

Hutchison's Bargain Store!
ANNOUNCEMENT.

DEAR MADAM:
From a beautiful booklet just issued by the Corset Co., on "Corsets and How to Select Them" we quote, "If then we are to wear corsets, the corset should be made for the individual, and not the individual for the corset. How can we expect beautiful curves and lines when a hundred women of different shapes and sizes all lace themselves into the same model?" Our efforts to make each department of our business complete has made our corset business a success unparalleled, and we are determined to continue it in the most aggressive manner, affording every possible service at the hands of our sales-ladies to become expert corset fitters.

We have added to our line of corsets and waists the most popular lines the market affords, and regard the adoption of the "Flexibone Moulded" the most desirable of any class of corsets ever shown.

For fall costuming, which is now at hand, you will do well to give "Flexibone Moulded" Corsets consideration. A full line of "Flexibone Moulded" Corsets displayed and an expert corset fitter (Miss Gerold) in attendance. No obligation to purchase corsets.

Come and examine the goods critically OCTOBER 23, 25 AND 24.

POOR CUBA.

The War Has Almost Devastated the Island.

Sugar and Tobacco Exports Decreased to a Mere Nothing.

Intervention by the United States Would Be Welcomed Not Only by the Patriots But Every Resident of Cuba—Even Most of the Spanish Residents.

WASHINGTON, Oct. 20.—Should Spain fail to crush out the Cuban insurrection, intervention by the United States, either alone or in conjunction with other powers, would be welcomed not only by the patriots, but by every resident of Cuba having the welfare of the island at heart. Even the Spanish residents, with the exception of a few men holding military or civic appointments under the crown, would be glad to see the war terminated by any means short of the humiliation of Spain.

The statistics of Cuba's trade with the United States afford a striking illustration of how this country has suffered from the war. Gen. Weyler's order prohibiting the further export of tobacco called the attention of the world to the fact that this industry had been so nearly destroyed that the Cuban plantations were no longer able to supply more than was needed for consumption on the island. The importance of this single Cuban product is shown by the fact that the United States alone purchased Cuban tobacco and cigars to the amount of more than \$10,000,000 annually.

Of even more importance, commercially, is the sugar product of Cuba. Its exportation has not been prohibited, but its production has practically ceased. The total imports of Cuban sugar for the first eight months of 1896 amounted to only \$9,204,180, as against \$30,249,194 for the first eight months of 1895.

The annual production of the island is about 1,000,000 tons. Cuba is now a blighted country, and yet, under a proper government, with the enforcement of the law and the preservation of law guaranteed, there is scarcely a limit to her wealth. It is estimated by statisticians familiar with the natural resources of the island, that an annual export trade of more than \$300,000,000 could be built up in a few years.

BACKS DOWN.

The Sultan is Now Eager to Oblige All American Passports to Be Good in Turkey.

WASHINGTON, Oct. 20.—The sublime porte has quite recently betrayed a disposition to accede to requests of the United States government. Whether it is due to the presence of the little Bancroft and Adm. Selfridge's fleet in the Mediterranean or the stern policy pursued by Secretary Olney in dealing with Turkish affairs, the porte has backed completely down from an attitude maintained for years, in which it had the earnest support of Russia.

Secretary Olney, through the active intercession of Minister Terrell, has brought the sultan to agree to negotiate a treaty whereby the naturalized citizens of the United States of Armenian origin shall have full protection accorded all other persons visiting the Turkish empire with passports from the state department. Turkey has herself maintained that our passports, when presented by Armenians or Syrians, did not guarantee their protection.

Secretary Olney has been in communication with the porte for several months, and represented last winter the necessity of recognizing American passports, unless the relations between the two governments were to become greatly strained. The sultan has, however, until recently pointedly refused to treat Minister Terrell's communications on the subject with courtesy. It has been known in Washington for some time that this attitude of the porte was due almost entirely to the influence exerted by Russia.

The sultan has now completely reversed his policy and voluntarily asked the United States to enter upon negotiations of a treaty, under the terms of which the porte will give full recognition to citizens of the empire who have become American citizens and are traveling in Turkey with state department passport.

Labor Leader Suicides.

CHICAGO, Oct. 23.—Robert T. Swallow, a well-known local labor leader, who has of late been making speeches for Bryan and Altgeld, was found dead in the Cook county democratic headquarters Tuesday morning. The discovery was made by the janitor when he opened the rooms. The gas was turned on full force, but not lighted, and the supposition is that Swallow committed suicide though no cause for such act is known. He was recently elected a member of the executive committee of the club. Swallow was a native of Nova Scotia, married, and had lived in this city since 1884.

Miss Lucy Uhl Engaged.

BERLIN, Oct. 23.—The announcement is made of the engagement of Miss Lucy Uhl, daughter of Hon. Edwin F. Uhl, United States ambassador to Germany, to Mr. Guy Thompson, a student in Yale university. The marriage will take place in Berlin in the early part of February.

The Minneapolis Wheat Market.

MINNEAPOLIS, Minn., Oct. 20.—Wheat on change Tuesday morning opened at Monday night's close, but later it firmed up and advanced three-quarters of a cent. The market is quiet and devoid of special features.

Fabbri-Shepard.

NEW YORK, Oct. 20.—Miss Edith Shepard, daughter of the late Elliot F. Shepard, and Mr. Ernesto G. Fabbri were married at noon Tuesday.

Death of Dr. Wm. Campion.

LONDON, Oct. 20.—Dr. Wm. Campion, president of Queen's college, Cambridge, is dead.
