

HUTCHISON'S BARGAIN STORE,

No. 169 Front Street,

Is located next door to the Post Office, flanked on either side by large business houses. It is in the center of the business district of our city; it is the PEOPLE'S store; it is built and run on the principle of doing the most good for the most people. A large variety of goods under one roof, 38 departments; no need to run all over town, as you can get nearly every want supplied here. The people come for bargains to get more or to get better quality for their money—and they are not disappointed—they like to come because they are well treated, and they come again and often for they know they will be pleased; they are not the kind of people that would come back unless it paid them to do so. We are making this store just what we think a store should be—a store that everybody can come to where their needs can be supplied—the most satisfactory at the lowest cost.

It's pretty hard to have everything to please everybody when they can find a pair of socks for 2 1/2¢ a yard in fine silk and satins at a price not made elsewhere, and a well assorted stock to select from, and a linen stock wide in selection from a 3¢ towel to fine extra bleached Damask table cloth at prices before the tariff went on. Napkins, towels and fine goods in large supply. Dress trimmings that will save money and money at the prices we make. The women's stock is in process of completion from a skein of yarn to a pair of fine blankets. All qualities of flannel and knit goods. You don't have to chaff and dick over prices, they are down to hard pan below any competition. It saves time, it gives our customers confidence knowing that they are getting the best. The Domestic stock is well supplied with sheeting, shirtings, tickings, outings muslins and apronades at prices less than the mills get for them; that means a good deal of hustling on our part, but we want your trade and will have it. You can't afford not to give it to us.

Most stores are alike. They wish to get as large a profit as they can, we do different, we wish to see how we can sell our goods. We are always on the lookout for bargains and give our customers the benefit of them. We see people every day who buy in the first store they come to and when they are shown our bargains, wished they had looked around more. Our store rooms are large, cool and inviting these hot days, you don't have to argue for what you think you ought to have, you hardly have to ask for it, we try to know what you want and get it. The notion stock where so many useful articles are kept, small in themselves, but aggregate to large proportion when taken as a whole, is where we are very strong, our prices are often one-fourth, one-third and one-half usual prices. A paper for needles and pins, pencil sharpeners, pencils and many others at one cent and for two, three, four and five cents hundreds of articles are offered that will surprise the oldest shoppers.

The Ribbons and Lace departments are located in the central division of lower front room. We claim the goods are bought from the manufacturer and imported at the lowest prices not made by any retail house. Commencing at 1¢ a yard; we often buy large lots and must sell them out quickly, the prices tell the story. It's our business to get the goods at the right prices and it's your privilege to have them at the lowest prices.

The Corset stock is handled by an expert corset fitter who will give you an easy and elegant fit at prices not made by any retail house. This department is growing daily in favor because we appreciate and work for its success, it is another point on which we are ahead.

Muslin and knit underwear occupy a prominent place in our store room, we have built up a large trade in these goods by buying from first hands and selling at the lowest prices. Competent saleswomen at your service and full satisfaction guaranteed.

The Hosiery stock is where we strike the popular understanding, such quantities and qualities at the little prices we ask is surprising, hundreds of styles and dozens to choose from.

Our Clothing, Gent's furnishings hats and shoes on second floor; light, airy and cool the breezes from the meeting of the Muskingum and Ohio rivers, an ideal room to visit, easily reached by elevator and stairway. The display of Summer hats for men, boys and children is lavish. The prices cut in two. 200 men's suits for this special sale going at half regular prices. Boys' and children's suits at away down prices. A full equipped clothing store, suits of all kinds to suit all tastes. A feature is we make prices so reasonable a purchase is sure to follow a visit.

Our Shoe department is second floor front, fitted up with up-to-date goods. At this time we are selling some lots at one-third and one-half regular prices. Our motto: "Lowest Prices" holds good. Have Children's shoes from 6 to 12 only 25¢ and 35¢. Misses' kid lined walking shoes at 50¢ and 55¢ a pair. Ladies' slippers at 75¢ and 80¢ a pair, other goods as cheap.

Our third floor is reached by a safety elevator and stairway. A large room, 50x100 feet, high ceilings, well lighted and fitted to show our Bargain stocks of carpets, rugs, oil cloth, wall paper, lace curtains, portieres, window shades, lamps, Japanese ware, musical instruments, pictures, frame and moldings, baskets, stands and toys; away from the rushing crowd on the first floors, you are waited on at your leisure, and the goods here for your inspection are the products of the mills and factories of the world. Carpets as low as 85¢ a yard up to a velvet worth \$1.50, our prices 98¢. Rugs at 25¢ to \$3.75. We call your attention to our stock of Smyrna Rugs.

TRIED TO INJURE

The Lancaster Camp Meeting Association by Circulating Stories.

