

Hutchison's Bargain Store!

ANNOUNCEMENT.

DEAR MADAM:
From a beautiful booklet just issued by the Coronet Corset Co., on "Corsets and How to Select Them" we quote, "If then we are to wear corsets, the corset should be made for the individual, and not the individual for the corset. How can we expect beautiful curves and lines when a hundred women of different shapes and sizes all lace themselves into the same model?"
Our efforts to make each department of our business complete has made our corset business a success unparalleled, and we are determined to continue it in the most aggressive manner, affording every possible service at the hands of our sales-ladies to become expert corset fitters.

We have added to our line of corsets and waists the most popular lines the market affords, and regard the adoption of the "FLEXIBONE MOULDED" the most desirable of any class of corsets ever shown.

For fall costuming, which is now at hand, you will do well to give "Flexibone Moulded" Corsets consideration. A full line of "Flexibone Moulded" Corsets displayed and an expert corset fitter (Miss Gerold) in attendance. No obligation to purchase corsets.
Come and examine the goods critically OCTOBER 22, 23 AND 24.

ALUMNI DAY.

Sesquicentennial Anniversary Celebration of Princeton.

Standing Room in Alexandria Hall Was at a Premium.

President Cleveland and Wife Among the Distinguished Guests—Prof. Wilson Delivers an Oration on "Princeton in the Nation's Service."

PRINCETON, N. J., Oct. 22.—President Cleveland, accompanied by Mrs. Cleveland, arrived here at 7:45 o'clock Wednesday night and reviewed the procession of the alumni, under graduates and representatives from other universities.

The parade was headed by the Seventy-first regiment of New York and following this was the company of under graduates known as the "Mercer Blues," wearing cocked hats and the buff and blue uniforms of colonial days. Following them came a company of Yale men in caps and gowns followed by the under graduates of Princeton.

The motto on one of the transparencies carried by the class of '75 excited considerable merriment. It was addressed to the president and read: "Grover, send your boys to Princeton," at which his excellency smiled. After the procession had passed the band commenced playing "Oll Nassau" and thousands of voices took up the refrain, led by Henry M. Alexander from the steps of Nassau hall. A fine pyrotechnic display completed the evening's programme.

PRINCETON, N. J., Oct. 22.—Fair weather again favored Princeton Thursday and made the exercises of the sesquicentennial anniversary day doubly enjoyable. The presence of the president had the effect of increasing the already large crowd in town, and Alexander hall, in which the ceremonies of the day were held, was packed almost to suffocation when Rev. Dr. Theodore Cuyler, of Brooklyn, began the exercise with a simple, heartfelt prayer for the continuation to Princeton university of the prosperity it had enjoyed under the title of the College of New Jersey.

After Dr. Cuyler's prayer President Patton made the formal announcement that what was formerly the College of New Jersey will henceforth and forever be known as Princeton university.

A scene of wonderful enthusiasm greeted Dr. Patton's remarks. He then announced the endorsement fund received, amounting to nearly a million and a half dollars, not including the amounts contributed for Blair Hall by John L. Blair, of Blairstown, N. J., and the new library.
The ceremony of conferring the degrees on the 65 men elected for that honor was next on the programme. It was learned Thursday that President Patton desired to confer the degree of doctor of laws upon Mr. Cleveland, but the president modestly declined the honor.
The degree of doctor of laws was conferred upon a large number of European college professors and scholars.

SPANISH CABINET
Considers the Claims for Damages by the United States.
MADRID, Oct. 22.—At a meeting of the cabinet Wednesday the claim of the United States government for damages for losses sustained by Americans owing to the enforcement of Capt. Gen. Weyler's decree prohibiting the exportation of tobacco from Cuba was considered, but no decision in the matter was reached. The cabinet adopted a resolution to send Gen. Polivicia, who some time ago was mentioned as Gen. Weyler's possible successor in the captain generalship of Cuba, and Brig. Gen. Zappino to the Philippine islands to assist Capt. Gen. Blanco in the work of suppressing the revolution there.

AN AGREEMENT
Between the Russian, French and British Governments on the Turkish Troubles.
LONDON, Oct. 22.—The Daily News Thursday publishes a dispatch from Paris saying it is stated there that through the efforts of the czar as an intermediary an agreement has been reached between the Russian, French and British governments for the settlement of the troubles in Turkey. Should the plan of settlement decided upon be unopposed by two members of the dreadnought the third member will be obliged to accept it. The basis of a policy regarding China and Japan, the dispatch says, has also been outlined.

The Arago Wreck.
EMPIRE CITY, Oct. 22.—There is no hope of saving anything of the Oregon Coal and Navigation Co.'s steamer Arago, which was wrecked on Coos Bay bar Tuesday. The sea is very rough and the ill-fated vessel is rapidly going to pieces. Attempts to recover the bodies of those who went down with the ship have thus far been futile and those who are familiar with the scene of the disaster declare that the bodies will find their last resting place in the sand.

Watson's Name Goes on the Ballot.
TOPEKA, Kan., Oct. 22.—In the mandamus proceedings in the state court, instituted by Chairman Bridenthal, of the populist state central committee, against Secretary of State Edwards to compel him to insert Watson's name on the official ballot, the court Wednesday evening decided in favor of Bridenthal, and ordered Edwards to put Watson's name on the official ballot. Eight tickets will now be presented to Kansans to select from.

A Populist Elector Boils.
ATLANTA, Ga., Oct. 22.—Dr. William H. Felton, an elector on the populist ticket, has bolted and gone over to the republicans. Dr. Felton says that he disagrees with McKinley's financial policy, and changes because the democrats will not support Thomas E. Watson for vice president.

"Everybody Likes It."
Battle Ax
PLUG
Everybody likes "Battle Ax" because of its exceedingly fine quality. Because of the economy there is in buying it. Because of its low price, it's the kind the rich men chew because of its high grade, and the kind the poor men can afford to chew because of its great size.
A 5-cent piece of "Battle Ax" is almost twice the size of the 10-cent piece of other high grade brands.

Mr. Lemp says he was not consulted and was placed on the ticket against his wish.

Lord Rosebery, speaking at a non-partisan banquet at Colchester, Tuesday, said that he fully agreed with Lord Salisbury in the promised Turkish policy. Lord Rosebery said that he had a strong conviction, which no amount of rhetoric would destroy that isolated interference in Turkey on the part of Great Britain would result in a great European war.

Cuba's Discouraging Experiment.

Cuba is furnishing a nearby example of the beauties of government regulation of the value of money on the Bryan plan. Capt. Gen. Weyler had a deficient supply of cash, and so he had the Banco Espanol put out a lot of paper money and issued a stringent edict that everybody should take it at a par with gold. As the island is practically under martial law, there was government control of the currency at its best. If you didn't take the bank bills at par, you were liable to be shot. Even Bryan couldn't do more for silver than that. But did the edict keep the bank notes at par? Not for a day. Almost instantly they were at a discount, which soon amounted to 80 per cent. Even with guns and bayonets you cannot make 80 cents equal a dollar. Weyler has had to give up trying. He has finally allowed the Havana stock exchange to quote the value of the bank bills in gold. We were going to say that this proves the powerlessness of law to establish the value of money, but we remember in time that Cuba has less than 2,000,000 population to our 70,000,000; that she never put down the greatest rebellion of modern times; but her inhabitants are not the richest, proudest, most intelligent people on earth, and so we are not so sure. Her case is only a part of universal experience, but we have changed all that.—N. Y. Post.
