

## WOMEN SHOT

By Command of Gen. Bernal of the Spanish Army.

One of Them Killed Seventeen Men Before She Was Taken.

Gen. Melquise Captures Forty Patriots and Puts Them to Death, Women Being Among the Number—Macedo Disarms and Turns Captives Loose.

Correspondence of the United Associated Presses.

HAVANA, Oct. 20.—To show the contrast between the treatment accorded to rebel prisoners by the Spaniards and that shown to Spanish captives by the insurgent leaders the following recent incidents are mentioned. In the fight which Gen. Melquise had with Gen. Macedo's forces a short time ago, Melquise captured 40 rebels whom he ordered shot on the spot, and in the recent engagement between Macedo's troops and the Spaniards, under Gen. Bernal, the latter caused 23 prisoners to be shot, including a young girl and two older women. Bernal says that he saw one of these women kill 17 of his soldiers before she was captured and killed.

With the 40 men killed by Melquise there were four women and a child, but he does not know whether the child was abandoned in the woods or killed. They tried to force the women to tell them the whereabouts of Macedo and his plans, but the only words they got out of them were that the Spaniards were cowardly dogs, and this so enraged Melquise that he ordered them shot immediately, they all dying with the cries of "Vive Cuba Libre."

The Cubans pursue an exactly contrary course, as the following recent case gives evidence: Perico Delgado, commanding one of Macedo's brigades in a fight, captured a lieutenant-colonel named Penichet, of Cuban birth, with 19 soldiers of the line and seven volunteers. The lieutenant-colonel, on account of his extraction, and the seven volunteers were killed, but the 19 regular Spanish soldiers were returned to Maj. Dolzo, of Melquise's staff, after being disarmed.

Rebel Chiefs Killed. MADRID, Oct. 20.—A dispatch from Havana says that in recent engagements the rebel chiefs Jelt, Vidal, Jarapa and Escotta were killed. Macedo's adjutant was also killed.

Attorney General Harmon's Appointment. WASHINGTON, Oct. 20.—Attorney General Harmon Monday appointed R. M. Wallace special assistant United States district attorney for the eastern district of Arkansas.

A number of distinguished guests were present. Miss Caldwell will be remembered as the founder of the divinity college of the Catholic university in Washington and having been at one time engaged to marry Prince Murat, the engagement being broken off because of the prince's exorbitant demands in respect of a marriage settlement.

## TO DECEIVE POPULISTS.

Thomas E. Watson Withdraws as a Candidate for Vice President on the Abilene, Kan., Ticket.

TOPEKA, Kan., Oct. 20.—W. C. Edwards, secretary of state, Monday received a letter from Thos. E. Watson in which he says: "I withdraw as a candidate for vice president on the ticket nominated at Abilene and decline to have name used on official ballot upon that ticket, it being placed there to deceive populist votes to vote for democratic electors."

Secretary Edwards decided to obey Mr. Watson's request and so notified Chairman Breidenthal of the populist state central committee. Breidenthal immediately caused application to be made to the supreme court for a writ of mandamus to compel the secretary of state to place Watson's name on the ticket. An alternative writ was granted Monday afternoon and the case set for hearing Wednesday afternoon. If the court sustains the action of Secretary Edwards, Bryan's name alone will appear on the official ballot.

## WHY BUSINESS IS BAD.

The mere prospect of a silver standard is driving capital away from us and is making times hard. If we wish investors, manufacturers, traders, etc., to risk their capital in our country, we must chain up our free silver and repudiation dogs. Of course, if we wish to alienate ourselves from the rest of the commercial world, we will let loose these natural enemies of capital and progress, and the deed is done.

## LARGE MEETING.

Protesting Against Turkish Atrocities Held in London—Gladstone Writes a Letter.

LONDON, Oct. 20.—A meeting called for the purpose of protesting against the Turkish atrocities was held in St. James' hall, London, Monday evening, under the chairmanship of Rt. Rev. Edward Stuart Talbot, D. D., bishop of Rochester. The hall was crowded to its fullest capacity. A letter from Mr. Gladstone was read, in which the ex-prime minister declared that it would be a wild paradox to say that the enforcement of British treaty rights to stop the systematic massacres in Turkey would provoke hostilities from the powers. He added that it would be abandoning duty and prudence to advertise beforehand to the ears of the great assassin that British action was limited to what the most backward of the six powers deemed sufficient. If the fundamental distrust of Great Britain and the belief that she is pursuing a selfish policy in the eastern Mediterranean caused some powers to be backward, that was a matter deserved to be bravely considered.

## ONE MAN KILLED.

One Fatally Wounded and Another Injured in a Shooting Affray in a Mining Camp.

BIRMINGHAM, Ala., Oct. 20.—At Belle Ellen, mining camp a few miles below Blocton, Ala., a shooting affray occurred. George Gore, colored, was killed, F. Other Negroes rushed forward, but by this time the Tatum pistol was working and Martin fell fatally wounded. Several other shots were fired but without result.

WASHINGTON, C. H. O., Oct. 20.—Mr. Bryan Monday denounced the report which appeared in Leslie's Weekly that he had applied to the manager of the Herald Square theater, New York, last January for the position of press agent. The denial was called forth by several other newspaper statements saying that he had been on the stage; that he thought about going on the stage and that he had written a criticism of a play. Mr. Bryan said there was no truth in any of them, adding that at the time he was reported as contemplating the stage he was writing editorials in favor of free silver and delivering lectures upon that subject throughout the country.

He was rescued from the water and lived half an hour, dying on the way to the hospital. McCarthy was a wheat inspector for the Minnesota warehouse commission. His home was in England.

## INSURGENTS

Hold the Province of Cavile, Philippine Islands.

They Are Well Organized and Have 8,000 Mauser Rifles.

Spanish Cruelty Toward Chinese Immigrants—The Troops Are Afraid to Venture into the Interior Until the Arrival of Reinforcements.

SAN FRANCISCO, Oct. 20.—The steamer Peru, which arrived from the Orient Monday brought the news from the revolution in the Philippines. The rebels now hold the province of Cavile, are well organized and have 8,000 Mauser rifles. The Spanish troops are afraid to venture into the interior until reinforcements arrive, lest the native troops should rebel. Chinese immigrants have suffered heavy loss both of life and property. Some 100 prisoners were imprisoned by the Spaniards in a "black hole" and 50 died in one night.

The timidity of the Spanish officers to enter Cavile give the rebel forces a splendid opportunity to gather in large numbers in the province, and to get formidably armed and thoroughly organized. When all was in readiness for an attack they swooped down upon the convent at Imus, a few miles from the town of Cavile, and murdered all the friars who could not manage to escape, but how many were put to death is not known.

The government still refrained from sending troops into the province, but four men-of-war bombarded Imus and other places where the rebel forces could be detected for several days and the bombardment was still going on at the date of late advice of the last advices. It does not appear to have done very much damage as the shells fell short and the rebels continued to hold their position.

In the immediate neighborhood of Manila, but not in Manila itself, there has been much fighting, and from all accounts the government troops have been successful, but they have lost several of their officers, who were killed.
