River-side Woolen Mills Co., on petition of Treasurer Frank McKee, who represented that the company is insolvent and had ceased doing business. The assets consist of real estate valued at \$12,000 and stock valued at \$10,463. The indebtedness consists of \$20,000 in notes held by local banks.

A receiver was appointed for the Hughes Decorating Company, on application of a wall paper company, which held a claim of \$1,800. Liabilities, \$6,000; assets, \$3,500.

THE FIRST REGIMENT

Breaks Camp and Leaves for Home Without the Permission of the Governor. CLEVELAND, O., July 24.—The First regiment, O. N. G., of Cincinnati, broke camp here Friday afternoon without the permission of Adj. Gen. Axline, and left on an afternoon special train for home.

Camp Moses, Cleveland, has been little better than a hog waller on account of the rain, and Gen. Axline and Gov. Bushnell refused a request Wednesday to allow the regiment to break camp. Thirty of the members are ill from exposure and one has gone insane.

Glass Works Wareroom Burned.

MARION, Ind., July 24.—The ware-room of the Opalescent glass works in this city was destroyed by fire. The night watch who is usually employed at the works was absent and no one knows how the fire originated. The loss will amount to about \$16,000 on building and stock, with \$8,000 insurance. The plant was owned by M. W. Coates and W. F. Ruddle, of Kokomo, Ind.

Traffic Completely Blocked.

TOLEDO, O., July 24.—A special to the Bee from Lima, O., says: Traffic on the Cincinnati, Hamilton & Dayton railroad is completely blocked by a washout at Tadmore station. A freight train of 23 cars and engine are in the river. The train men escaped. Passengers are being detoured over the Big Four via Springfield and Troy. One mile of track is washed out.

He Planted the Money.

COLUMBUS, O., July 24.—John Foster was released from the state prison Friday morning, after serving seven years for grand larceny in Cincinnati. Some time ago he told a story that he was employed by a wealthy family on Walnut Hills as butler and stole \$7,000. He had \$5,000 of it planted and would get it when he got out. Friday morning he reiterated the story.

Gallagher Gets a New Trial.

MUNCIE, Ind., July 24.—Judge Koons rendered his decision on the motion made for a new trial for Francis Gallagher, who was convicted and sentenced to 21 years for murder. Gallagher was charged with murdering Joseph Reed, a young man formerly from Pittsburgh. He also killed James Dugan, a glass worker, from Chicago, on the night of April 16.

our Drowned.

VANCOUVER, Wash., July 24.—Corporal Henry L. Ed on, of Company F, Fourteenth infantry; Private Charles Morris, Miss Laura Guard and Miss Emma Young, all of this city, were drowned while out on a boating excursion on the Washougal river, in this county, near Fleming's mill.

Another Convention.

ST. LOUIS, July 24.—The first convention of the National Co-operative Congress met here Friday afternoon for a two days' session with representatives present from at least a dozen states.

The Last Victim is Found.

FRANKFORT, Ky., July 24.—The body of Flora Bradley, the last of Tuesday's flood victims, was found Friday morning. Coroner Dehoney has just left to hold an inquest over the remains.

HIS SKULL FRACTURED.

Little Nelson Gray Killed By Falling From a Tree.

A sad accident occurred Saturday afternoon on upper Front street, just below Washington, in which Nelson, the nine-year-old son of Mr. and Mrs. Henry Gray, lost his life. While the performance of Pawnee Bill's Wild West show was in progress he and a number of other boys climbed the trees in the neighborhood, boy-like seeking to steal a look at the exhibition. In some manner the little fellow lost his hold and fell from a height variously estimated from 10 to 12 feet. He struck the brick sidewalk squarely on the top of his head and was carried into a house near by in an unconscious condition.

Drs. McClure and McKim were called but could render little assistance, as the lad's skull was fractured and he had received a severe concussion of the brain.

Opiates were administered to stop the convulsions with which he was seized and he was taken to his home on Fifth street, where he expired about 5.30 o'clock the same afternoon.

His sudden and shocking death was a great blow to his mother. His father, who was formerly with the Lawrence & Son Piano Company, has been in Boston for several months. He was telegraphed for immediately and will probably arrive in time to attend the funeral, the date of which has not been set.

Coal Run.

Mrs. Walter Morris, of Clarksburg, W. Va., who has been visiting her sister, Mrs. Mansfield Cowell, for some time has returned, being accompanied as far as Lowell by her sister.

The Misses Adair and Truax, traveling musicians, stopped here and gave an entertainment for the benefit of the afflicted Adair family, who are nearly all blind. But in consequence of a heavy rain the attendance was not very good.

Miss Bertha Farnsworth and Miss Hallie Lucas attended the League convention at Dexter City this week.

Mrs. Wood Wilson has been quite sick for the past two weeks with malaria fever, but is improving now.

Miss Della Cowell and Ella Wallas, of Marietta, spent a few days at home with their parents.

The Standard Oil Co. has quite a number of men here working on the pipeline which is being laid between Elba and Corning.

