

NO TROOPS

Will Be Used in Capturing the Band of Bandits.

Marshal Hall Has Recruited a Number of Frontiersmen for the Work.

He Will Make an Attack Upon the Desperadoes' Stronghold Sunday Morning—The Leader of the Bandits is Now Known to Be Joe George.

SILVER CITY, N. M., Aug. 29.—Owing to the thoroughness of the country United States Marshal Hall has deemed it better to rely upon experienced frontiersmen in the attempt to capture the bandits entrenched in Skelton canyon near the New Mexican line. He has recruited sufficient deputies to make the attack without the assistance of the troops which have been ordered to return to their respective posts.

A message just received says the outlaws left Skelton canyon Thursday night and remained all night at a ranch six miles from Deming. Hall and posse are following them.

Stage Held Up by a Highwayman.

BAKERSFIELD, Cal., Aug. 29.—A single highwayman held up the Kernville and Caliente stage near Havilah and compelled the driver and passenger to unfasten the Wells-Fargo treasure box from the coach seat and throw it out into the road. The driver was then ordered to proceed on his journey which he did without resistance. The box contained about \$2,000 in bullion. The passengers were not molested.

Killed While Mounting a Wheel.

WHEELING, W. Va., Aug. 29.—Isaac Eaton, a prominent citizen, while learning to ride a bicycle on the street fell off, and alighting on his head, broke his neck, dying instantly.

TIMBER LAND

Badly Damaged by Forest Fires Near Oak Point, Ore.

ASTORIA, Ore., Aug. 29.—One of the largest and most destructive forest fires that has ever visited this section of the state is now raging near Oak Point, 40 miles up the Columbia from Astoria. A stretch of some three miles wide is sweeping through the most valuable timber lands in Oregon. Several lumber camps have been destroyed and hundreds of cattle perished, but no loss of life is reported. Large parties of lumbermen and rangers have been fighting the flames for two days without rest, but the fire is gaining rapid headway. Millions of logs and a vast quantity of standing timber together with a few ranch buildings have been burned. The loss can not be estimated at this time. There is no prospect of the fire being controlled until it burns itself out.

DOUBLE KILLING.

A Negro Fugitive Shoots a Deputy Sheriff—The Murderer Then Shot by Another Officer.

INDIANOLA, Miss., Aug. 29.—Dick Montgomery, a Negro fugitive from justice, was located by Deputy Sheriff Paris near Greenville in Sunflower county. Taking with him another deputy named Cox, Paris started after the criminal, after employing a Negro named Tom Moore to aid them as a spy. Moore came back and told the location of the Negro and that he was unarmed. As the deputies were approaching the place where the fugitive was, a load of shot was fired by the hunted Negro, who was in ambush, and Paris fell dead. The Negro then tried to shoot Cox, but that officer put a bullet into his head, killing him instantly. It is believed the Negro spy betrayed the officers.

THE CASES NOT PROSSED.

LITTLE ROCK, Ark., Aug. 29.—Prosecuting Attorney Pemberton, Friday noll prossed the cases of the state against ex-State Treasurer Woodruff and Rev. S. H. Buchanan, ex-treasurer of the insane asylum. Both were indicted and given several trials for embezzling state funds. Woodruff was convicted last year and given one year in the penitentiary, but the supreme court reversed and remanded the case.

SHORT IN HIS ACCOUNTS.

ST. LOUIS, Aug. 29.—Daniel Callahan, who is said to be wanted in Washington, D. C., for embezzlement, was arrested here Friday afternoon. Callahan, it is stated, was clerk of the police court of Washington City. He handled all the money collected by the court, and is alleged to have left the national capital \$7,000 short in his accounts. Callahan will be held and the authorities at Washington notified.

THE VETERANS.

All the Details Are Perfected for the Encampment.

Judge Joshua Given, Formerly of Ohio, for Commander-in-Chief.

St. Paul is in Gala Attire—Bunting and Flags Are in Evidence on Every Hand—The Women's Relief Corps Will Meet During Encampment Week.

ST. PAUL, Minn., Aug. 29.—St. Paul is ready for the Grand Army veterans, although they will not be here in full force till the first of the week for their 30th annual encampment.

Bunting and flags are in abundance everywhere, in the residence portions as well as in the business center, and already a good many visitors are here in anticipation of the encampment. The railroads have completed all plans for handling the people, and the street railway people, whose lines are considerably crippled, say they will do as well as they can with the crowd.

COMMANDER-IN-CHIEF WALKER.

The living flag, with its 2,000 children, had an open-air rehearsal Friday, which was a success. The evergreen arch, under which the veterans will march, erected by the colored people of the city, was formally dedicated.

The decorations along the line of march for the big parades are mostly in place, and the grand stands, with their seating capacity of 10,000, are completed.

At the same time as the encampment the Knights of Pythias will hold a convention at Minneapolis, with several gorgeous parades, which the veterans, of course, will not miss. The Women's Relief corps will meet during the week of the encampment. Mrs. Elizabeth Turner, of Boston, is its national president. The other feminine annex of the G. A. R. is the Ladies of the G. A. R. The president of the rival body is Mrs. Catherine E. Hirst, of Louisville. The choice of the commander-in-chief seems to lie between Gen. Joshua A. Given, of Iowa, and Maj. Thaddeus S. Clarkson, of Nebraska. The chances seem to favor Iowa's favorite. Gen. Given is an Ohio man. He fought in the Mexican and civil wars. For 12 years he has been one of the most distinguished judges of the Iowa supreme court.

MRS. ELIZABETH A. TURNER.

ST. PAUL, Minn., Aug. 29.—The grand army people are preparing to move on St. Paul in force, according to the figures of the railroads. In addition to the regular sleeping car service there have been already engaged 1,400 Pullmans to bring visitors from the east, and this does not include any other kind of sleeping cars.

