BOTH FEET CRUSHED.

A Young Man Falls Beneath the Cars at Waverly.

A serious accident befell John Williams, a young man of Waverly, Monday afternoon, by which he will probably lose both of his feet.

The accident occurred about 4 o'clock just as the north bound passenger train No. 10, on the O. R. R. was pulling out of the depot. The G. A. R. excursionists to Buffalo, were on board and young Williams had boarded the train to talk to some friends. In some manner his feet slipped from the step of the car while he still held to the hand rails, and shot directly in front of the wheels. They were caught between the wheels and the boards of the crossing and were torn and crushed in a fearful manner.

B. & O. Improvements.

The work of straightening the track and reducing the grade at Tabbs Station on the second division of the B. & O. was completed Monday afternoon and the first train to use the line was No. 1, the New York and St. Louis flyer. A heavy grade and three bad grades have been eliminated by this work. A mile east, at Meyer's Hole, a similar improvement has been in progress months and it will be completed and ready for trains next Sunday. Several reverse curves and a nasty and dangerous dip are done away with at this point. Near Meyer's Hole, at Tablers, the alignment of the track is being materially changed and as in the other two improvements, bad grades and sharp, annoying curves are being removed. This part of the work will be done in sixty days and then a series of very dangerous places will have been entirely removed. This work in its entirety means the handling of several additional cars in each freight train, besides reducing the danger of derailments to almost nothing. The second division, running from Cumberland to Brunswick, will soon be in first-class condition and more cheaply operated than ever.

New Rails for the B. & O.

The new \$5 pound steel rails that the B. & O. purchased several months ago, at an exceedingly low figure, are now being delivered at the rate of five thousand tons a month. As fast as it comes it is being laid and if the weather continues good at least 20,000 tons of it will be in track by Christmas. Nearly a million cross ties have been bought in the last year and placed in the track ready for the new rail. Ballast trains have been kept busy up and down the line and the work has progressed with such rapidity that when the new rail is down the tracks will be practically bran new from Wheeling to Baltimore. There are lots of good rail in the old tracks, not heavy enough for the new motive power, which will be taken up and laid on divisions where traffic is not as great as it is on the main line. About ten thousand tons of new steel will be laid on the lines west of the Ohio river this fall if the weather permits.

Special Meeting at Baptist Church.

Mr. I. B. Mooshy, the Armenian who lectured on Sunday last at the First M. E. and Presbyterian churches, will give an illustrated lecture in the Baptist church at 7 o'clock this evening. He will also sing "Sweet Bye and Bye" in his native tongue. All most cordially invited to hear him. A free-offering will be taken at the door.

Lock to be Closed.

Lockmaster Henry Savage informs us that navigation through the ice harbor lot at the mouth of the Muskingum will be closed on September 7th in case the stage of water will permit of the work of repairing the floor to be begun on that date.

Wallace's Great Shows.

Advertising Car No. 1 of the Great Wallace Shows arrived in the city last night over the B. & O. R. R. from Portsmouth. The Great Wallace Shows, the most reputable and enormous of tented institutions, will exhibit at Marietta, Wednesday, September 28th. It is claimed, and with every evidence of truthfulness, that the Great Wallace Show this season is one of the two largest in America. This country is known as the only home of great-tented amusements, consequently this aggregation can be safely classed as the greatest in the world. Over 1,000 people are engaged in the various departments, 600 superb horses, 50 cages and dens of wild animals, including the famous "Man Eating Wallace Lions," herds of elephants, droves of camels and ostriches, a huge spread of canvas covering over 14 acres of ground and a seating capacity for 12,000 persons. Over 100 principal feature acts are presented, among which are the famous Nine Nelson Family, for whose equal B. E. Wallace has long had a standing challenge of \$10,000. This challenge has never been accepted and never will be as their equals do not exist. The Werntz Family, The Martells, The Ten Dellameads, Sansoni Sisters, Three Pettis, Rowena, Three Sisters Maccari and spectacular ballet. Gaza the magnetic girl, and the singing mules are also among the principals. The great menagerie, containing as large a collection as any zoological garden can boast of and several specimens exclusively its own, the splendid company of high class male and female bare-back riders, acrobats, clowns, aerialists, performing animals, three rings, two stages, olympian stages, mid-air carnivals, the superb and exciting hippodrome races, contests and exhibitions, including thoroughbred, chariot, standing, and other races of ancient and modern times, united in making a program of entertainment that has never been approached in point of excellence and magnitude in the circus arena. The management do not tolerate the presence of any gambling or catch penny affairs about the grounds and special detectives are carried to protect their patrons from this usual nuisance. A grand free street demonstration will be given on the date of the exhibition, leaving the grounds at 10 a. m. sharp. A solid mile of glitter and splendor, representing an investment of \$4,000,000.00, is promised. Excursions will be run on all steamboat and railroad lines.

CASCARETS stimulate liver, kidneys and bowels. Never sicken, weaken nor grip.

Cheap Rate for J. O. A. 24.

BREVINS, O., Aug. 23.—State Councilor L. A. Perce, of the Junior Order American Mechanics, received a telegram Sunday announcing that all roads had been authorized to make a one-rate to the state meeting of the order to be held at Tiffin on Thursday next.

Killed by a Train.

SPRINGFIELD, O., Aug. 21.—Frank Shields, 15, was struck and instantly killed by a Big Four passenger train near Cold Springs.

PEOPLE WE KNOW.

They Are Marietta People and What They Say is of Local Interest.

When an incident like the following occurs right here at home it is bound to carry weight with its readers. When so many strange occurrences go the rounds of the press; are published as facts; when the intelligent reader knows they cannot be true, there is no wonder that people become skeptical. On one subject skepticism is rapidly disappearing. This is due to the actual personal experiences of our citizens and their public utterances regarding them. The doubter must doubt no more in the face of such evidence as this. The public statement of a reputable citizen living right here at home, one who you can see every day, leaves no room for the skeptic to stand on: Mrs. Frank O'Linn, No. 729 Third street, says: "I have for several years been troubled with my kidneys and pain in the small of my back which was always aggravated with a slight cold, stood on my feet or walked a long distance. Sharp pains often caught me when bending or lifting anything, and at night I could not sleep on account of the aching. I am not much of a hand to take medicines but when I had the last attack I was induced to go to W. H. Styer's, the Front street Druggist, and get Doan's Kidney Pills. They gave me relief very quickly. They are all right as a kidney remedy. I advise every one to use them who have kidney disease." Doan's Kidney Pills are sold by all dealers for 50 cents per box, 6 boxes for \$2.50, sent by mail on receipt of price. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S.

Threw Himself into the Lake.

DETROIT, Mich., Aug. 23.—Shortly after the City of Cleveland left Cleveland Sunday night for Detroit, a woman, believed to be Miss Flora Anderson, of this city, threw herself into the lake from the promenade dock. Boats were lowered and the search light used but without avail.

Will Shut Down for a Month.

WYCKFORD, R. I., Aug. 23.—Notices have been posted at the head office of the Rodman Manufacturing Co., of North Kingston, of a contemplated shut down for one month, beginning September 4. The product of the mills are doe skins and Kentucky jems, and the plant employs 500 operatives.

Mormon Elders Raided.
