Hot Water Bottles.

We don't claim that the Eskimo uses a hot water bottle but he would if we were running a drug store in Greenland; because we would call his attention to our complete line of these goods at bottom prices. We are liable to have some Arctic weather this winter—cold enough to make people think they're on an iceberg. It will be a good time then to think of our hot water bottles.

Your Boy Won't Live a Month.

So Mr. Gilman Brown, of 54 Mill St., South Gardner, Mass., was told by the doctors. His son had Lung trouble, following Typhoid Malaria, and he spent three hundred and seventy-five dollars with doctors, who finally gave him up, saying: "Your boy won't live a month." He tried Dr. King's New Discovery and a few bottles restored him to health and enabled him to go to work perfectly well man. He says he owes his present good health to the use of Dr. King's New Discovery, and knows it to be the best in the world for Lung trouble. Total Bottles Free at W. H. Sawyer's Drug Store.

LOOKING AHEAD.

If you could look ahead a few months and see what was coming from those spells of weakness, loss of appetite, wasting of flesh and energy you wouldn't wait for it to get a grip on you. You would begin right away to tone up your constitution with Dr. Pierce's Golden Medical Discovery. It doesn't work miracles; but it does what other medicine can't do—and what doctors say can't be done—until they see it done right under their noses—it cures consumption. Not always; to say that would be an exaggeration, but in a large majority of cases; in advanced cases which have been given up as hopeless.

The "Discovery" is not called a consumption-cure; it is a blood-maker. It gives energy to the blood-making organs to create new blood, full of healthy red corpuscles. This rapid supply of pure, rich, red blood drives out all diseases that have their roots in the blood: Consumption is one of these; scrofula, malaria, eczema, erysipelas, catarrh—are others. It is absurd to doctor them separately as lung, or skin, or head diseases. They must be driven out of the blood. You can rely on the "Golden Medical Discovery" to do this every time.

It is not a patent medicine. It is the perfected result of 30 years, practical experience by one of the most skillful physicians and eminent medical authorities in this country:—Dr. R. V. Pierce, Chief Consulting Physician to the Invalids' Hotel and Surgical Institute, Buffalo, N. Y.

Dr. Pierce's 1008 page book, "The People's Common Sense" is now being sold at the enormous sale of 60,000 copies at \$1.50 each. This enormous sale having paid him a fair profit on the great amount of labor and money expended in producing it, he is now giving away absolutely free 500,000 copies, the recipient only being required to mail to him, at the above institution, at one-cent stamps to cover cost of mailing only, and the book will be sent post-paid.
