Both boats pulled out from the island together and started for town. The Valley Belle had the lead through the narrows at the head of the Island, but as soon as deep water was reached, both boats put on full head of steam and the race began in earnest. The passengers on both boats were much excited and took a great interest in the race. The Catharine Davis, which is a larger boat, also proved to be a much faster one, for although a short distance behind when the race started, she passed the Valley Belle and led by several lengths when she reached the wharf.—Sentinel.

Two Lives Saved.
 Mrs. Phoebe Thomas, of Junction City, Ill., was told by her doctors she had consumption and that there was no hope for her, but two bottles of Dr. King's New Discovery completely cured her and she says it saved her life. Mr. Thos. Eggers, 139 Florida St., San Francisco, suffered from a dreadful cold, approaching consumption, tried without result everything else then bought one bottle of Dr. King's New Discovery and in two weeks was cured. He is naturally thankful. It is such results, of which these are samples, that prove the wonderful efficacy of this medicine in Coughs and Colds. Free trial bottles at W. H. Styer's Drug Store. Regular size 50c. and \$1.00.

Disease is like a railroad train. It has a regular way of coming and going and keeps on steadily along a certain track. You can almost always tell how a disease starts, and where it will probably end. It won't go out of its way to oblige you any more than a locomotive will. Disease usually begins when the appetite gives out—that's the first warning whistle. Then the stomach and nutritive organs fail to supply good blood. The circulation grows poor, thin and tainted. Instead of carrying nourishment to the different parts of the body it carries poison, which settles at some point and eats away the tissues. According to where it settles it is called liver or kidney or skin disease—scrofula, erysipelas, eczema, or consumption if it settles on the lungs. It is all one trouble: tainted blood; clear out this tainted blood and the disease is stopped; it can't go any further. No matter what the name of a disease is if it's a blood disease, Dr. Pierce's Golden Medical Discovery will cure it by driving the poison out of the circulation and creating a new supply of healthy, red, life-giving blood to revive and nourish the wasted tissues. It puts the digestion in order, invigorates the blood-making organs and builds firm healthy flesh. Consumption is a blood-disease. Don't believe it can't be cured! It is cured every day by Dr. Pierce's Golden Medical Discovery.

Dear Sir— I cannot say enough for your "Golden Medical Discovery." For two years my little son suffered with lung trouble—first taking in grippe; second intermittent fever; third, lung trouble. For two years he coughed. The physician could do no good and I thought he must die. I was told to try Dr. Pierce's Golden Medical Discovery. I did, and before he had taken one bottle he began to mend and could eat a little. When he had taken four bottles he was well and now is as stout as before. Respectfully yours,
 (Mrs.) *Martha Roche*
