HOLLAND'S QUEEN

The Charming Young Wilhelmina Celebrated Her Eighteenth Birthday Wednesday.

GREATLY BELOVED BY HER SUBJECTS.

She Will Be Enthroned Next Week, When She Will Become Monarch of Her People.

The Young Queen is Possessed of Undoubted Intelligence, But is Said to Be Whimsical—She Issues a Proclamation to the People.

THE HAGUE, Aug. 31.—The entire country is en fête Wednesday in joyous celebration of the eighteenth birthday of the young queen, and in accordance with Dutch law, the attainment of her majority. Although Wilhelmina has been queen in name since the death of King William, eight years, the scepter has been in the hands of her mother, the queen regent. Next week, at Amsterdam, she will be enthroned, and henceforth she will be the monarch of her people in fact as well as in name. Whether the daughter will prove as wise and efficient a ruler as her mother during the period of her regency remains to be seen. The young queen is possessed of undoubted intelligence, but is said to be extremely whimsical and capricious, and a striking illustration of these latter traits has been furnished the public this week by the announcement of her refusal to receive any and all gifts on the occasion of her birthday. As a consequence of this determination numerous municipalities, which had arranged to present the youthful sovereign with magnificent

QUEEN WILHELMINA.

gifts, were obliged to cancel their plans and to be content with sending mere messages of congratulation. These poured into the palace Wednesday in a veritable flood. Messages of felicitation personally conveyed came from Amsterdam, Utrecht, Rotterdam and scores of other towns and cities, and the diplomatic corps presented congratulatory telegrams from all the sovereigns of Europe.

Queen Wilhelmina, accompanied by the queen mother, attended divine services in the great church here Wednesday morning. The grand duke of Saxe-Weimar, the grand duchess of Mecklenburg, the prince and princess of Weid, the diplomatic corps, the civil and military authorities and 4,000 other persons were present. The court chaplain, G. Vander Flier, preached. He dwelt upon the importance of the memorable day and invoked the Divine blessing upon the queen. The chaplain also thanked the queen mother for wisely directing the education of her daughter.

The papal nuncio, Mgr. Taranassi, and the ministers from Catholic countries attended divine services in the Catholic church.

AMSTERDAM, Aug. 31.—Solemn Thanksgiving services were held here Wednesday in all the churches, as well as in the churches throughout Holland, upon the occasion of Queen Wilhelmina attaining her majority.

THE HAGUE, Aug. 31.—Upon the occasion of her birthday and the attainment of her majority Wednesday, Queen Wilhelmina Helena Pauline Maria issued a proclamation to the people of The Netherlands. It was worded as follows:

"On this day, so important to you and me, I desire before all else to say a word of warm gratitude. From my tenderest years you have surrounded me with your love. From all parts of the kingdom, from all classes of society, young and old, I have always received striking proofs of attachment. After the death of my venerated father, all your attachment to the dynasty was transferred to me. On this day I am ready to accept the splendid, though weighty, task whereto I have been called, and I feel myself supported by your fidelity. Receive my thanks. My experience hitherto has left ineffaceable impressions and, as a earnest of the future, My dearly loved mother, to whom I am immensely indebted, set me an example by her noble and exalted conception of the duties which henceforth devolve upon me. The aim of my life will be to follow her example and to govern in the manner expected of a princess of the house of Orange. True to the constitution, I desire to strengthen the respect for the same

and flag of the Netherlands. As sovereign of possessions and colonies east and west, I desire to observe justice and to contribute, so far as in me lies, the increasing intellectual and material welfare of my whole people. I hope and expect that the support of all, in whatever sphere of official or social activity you may be placed, within the kingdom or without, will never be wanting.

"Trusting in God, and with a prayer that He give me strength, I accept the government."
(Signed) "WILHELMINA."

GRAND RAPIDS, Mich., Aug. 31.—For the first time the flag of Holland floated Wednesday from the Michigan consulate of The Netherlands. Vice Consul John Stekete, who was made knight of the Order of Orange Nassau for long service as consul, sent the following cable to Queen Wilhelmina: "Congratulations upon your birthday from one hundred thousand Hollanders residing in Michigan. May God's blessing rest upon your majesty and people."

STORM AT SAVANNAH.

The Wind Blowing at the Rate of Seventy-Five Miles an Hour and the Rain Pouring Down in Torrents.

SAVANNAH, Ga., Aug. 31.—A heavy storm is sweeping along the coast. The wind at Savannah has blown a gale since 9 o'clock Tuesday night, reaching a velocity of about 60 miles an hour at 3 a. m. Telephone communication with Tybee island is cut off and nothing has been heard from there since early in the night. There is much fear for the shipping there and at quarantine. The lowlands are flooded and heavy damage to rice and cotton will result. Railroad tracks are washed out and trains on all roads are delayed.

At 4 o'clock Wednesday morning the wind reached a velocity of 75 miles an hour, and rain is pouring in torrents. The street are filled with debris. The last report from Tybee early in the night was that the wind was blowing 70 miles an hour and the operator in the signal station was just leaving for the lighthouse for safety. The quarantine

station is believed to have been abandoned before the escape of the occupants was cut off.

