

BANK ROBBED.

The First National of Joseph, Ore., Entered by Three Men.

The Cashier and Customers Told to Throw Up Their Hands.

Two Thousand Dollars Taken From the Vault—As the Robbers Left the Bank Armed Citizens Opened Fire—One Killed and Another Wounded.

LA GRANDE, Ore., Oct. 2.—The First National bank, of Joseph, Wallawa county, was robbed of \$2,000 by three men, one of whom is dead and another badly wounded, while the third is being pursued by a posse of citizens.

At the time of the hold-up there were four customers in the bank. Cashier McCulley had occasion to go to the vault. When he came back and looked up he was confronted with a shotgun in the hands of a robber and told to throw up his hands. The customers had already complied with the request, and he did likewise.

One of the robbers leaped over the railing and opened a private door, through which the men were made to pass, and then lined up against the wall.

One robber took a position at the door and compelled all passers-by to halt and throw up their hands.

In the meantime the third robber had gone into the vault, taking all the coin and currency, even to nickels, and placed them in a sack. He then demanded from McCulley the keys to the private boxes and ransacked them. By this time the report of the bank being robbed had reached the citizens, several of whom armed themselves and awaited the appearance of the robbers.

As the robbers made their exit from the bank, Alexander Donnelly, a young man, opened fire on them. He killed one robber instantly and wounded another, hitting him twice. The third robber had the sack containing the coin and succeeded in reaching his horse, which was standing near by.

He did not succeed in mounting his horse until he had dropped his gun, and then, getting on, went up over the hills toward Prairie creek, afterward turning toward Cornucopia.

The robber killed was named Brown, while the one who escaped was Cy Fitzhugh.

Receiver for a Railroad. SYRACUSE, N. Y., Oct. 2.—Justice McLennan ordered a receiver for the Odgensburg & Lake Champlain railroad Friday afternoon. The attorneys are to consult as to who shall be appointed.

THE DARDANELLES.

The Formation of a Flotilla of Ten Torpedo Boats Ordered to Defend It.

CONSTANTINOPLE, Oct. 2.—An irade has been issued by the Porte ordering the formation of a flotilla of ten torpedo boats to defend the Dardanelles. This movement is in conformity with the advice of the Russian general, Tschikatcheff, commander of the district of Odessa, who some time in July last inspected the defense of the Dardanelles.

Letters received here from Kharput give terrible details of the massacre which recently occurred at Eugin, in the Kharput district, in which the letters alleges 2,000 persons were killed. The scenes, according to the letters, were similar to those of the former massacres in Annotolia.

A drunken Turkish officer swaggered through the streets of Galatz on September 30, brandishing his sword and showering foul abuse upon Armenians, everyone of whom, he declared, ought to be killed. He was finally disarmed by the military and taken to his barracks.

THE NEW COLT

Machine Gun Will be Used Exclusively on the Warships of That Class of Ordnance.

WASHINGTON, Oct. 2.—As a result of the first test of machine guns which has been in progress at the Washington navy yard this week, the new Colt will hereafter be used exclusively on the warships for this class of ordnance, thus confirming the decision reached by the chief of ordnance last December.

The latest test was due to an appeal made for the Maxim and Hotchkiss guns after the former trial. The Colt fired 400 shots in 53 seconds and subsequently discharged 2,111 consecutive rounds before overheating. While the rival guns were credited with higher rates for shorter periods they could not be kept in order for long periods. The navy will at once order 50 of the new weapons.

Fatal Railway Collision.

OTTUMWA, Ia., Oct. 2.—One man, Harry Moore, was killed. Supt. C. M. Levy's private car turned over and a number of passengers of Chicago, Burlington and Quincy train No. 2 shaken up early Friday morning at Krum, a station east of Ottumwa. The passenger train was backing up and crashed into a freight standing on a siding. Moore was a flagman who had been in the service of the company for years.

Coal Coming Down the River.

PITTSBURGH, Pa., Oct. 2.—One hundred and sixty-one barges and coal boats left here Thursday, taking at least 2,500,000 bushels of coal about equally divided as to destination between Cincinnati and Louisville. A run fully as large left here Friday.

THE DAMAGE

In Southern Florida by Tuesday's West India Cyclone.

The Wind Reached the Velocity of One Hundred Miles an Hour.

Thousands of Acres of Timber Land Destroyed—The Turpentine Manufacturers Were the Heaviest Losers—Some Report a Total Loss.

SAVANNAH, Ga., Oct. 2.—Telegraphic communication between Savannah and Florida has not been re-established since the hurricane of Tuesday snapped the wires as it came up northward from the gulf. From advices which have reached here of the storm's work in Florida cover the state pretty fully, but have come by mail.