After a delay of some time, they have completed their arrangements and are again drilling on the Charlie Taylor farm. It is hoped it will soon be successfully completed.

The little son and daughter of Mrs. Ira Kummer, of Marietta, visited their Uncle and Aunt, Mr. and Mrs. Keener here this week.

A "Marriage" of Big Amusements.

The Great John Robinson and Franklin Bros.' Enormous Shows Combined in an epoch in the annals of amusements, the like of which has never before been known.

About every decade or so a new king of the tented world draws upon the people. Of the famous personalities associated with the boyhoods of the men of the present day, "Old John Robinson," as he was familiarly termed, has passed away, but his great shows have passed from father to son for three generations. P. T. Barnum is but a memory, and Adam Forepaugh's name has even ceased to be carted about the country, except as a circus trade-mark. The face of the genial Barnum, however, is yet made to beam from the dead walls, although his body rests in the sepulcher, and his executors have disposed of the interest in the show, which was held by his estate.

The public has felt that Barnum and Forepaugh were but hollow pretenses, and if it were not for the fact that the great John Robinson Shows have passed from father to son, it would naturally have cast around for the coming of the new leaders in this time-honored field of amusement.

There is a destiny that shapes all ends, and the men who are to rule the circus world for the coming span of years are at hand. The sun never moved with more certain tread from the grey of early dawn to the radiance of noon, than has been the progress of the Franklin Brothers during the brief past to the present season, where they and John Robinson, the grand-son of the originator of big tented amusements, now stand foremost in tented enterprises, either in this country or abroad.

Four enterprising, honest and sterling men, all with futures full of promise, and each an accomplished gentleman, as well as specially skilled in some branch of the circus business. The "world's" press have been a unit in pronouncing the exhibition foremost in metropolitanism, and the best ever seen. It is shortly to pitch its tents in Marietta, Wednesday, August 6th. All big cities are on the route, and sooner or later, will be ready to welcome the new blood, enterprise and novelty that are wrapped up in just such a stupendous exhibition as this Napoleonic quartet is said to offer.

MARSHAL BENTLEY

Shoots and Fatally Wounds John Vance, a Moonshiner.

PIREVILLE, Ky., July 24.—John Vance, a moonshiner, was shot and fatally wounded by Deputy United States Marshal John D. Bentley.

Bentley had a warrant for Vance's arrest and found him at Elkhorn, in this county. Vance had a Winchester rifle, and getting the drop on Bentley, escaped to a thicket near by. Bentley summoned help and the thicket was surrounded, but Vance refused to give up, holding his men at bay for several hours.

They finally all retired except Bentley and another deputy, who lay in ambush on a path which they anticipated Vance would take. At nightfall he came their way. When confronted by the officers he turned to run, when Bentley shot him.

A CONFERENCE

Of Committees From the Populists' and Silver Party's Conventions—Bryan's and Sewall's Nomination Assured.

ST. LOUIS, July 24.—The conference committees of the two conventions will meet at an early hour Friday morning. At midnight the indications were quite favorable for the committee to find very little, if anything, to do when it meets—that its work will have been largely anticipated by the developments of Thursday night. Constant friends have been made upon the anti-Bryan forces in the populist party and the nomination of Bryan and Sewall appears to be positively assured.

The Bridges Repaired.

FRANKFORT, Ky., July 24.—The authorities at the L. & N. Depot say that bridges Nos. 50 and 51, destroyed by the cloudburst, have been replaced, and the big bridge at Ganeys would be soon replaced, so that trains would be again run regularly. A force of 600 hands had been working on the structure night and day since the dreadful disaster.

Massillon Girl Fatally Burned.

MASSILLON, O., July 24.—Mamie Sweats was fatally burned Thursday night. She attempted to start the kitchen fire with oil. The flames blazed up, reached the oil can, and an explosion followed. The girl was literally roasted. She is lingering in agony now, and will die.

Broke His Left Leg.

LEXINGTON, July 24.—Col. Robert L. Wilmore, of Nicholasville, a delegate to the convention of republican clubs, fell down a flight of stairs at the Phoenix hotel Thursday night and broke his left leg.

Extra Session Possible.

LEXINGTON, Ky., July 24.—It was said here at midnight Thursday that Gov. Bradley will call an extra session of the legislature soon and that a United States senator may be elected then.

Hardest Rain in Twenty-Five Years.

MORGANTOWN, W. Va., July 24.—Two and six-tenths inches of rain fell here since 2 a. m. It was the hardest rain in 25 years. Cellars were flooded and sewers burst.

Just What's Needed

Exclaims thousands of people who have taken Hood's Sarsaparilla at this season of the year, and who have noted the success of the medicine in giving them relief from that tired feeling, wanting appetite and state of extreme exhaustion after the close confinement of a long winter season, the busy time attendant upon a large and pressing business during the spring months and with vacation time yet some weeks distant. It is then that the building-up powers of Hood's Sarsaparilla are fully appreciated. It seems perfectly adapted to overcome that prostration caused by change of season, climate or life, and while it tones and sustains the system, it purifies and vitalizes the blood.