Only a general outline of the damage done can be secured at this time. Particulars are not obtainable at such an early hour. The city is temporarily cut off from telegraphic communication with the world, and this dispatch is being sent 40 miles by rail before being put on the wires.

So far as can be learned no lives were lost in the gale; that is, directly in the city. The adjoining islands are to be heard from. These reports may add to the horrors of the storm adding some deaths. Communication with Tybee, Georgia's seaside resort, can not be had at this hour. There are about 600 people at Tybee, many of whom are United States troops, both volunteers and regulars. The North Carolina troops are there. The island is directly upon the ocean and is exposed to the fullest extent of the gale. There are other resorts to be heard from. Wilmington island has 500 people on it and there are about as many at Isle of Hope. The road to the latter place is blocked by fallen trees.

Savannah presents a terrible appearance. Roofs of houses are scattered through the streets, and in the public squares wires of the telephone, telegraph, electric light and street car systems make the streets impassable for vehicles. The loss to property owners will be fully \$100,000. The crops adjacent to the city are badly damaged. The rice crop will suffer especially. So far as can be learned the shipping in port got through the gale with but few mishaps; only a few lighters were broken from their moorings. The Norwegian bark Braemar, which came up from quarantine Tuesday, broke loose from its moorings and went adrift. No other damage to the shipping has been reported.

Nothing has been heard from the steamship Chattanooga, which went to sea Tuesday night.

Foraythe park, the pride of Savannah, is a sad wreck.

OLIVETTE SINKS.

A Mysterious Accident Near Fernandina, Fla.—The Vessel Lies in Thirty Feet of Water—No Lives Lost.

FERNANDINA, Fla., Aug. 31.—The hospital ship Olivette, which has been lying near the quarantine station, through some mysterious agency, sank Wednesday morning about 7:30 o'clock. Aboard of her was a hospital corps of 25 and a crew of 45 persons, all of whom escaped without injury, but in scanty attire.

The roustabouts sleeping in the lower hold had a narrow escape, being driven from their bunks like so many rats. Fortunately for those aboard there was a schooner near by and some of them took shelter on her, while others sought refuge at the quarantine station. The Olivette went down in about 30 feet of water, her main deck being submerged. No one apparently knows how the calamity could have occurred, and as no investigation has yet been made the matter remains a mystery. Vessels in the harbor will probably pump her out, if such a thing is possible.

THE HUSBAND SHOT.

BRIDGEPORT, O., Aug. 31.—Joshua Lloyd, a wealthy bachelor, shot and fatally wounded Robert Purvis in a dispute resulting from an alcohol drunk Purvis' wife was carrying drinks for men and, failing to return change to Lloyd, he abused her. The husband interfered, for which he was shot.

COLUMBUS, O., Aug. 31.—Secretary of State Kinney announces that there were 3,367 divorces granted by Ohio courts during the year ending July 1, 1898. In the year before the number was 2,727, showing an increase in divorce business of Ohio of over 16 per cent, or 640.

NAVAL CHANGES.

Board Appointed to Consider Cases of Officers Deserving of Reward.

TO MEET AT THE NAVY DEPARTMENT.

The Board Will Consist of Rr. Adms. Montgomery Sicard, Edw. O. Matthews and Chas. S. Norton.

Considerable Unfavorable Comment in regard to Promotions in the Naval Service Already Made—Sicard's Flagship Arrives at Ponce.

WASHINGTON, Aug. 31.—The acting secretary of the navy Tuesday appointed a board composed of officers of the highest rank to meet at the navy department to consider and report upon all cases of officers deserving of reward for specially meritorious services during the war with Spain other than those officers whose services have been already recognized by promotion. The board is composed of Rr. Adm. Montgomery Sicard, formerly president of the naval war or strategy board; Rr. Adm. Edward O. Matthews, president of the navy examining and retiring boards, and Rr. Adm. Charles S. Norton, commandant at the Washington navy yard. Adm. Norton is on the retired list, and Adms. Sicard and Matthews will be retired within a few months. Ensign Harry E. Smith has been assigned to duty as recorder of the board. Col. Charles Heywood, commandant of the marine corps, will sit as a member of the board when the cases of officers of the marine corps are under consideration.

There been considerable unfavorable comment in regard to promotions already made on the ground that they have really acted as a form of degradation in the case of several deserving officers who have been actually reduced in their grade through the advancement of others. It is hoped that the work of the special board just appointed will do away with all cause of complaint in the case of the officers yet to be advanced in grade or otherwise rewarded for their war services.

Capt. Folger reported to the navy department the arrival of the New Orleans at Ponce, Porto Rico, Monday. She will serve as the flagship of Adm. Schley while he is on duty with the Porto Rican military commission. Among the vessels placed out of commission Tuesday were the Nantucket, the Chickasaw and Cheyenne at Port Royal and the Maple at Norfolk.
