THE "BELLE OF THE BALL."

Would not have been half so charming if she had not been wise as well as "pretty." The reason is easy to find: Rare Perfumes lend added charm to beauty and the above young lady was posted. Backed up her judgment, too, by supplying her "perfume wants" at the right place:

PUTNAM STREET DRUG STORE.

The "Belles" all know our stock of "society odors" is most complete. One thing is certain—you may forget us, but the remembrance of our DELICATE, RARE and LASTING perfumes will linger longer with you than the memory of the "last rose of summer."

The man in charge of it is en route to the Gulf of Mexico and reached here through the lakes and the Ohio canal connecting with the Muskingum river and then down the Muskingum and Ohio rivers. The owner of the boat made an effort to trade or sell the boat here, but was unable to dispose of it."

Electric Bitters, is a medicine suited for any season, but perhaps more generally needed, when the languid exhausted feeling prevails, when the liver is torpid and sluggish and the need of a tonic and alterative is felt. A prompt use of this medicine has often averted long and perhaps fatal bilious fevers. No medicine will act more surely in counteracting and freeing the system from the malarial poison. Headache, Indigestion, Constipation, Dizziness yield to Electric Bitters. 50c and \$1.00 per bottle at Styer's Drug Store.

Cincinnati 7, Marietta 2.

The game with the Cincinnati Reds Tuesday afternoon was an exhibition of good ball playing and drew a fair-sized crowd, although there was considerable grumbling at the price charged. Blough pitched for Marietta and put up a good game, considering the calibre of his opponents. Ehret pitched for the visitors, who played an errorless fielding game, else the score would have been much closer than it was.

Some of the members of the home team who are young in the business were more or less afflicted with nervousness, especially Gilligan, who made two costly errors in the opening of the game. Errors by Williams, Collins and Blough were made on hard chances and were excusable.

The Reds are a handsome and good natured set of fellows.

'SQUIRE HART'S VIEWS.

Some Opinions and Advice from a Competent Authority.

Like every city and town in our Republic, Marietta furnishes its share of veterans who fought for Old Glory during the late unpleasantness, and who, despite their valor when facing a foe on the field found themselves waging war on a concealed enemy ever since, and perfectly powerless and unable to dislodge it from its position. How to effect a dislodgement is clearly given in the statement that follows, made by 'Squire M. H. Hart, whose office, we need scarcely remind our readers, is just opposite the depot. Our citizens have now the unavoidable question to answer, whose opinion can I depend upon the more, a representative resident of Marietta or some newspaper statement made by some one living hundreds of miles away who says 'remedy'—and 'so correct'—'huh? Read this'—and then quietly and coolly answer the question mentally. The 'Squire says: "Since I was in the army, a member of Reg. 148, Co. K., Ohio, I never had the health I had before I enlisted. My kidneys were effected and at times I had been anything but a well man, some of the symptoms showing plainly that my kidneys were not right, such as dull pains in the loins; the back tiring out, and irregularity at times in the secretions of the kidneys; aggravated pain when I caught cold. I got a box of Doan's Kidney Pills at W. H. Styer's place on Front St., and I appreciate the results received. The remedy acts direct on the kidneys and has no bad effect on the system while using it and it does not take long to make a noticeable improvement. I endorse the claims made for Doan's Kidney Pills." Doan's Kidney Pills are sold by all dealers. Price 50 cents per box, or 6 boxes for \$2.50. Sent by mail on receipt of price. Farmers Want Cheap Money.

The advocates of free coinage in the west and south "don't take any stock" in Bryan's occasional assertion that he "contends" that the adoption of this policy would put up the price of silver to \$1.29. Indeed they would lose all interest in the agitation if they supposed that the silver dollar under free coinage was to be worth as much as the gold dollar is now. The real sentiments of these people are clearly expressed by James Kitchen, an extensive farmer and stockman of Grayson, Ky., who, when asked the other day why he was for free silver, made this reply: "I am for free silver because I am in debt, and if we get free coinage I can pay my debts with one-half of what it now costs under our present money standard. And another reason, I employ laborers on my farm. They are the creditors. I am the debtor. Under free coinage I can pay them with one-half it costs me now, for it will raise the price of products, and I can hire my farm help for 60 cents a day and pay them in bacon at 15 cents a pound."

It must become more and more plain, as the campaign proceeds, that this is the motive and must be the result of the free coinage agitation. The question at issue will thus finally resolve itself into the larger question, whether the American people still believe that honesty is the best policy.