The blow came ashore from the gulf on the coast line extending from Tampa to Cedar Keys, Tampa getting only the southern edge of the blow. Its path across the state was a narrow one, although a large area seems to have been affected, in greater or less degree, by what might be called the edges of the storm.

The registry of the velocity of the wind at the government weather bureau at Jacksonville showed the remarkable and unprecedented record of nearly 100 miles an hour. This terrific gale fortunately lasted only about a minute, but for five minutes of which it was a part, the velocity was shown to be rather more than seventy miles an hour. The path of greatest severity of the storm seems to have been about forty miles wide. After passing over a strip of territory lying within the northern part of the state, the storm, according to the weather authorities, passed on to the Atlantic coast which it followed north.

The storm passed around Tampa and there was but very little damage resulting from the wind, but the high tides played havoc and several thousand dollars' damage was done to property along the bay. Shipping along the river front suffered considerably. The tide overflowed Port Tampa City and the lower floors of many houses were under water. At Jacksonville the damage was confined to the demolition of trees, electric wires and signs. At Newberry the damage consisted of the destruction of nearly one-half of the property. The wholesale and retail store of Williams Bros., containing a stock of goods valued at \$15,000, was blown down and most of the goods ruined. A phosphate plant was demolished and all horses were killed.

The heaviest losers are the turpentine manufacturers. Those heard from report a total loss and say that they will be compelled to go out of the business. All of the trees are down and it is impossible in many places to ride through the woods even on horseback. The loss to timber in this will reach \$500,000. The Cummer Wood and Timber Co. will be the heaviest losers. It will cost the company several hundred dollars to clear the roads of trees.

Callahan reports that barns, sheds, a number of dwellings and two churches are entirely torn to pieces. Two Savannah, Florida & Western railway buildings were unroofed. Two box cars were blown from the side track and got on the main line and went two or three miles before stopping. As near as can be estimated, the loss will amount to \$2,500.

At Macclenny the Baptist church and one of the largest stores were blown flat upon the ground, the principal boarding house was unroofed, and the county jail suffered the same fate, and a number of small dwelling houses were razed. Others were blown from their foundations, not a fence was left standing. In Branford the Presbyterian and Methodist churches were blown to the ground. The Dre Lumber company's mill is a wreck. The roof was blown off Gilbert's mill and about one-third of the tin roofing was blown from the Plant system depot. Many outhouses and Negro dwellings were unroofed or blown down. The store of W. Williams, general merchandise, was badly wrecked. At Lake Butler, 17 miles west of Stark, Odum Bros. and Thoms & Son's stores were wrecked and goods badly damaged. The Baptist church and the old courthouse were blown down. McKinney's gin house was blown down and the cotton scattered. Fort White caught the full force of the blow. Nearly every store and dwelling in town was more or less damaged. The Methodist, Baptist and Presbyterian churches were demolished. They were valued at \$1,250, \$200 and \$500 respectively. The public school building shared the same fate. The Plant system depot was unroofed. The losses to the merchants on their stocks and buildings range from \$200 to \$1,200 each.

High Springs claims the air monster scooped through the town at a rate of 100 miles an hour. Trees and houses went down like cardboard, and only half a dozen houses are left to point out to the investigators the once prosperous town. Women had children blown out of their arms, and men were knocked down like nine pins. The freight depot, used as a refuge by many, was partly demolished and refuge was sought in box cars on the track.

The Cup Stays in Minneapolis. MINNEAPOLIS, Minn., Oct. 2.—Thursday's game concluded the Detroit Free Press cup series and finally closed the season of the Western league. The cup will stay in Minneapolis, the series having been won by the champion millers. The score was: Minneapolis 13, Indianapolis 11.

Minister Strobel, at Santiago, Chili, reports to Secretary Olney that William C. Hodge, an American citizen, native of Kentucky, 65 years of age, committed suicide there on August 19 by shooting himself. He was a civil engineer and became despondent through failure of his efforts to secure employment.

The Galveston bagging and twine factory, Galveston, Tex., will close down Saturday, throwing about two hundred hands, mostly boys and girls, out of employment. A notice posted in the mill gives as the reason the short crop of cotton and the general depression, and says if business conditions warrant it, the mill will start again in January.

During Tuesday night's hurricane at Raleigh, N. C., a tree was blown upon a house instantly killing Mrs. Trice. Her husband and two children escaped. The storm was more severe at Durham than at any other point yet heard from. W. T. Carrington's tobacco house, in which are 450,000 pounds of tobacco, was entirely wrecked. He estimates his loss at over \$50,000.