General Secretary Finney announces that mail for G. A. R. men and all others who attend the national encampment should be addressed to their quarters, and instructions should be given to the St. Paul post office on arrival in the city.

ALASKA'S RICH OIL FIELDS.

SEATTLE, Wash., Aug. 28.—A. H. Eddy, of Hartford, Wash., an ex-member of the state legislature, has returned from Alaska, where he reports having discovered two great petroleum wells in the mountains, not far back from the coast and within about 100 miles from Juneau. He brought samples of crude oil, which he proposes to have tested. There is a flow of 200 or 300 barrels daily. Eddy alleges, from each well, and he thinks it is not improbable that this section may rival the great fields of Pennsylvania.

NEWSPAPER CORRESPONDENTS AT INDIANAPOLIS.

INDIANAPOLIS, Ind., Aug. 29.—The advance guard of the national democratic convention in the shape of the newspaper correspondents have begun to arrive, but no arrivals of delegates are looked for until Sunday evening.

CHOYNSKI BEATS McANULTY IN FOUR ROUNDS.

SAN FRANCISCO, Aug. 29.—Before the Occidental Athletic club, at Woodward's pavilion Friday night, Joe Choynski knocked out Joe McAuliffe, of San Francisco, in the fourth round. McAuliffe was slow and clumsy and Choynski punished him at will.

CHANGES WANTED

In the Law to Allow the Veterans in Soldiers' Homes to Vote.

WABASH, Ind., Aug. 29.—Application will be made at the meeting of the next general assembly to amend the present election law so that all the voters at the National Soldiers' home at Marion can vote. In 1894 many of the veterans were unable to vote between the hours of 8 a. m. and 6 p. m. as required by law. It has also been almost impossible to get regularly qualified judges and inspectors, as the precincts at the home contain no freeholders, and it was only by making the home precincts extend out into the country that farmers who own land could be rendered competent to serve on the board. An act which will give longer hours to the inmates of the Soldiers' home and which will admit of ex-soldiers in the home serving on the board will be asked for next winter. There are five precincts within the home grounds.

LEW WALLACE

Wants to Play a Game of Chess by Telegraph With Li Hung Chang.

CRAWFORDSVILLE, Ind., Aug. 29.—Gen. Lew Wallace is confined to close quarters by a large and active boil, which is fastened upon one of the tendons of his right leg, and, to while away his disabled hours, he proposes to play a match game of chess with Li Hung Chang, the viceroy of China, by telegraph, using the chess code invented by Dr. T. F. Leach. Gen. Wallace notes that China gave to the world the great game of chess nearly 4,000 years ago, and he thinks in this way to honor the nation's guest. Hon. John Russell Young has volunteered to confer with the viceroy and apprise Gen. Wallace of the result.

ENDEAVORERS.

Arrangements for the Convention of the Indiana Members at Muncie Completed.

MUNCIE, Ind., Aug. 29.—The executive committee of Indiana Christian Endeavorers met in Muncie Friday to complete arrangements for the annual convention, November 26, 27, 28 and 29. The Weyer theater and the Methodist, Presbyterian and Baptist churches will accommodate the crowds. Prof. E. O. Excell, of Chicago, will be in charge of the music. Chief among the speakers will be Wm. Shaw, national treasurer of the society, from Boston. There are 75,000 members in Indiana, comprising 30 religious organizations, with 1,665 local societies. It is estimated that there will be at least 2,000 visitors.

FAST MAIL WORK.

Pneumatic Tubes for Post Delivery in Large Cities.

It would not be surprising, says Harper's Round Table, to find Boston, New York, Philadelphia, Baltimore and Washington connected by tubes, enabling letters and parcels to be forwarded in as many hours as it now takes days. The telegraph companies will be seriously affected by the new system.

The operation is very simple. The letters are placed in a leather tube or carrier, which fits snugly into the pneumatic tube. Then a blast of air from behind, or the suction of air from the front, or a combination of the two methods, forces the carrier and its contents forward. As the friction soon wears out the leather carriers, American genius will be called upon to invent a metal carrier on "ball bearings." With leather tubes about 90 per cent. of the power applied is lost in overcoming friction and in waste, only ten per cent. of the total force applied being used to propel the carrier.

The charge for sending pneumatic letters in Paris was 15 cents each in 1879, and the territory covered was but a small part of the city. To-day every part of Paris is reached by the tubes, and the charge is ten cents per letter, the same as our special delivery. Nine varieties of the Paris pneumatic letters are collected. Probably many of the readers have one or more of them. They bear a map of the city on the face of the envelope, showing the different sections served by this post. The Berlin and Vienna pneumatic letters are simpler in design. There are no special designs on the London envelopes.

ISLAND CITY COAL CO.,

The Third Largest Mine Owners in Indiana. Sign the Sixty Cent Scale.

TERRE HAUTE, Ind., Aug. 29.—The first break on the part of the bituminous coal operators of the state came Friday when the Island City Coal Co., of Union, signed the sixty cent scale for which the men have been out since May 1. It is the third largest mine in the state and the president of the company, A. M. Ogde, is also president of the Operators' State association. So far as can be learned none of the other operators have followed his example, some of them say they want to see where he can seal coal at that price.

Prof. Koerner Fatally Hurt.

INDIANAPOLIS, Ind., Aug. 29.—Prof. C. C. Koerner, for many years president of the Indianapolis college, and more recently state agent of the Fidelity Mutual Insurance Co., Friday evening while driving to the city from his farm, came in collision with a Lake Erie and Western freight cut. His back and collar bone were broken and he received internal hurts, which are expected to result fatally before morning.