Camp Grounds, Lancaster, O. July 31.—It has come to light that several of the smaller camp meeting associations in central Ohio have sought to injure this association by making misleading statements concerning the admission fee which was charged at the Lancaster camp ground today. One enterprising association is reported to have circulated indiscriminately a brilliant "dodger" to the effect that 25 cents would be charged today to hear Sam Jones.

There are of course, hundreds of people who would not pay 2 cents to hear even the world-renowned Sam Jones when they could see and hear a lesser light for a dime. Such announcements manifestly do a rank injustice to the Lancaster association and reflect little credit upon those persons who are guilty of such misdeemeanors.

But fortunately for this meeting, the plot thickened so quickly that its timely discovery prevented the mischief intended. It has been known and advertised for months that the admission price would be only ten cents for each and every day during the camp meeting from July 29 to August 7, and also on Sunday, August 14, of the assembly week.

The very prospect of hearing the inimitable Samuel Jones for ten cents brought the old time crowds to camp from all parts of Ohio. The streets around the auditorium were thronged with surging crowds and the hillside were once more covered from top to bottom and from the east ravine to Hotel Woodside with bashful lovers and blushing maidens.

The services today began with a prayer meeting at 5:30 a. m. At 8:30 Rev. E. E. Miller conducted the Pentecostal meeting in the Auditorium. Miss Wisenahl took charge of the children's meeting and at ten o'clock the Rev. D. W. Potter preached in the Auditorium. After dinner a song service was held and at two o'clock the Rev. Sam Jones preached a sermon that will long be remembered by his many hearers. The popular evangelist has lost none of his prestige or popularity. He held his audience spell-bound over an hour. Late in the afternoon, Rev. M. V. B. Evans conducted an old fashioned class meeting. In the evening a big evangelist service was held under the auspices of Rev. D. W. Potter.

THEORY OF SUNSTROKE.

An Infectious Disease—Is Not Due to Heat or to Exposure to the Sun.

Dr. Sambon adopts what to many will be a startling theory to explain the action of sunstroke, says the Los Angeles Times. He regards this affection as not due to excessive heat or exposure to the sun, but to an infectious disease caused by a specific organism. He attests the fact that stokers, oven cleaners, miners and iron workers are exposed to temperatures higher than those of any known climate without ever contracting the malady, and that the Assam tea planters and the closely shaven Chinese, although constantly working in the hottest sun, are equally exempt.

Dr. Sambon, discussing the geographical distribution of the disease, goes on to prove that the areas in which it is epidemic are strictly defined. While unknown in Europe, it is common in the low-lying regions of the eastern United States between the Appalachians and the Atlantic. It extends along the Nile sea, the Red sea and the Persian gulf. It prevails in the Indo-Gangetic alluvial plain, but not on the adjacent Indian highlands. In support of his infectious theory Dr. Sambon refers to the occurrence of epidemics which have frequently decimated hospital wards and not affected men exposed to greater heat and sun. The demonstration of the organic origin of the malady rests on its distribution etiology, morbid anatomy and epidemic character. The specific organism has not been detected, but Dr. Sambon's investigations incline him to the belief that it lives in the superficial layers of the soil, and is conveyed to the lungs or alimentary canal by dust.

Prince Ferdinand, of Bulgaria, who is at the Bristol hotel, Berlin, hoisted his flag at half mast in recognition of Bismarck's death, and the flags at the American embassy, Ambassador White's residence and many hotels and private buildings offered similar marks of respect.

An unprecedented cold snap is giving Nebraska a premature taste of fall. At Kimball, near the Wyoming line, it snowed for seven minutes Sunday morning, the first time snow ever fell there in July. No damage to crops is anticipated, save a checking of the growth of corn.

In Berlin the news of Prince Bismarck's death, which became generally known only through special editions of the papers, produced profound sorrow as so sudden a realization of the fears of his demise was not expected. Several papers Sunday morning published special articles with mourning borders.

WANTED TO 'NLIST.

Didn't Care Whether It Was in the Cavalry or 'Nantry, But Wanted to Wear 'Yaller Stripes."

A company of officers were seated in the tent of Capt. Craig, the provost marshal general of Camp Thomas, when four diaphanous colored youths presented themselves. Their make-up would have been their fortune in a variety theater. Suppressing a disposition to laugh, the captain gravely asked what he could do for them. A conversation elicited the information that Jim had come to "nlis't."

"All right," laughed the captain. "I'm not a recruiting officer, but maybe I can help you. Do you want to go into the infantry or the cavalry?" Jim scratched his head. "I don't know jes what you mean, sah," he finally answered.

"Why, do you want to march on foot or ride a horse?" explained the captain. "Well, it's jes dis way," explained Jim. "I don't know nothin' bout dis yere cavalry or dis yere 'nantry, but I want to go with the soldiers what wears de yaller stripes down dere legs."