Sir Julian Pauncefote, British ambassador to the United States, will shortly return to Washington, but it is reported upon credible authority that he will not leave England before a satisfactory solution of the Venezuelan trouble has been reached. Those behind the scenes are the most sanguine of such an ending of the controversies; indeed, the questions at issue are said to be already solved.

ALLEN G. THURMAN

Was Badly in Debt Before His Demise—Petitions Filed in the Probate Court.

COLUMBUS, O., Oct. 2.—A petition was filed in the probate court here Thursday which shows that Allen G. Thurman was badly in debt when he died. It was filed by his son and grandson, Allen W. Thurman and Allen G. Thurman, his executors. They ask that certain real estate be set aside for sale to pay the debts.

These, they say, amount to nearly \$50,000. A mortgage for \$13,000 is held against the estate by the Prudential Life Insurance Co., and one for \$20,000 by the Northwestern Insurance Co.

They say that he left personality to the amount of \$600 only. He had \$30,000 stock in the Great Southern Hotel Co., but it is worthless now, or nearly so.

The real estate which the executors want to sell is High street business property in this city. It is very valuable.

DIPHTHERIA RAGING

In Many Parts of Ohio—Reports to the State Board of Health.

COLUMBUS, O., Oct. 2.—Reports received by the state board of health show that diphtheria is raging all over the state. Marysville is afflicted, three houses being quarantined there. One is in the close vicinity of a school-house, and it is thought that the school will have to be closed up.

New Matamoras is also suffering, as the epidemic is in full blast there. Springfield reports nine deaths, and there is talk of closing the schools. Cova, Gallia county, reports a number of cases, and Minster, Auglaize county, reports eight cases in the city, and two in the township.

Concludes Marriage is a Failure.

WOOSTER, O., Oct. 2.—Mrs. Edith Wolf, after only one week's married life, has petitioned for a divorce from her husband, Harry Wolf. The suit is also peculiar in that her father, John Beck, instituted the proceedings in court. Two years ago the girl came from Indiana and she was employed as a domestic by William Ledyard, in Wayne county. Harry Wolf fell in love with her. Not knowing what she was doing, she said, they were married in Ashland county. They lived together just one week, when she refused to be bound by her vow, because she is only 16.

St. Louis Excursion to Canton.

ST. LOUIS, Oct. 2.—The excursion to Canton, O., from St. Louis, will be one of the largest of the Canton pilgrimages. On October 9 the excursion train, under charge of the Traveling Men's McKinley club and Commercial Travelers Sound Money club, will leave Union station in sections and will arrive in Canton on the morning of the tenth. All the tickets originally provided have already been taken and additional trains will be necessary.

Drink Whisky on the Street.

BELLEFONTAINE, O., Oct. 2.—George Morris was fined \$25 and costs Thursday in the mayor's court for taking a drink of whisky on the public streets.

Miner Seriously Hurt.

JACKSON, O., Oct. 2.—Joseph Currington was seriously and perhaps fatally injured by a fall of slate in Franklin mine here Thursday afternoon.

THIRTEEN DEAD.

Two More Cyclone Victims at Savannah Found—A Man and a Boy Still Missing.

SAVANNAH, Ga., Oct. 2.—The bodies of two more victims of the hurricane were found Thursday. They are Capt. Lewis S. Hill and his brother, Frank Hill, of the coasting schooner Island Flower, a little vessel of which Capt. Hill and his brother and a 17-year-old boy, Ulysses Steele, are officers and crew, which went ashore on the north side of the Savannah river, near Venus Point. The United States steamer Tybee brought up the body of Capt. Hill Thursday afternoon, and Thursday night the schooner Pearl arrived with the body of his brother. The body of the boy Steele is still missing. Hill and his brother lived on Wilmington island, about fifteen miles from Savannah. They were on their way to Claghorn plantation, S. C., when they were overtaken by the storm. The little vessel was driven ashore on a government training wall, where she was found Thursday. The bodies of Hill and his brother were wedged in the wall. The body of J. C. McClure and the colored deck hand of the tug Robert Turner, have not yet been found.

Tom Watson Displeased.

ATLANTA, Ga., Oct. 2.—Thos. E. Watson, who was here Thursday night, declined to discuss the report that he contemplated retiring from the national populist ticket. He seems to be sore on the action of the national campaign committee for allowing him to be traded off in the fusion between populists and democrats in the several states. He has practically nothing in the states where there has been fusion, the populists have taken the local nominations and given the democrats the electoral ticket, or a majority of the electors.

Settlement of the Eastern Question.

LONDON, Oct. 2.—The Vienna correspondent of the Daily Mail telegraphs that the powers have agreed upon a pacific settlement of the eastern question which is honorable to all parties. He adds that the agreement amply guarantees the future security of the Armenians.
