A FAST MAIL.

Everything Favorable For the Introduction of One Between Chicago and Atlanta—Four Hours Gained.

ATLANTA, Ga., Feb. 25.—Indications are favorable for the early introduction of a fast mail service between Chicago and Atlanta. The train which is now being considered is intended to leave Chicago at 2:30 a. m. over the Chicago & Eastern Illinois, and will reach Nashville via the Evansville & Terre Haute and the Louisville & Nashville at 2:30 p. m. Here it will be given over to the Nashville, Chattanooga & St. Louis, who will bring it into Chattanooga at 6 p. m., in time to catch the fast Cincinnati and Florida limited on the Southern, arriving in Atlanta at 10:30 p. m. This would shorten the Chicago-Atlanta schedule four hours and enable Chicago papers to be read in Atlanta on the day of publication. This is an important feature, because the train being run without subsidy must depend on a heavy tonnage, from which the railroads would derive their compensation. The newspapers would furnish the bulk of this tonnage. The Chicago & Eastern Illinois people are favoring the project. The Louisville & Nashville Co., say they will run the train if the tonnage is secured, and the Nashville, Chattanooga & St. Louis road say they will do all they can to aid in the movement.

NO CASE AGAINST CANNA.

Such a Report Will Be Made To the Senate By the Senate Committee On Privileges and Elections.

Senator Turley, of Tennessee, reserved the right to make a statement concerning the matter to the senate, though no minority report would be made.

DEWEY TO TAKE POSSESSION OF CEBU.

The Military Police in Manila Raided Several Suspicious Houses and Captured Some Prisoners.

Feeling in the City is Decidedly Improved, Although Chinese Are Still Timid—The Insurgent Sharpshooters Are Very Annoying.

WASHINGTON, Feb. 25.—Adm. Dewey cables that the gunboat Petrel has started for Cebu. On her arrival there she will take possession of the place in the name of the United States. It is expected that Gen. Miller will send a detachment of troops from Iloilo to be landed at Cebu.

MANILA, Feb. 25.—The military police have raided several suspected houses in various districts, capturing small bodies of 20 to 30 prisoners in each place. This, and the 7 o'clock ordinance, is effectually dispelling the fears of a threatened outbreak of the natives, who do not dare, singly or collectively, to appear on the streets after dark. The feeling in the city has decidedly improved, although the Chinese are still timid. Hundreds of applicants for cedulas besiege the register's office, the natives apparently being under the impression that their possession insures them from interference and the ignominy of being searched for arms on the streets.

It is generally believed that the insurgents attempt to attack the city and destroy property, the Filipinos themselves being the worst sufferers, will prevent their recurrence, but every precaution is being taken to deal with an emergency if it arises.

The insurance agents refuse to entertain any claims on account of Wednesday night's fires. They intimate that Gen. Otis, having guaranteed the safety of life and property of the inhabitants of Manila, is responsible for these claims.

Outside of the city the sharpshooters about Calocan are very annoying. Six men belonging to the brigade commanded by Gen. Harrison Gray Otis have been wounded since midnight. All is quiet elsewhere.

The German first-class cruiser Kaiserin Augusta has arrived here.

MANILA, Feb. 25.—The enemy were most active along Gen. King's and Gen. Owenshine's line from the beach to Pasig, but a few volleys of musketry, supplemented by shells from the Buffalo effectually quieted them.

The foreign consuls met Friday to confer regarding commercial interests, but the result of their deliberations have not been communicated, it is understood, to the American authorities. The British consul was not present at the conference.

Despite the threats of the Filipinos to burn the business center the inhabitants of Manila were not disturbed Friday night. There was not a single incident worth recording from the time when the streets were cleared until day dawned Saturday morning.

Everything was equally quiet along the line outside, except for occasional volleys from bunches of the enemy at various points.

A HITCH IN THE SENATE.

A Misunderstanding in the Agreement On the Army Reorganization Bill—No Vote Will Be Taken Monday.

