HOLDENVILLE, I. T.—The court of this district is in session at Wetumka. The term has occupied more than a week and quite a number of cases were disposed of. A WARNING NOTE

Those Who Heed it Not Have Much to Fear.

A note of warning. At first the faintest echo. It strikes the back. A peculiar warning not heard, but felt.

It increases day by day. The back cries out—rebels. The aches, pains and lameness. Make life a misery—become unbearable.

Do you understand the warning? Do you realize 'tis kidney talk? The kidneys are on a strike; They have been overworked. Nature intends you to know this. And has only one way to warn you. The kidneys are located near the small of the back.

They are composed of delicate fibres that filter the blood. Stopping positions, a strain or cold often clogs the filters. This is serious when you don't know what to do.

Backache is the beginning; lame and weak back follows. The filters fail to do their work. Kidney disease develops. The urine is too frequent. The calls of nature wake you up at night.

A brick-colored deposit shows the trace of failing kidneys. The uric acid is going the wrong way. It is passing through the blood. Poisoning the whole system. Rheumatic pains and many aches appear.

All this from a small beginning; So easy to cure, too, when you know how.

Get at the cause—Break up the kidney blockade. Doan's Kidney Pills do this. That's their specialty—for the kidneys only.

One thing at a time is why they succeed. Doan's Kidney Pills are not a cure-all, but a kidney cure. Doan's Kidney Pills are for sale by all dealers. Price 50 cents. Mailed by Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

The Democratic party is the only party that wants to change the money of the United States.

The Republican party has proposed no change. It wants to maintain the present system of currency, leaving every dollar just as good as every other dollar.

It favors a larger use of silver in the change of the country as soon as an international agreement as to the ratio between gold and silver can be reached, but under such an agreement there would be no change in the purchasing or debt-paying value of the dollars. Every one would still be worth 100 cents, and all would be equal.

The Democratic-Populist plan does not contemplate anything of the kind. It is a proposition which, if adopted, would drive gold out of circulation and leave nothing but 50-cent silver dollars with which to do the business of the country. -Cleveland Leader.