WASHINGTON, Feb. 25.—There was a little hitch in the agreement on the army bill Saturday, Senator Gorman insisting that the understanding was that all the increases made should cease July 1, 1901. This is not provided for in the bill reported and an amendment has been prepared and will be offered adding a new section making definite provision that all increases shall cease on the date named, and the army shall be reduced to the number of officers and men provided for previous to the war with Spain. The additional cadets appointed will be accepted in this provision.

The additional section which Senator Gorman asked for has proven unsatisfactory to Senator Cockrell, the leading democratic member of the committee, and consequently the proposition to put it in is off, unless it can be drawn up in such a manner as not to interfere with the regular army. Meanwhile the bill is to be proceeded with, and conferences will be held to see if any adjustment can be made.

An effort to get an agreement to vote on the army bill at 3 o'clock on Monday failed. Senator Cockrell then made a speech in favor of the bill.

GERMANY SENDS WAR SHIPS.

Members of Congress Regard the Situation in the Philippines as Far More Grave Than the Administration Does.

WASHINGTON, Feb. 25.—Senators and representatives freely discuss the situation at Manila and not a few hint at foreign interference. The meeting of the foreign consuls at Manila Friday, when all, except the British consul were present, is referred to as important, while others point to the dispatch saying that Germany intends to reinforce her naval vessels at Manila, and it is looked upon as significant. The issue is the only German man-of-war at present at Manila, but the Kaiserin Augusta and several other cruisers are at Hong Kong, and it is stated that these, or some of them, have been ordered to the Philippines, although both the state and navy departments declare they have no such information. The Oregon according to information at the navy department, ought to reach Manila about the 10th of next month.

TWO VICE ADMIRALS.

Adm. Schley's Friends Will Not Press the Fight Over the Question of Adm. Sampson's Advancement.

WASHINGTON, Feb. 25.—The understanding among Adm. Schley's friends now is that they will not further press the fight over the question of Adm. Sampson's advancement over Adm. Schley. They will, therefore, agree to let the nominations be confirmed without much, if any, more debate, depending on future legislation to place Adm. Schley before the country in the position which they think he should occupy. They propose to ask that provision be made for the appointment of two vice admirals, with the understanding that Messrs. Schley and Sampson shall be nominated to the two places thus created. Adm. Schley told his senatorial friends that he was willing to trust his fortunes to their care.

ENTERS HAVANA.

Gen. Maximo Gomez, Cuban Commander-in-Chief, Arrives at the Capital of Cuba.

ESCORTED BY GEN. LUDLOW AND STAFF

The Population Was Wild With Enthusiasm, Throwing Themselves in Front of the General's Horse.

The Whole City Was Decorated and Streets Packed. Festivities in Honor of the Fourth Anniversary of the Beginning of Cuban Struggle.

HAVANA, Feb. 25.—Gen. Maximo Gomez, the Cuban commander-in-chief, entered Havana Friday afternoon, escorted by Gen. Ludlow and his staff and Troop L of the 7th United States cavalry. He marched at the head of 2,000 armed Cuban horsemen and footmen. The population of the city was wild with enthusiasm, throwing themselves in front of the general's horse, impeding its progress and pelting him with flowers.

The general reviewed the troops at the palace. Previous to this the programme had been carried out. Gen. Gomez arrived on the edge of the town from Marianao at 12:30 p. m. and was escorted by the 2d Illinois band and three battalions. These battalions then returned to their camp and did not enter the city.

The festivities Friday in honor of the fourth anniversary of the beginning of the Cuban struggle for independence were most spontaneous and wildly enthusiastic. Havana has never seen anything like it before. The whole town was decorated, and the streets were packed with a crowd twice as large as that which turned out at the Garcia funeral.

At half-past twelve Friday afternoon Gen. Gomez left Cerro, the suburb from which the march was to be made, with a procession in the following order of formation:

The band of the 7th regiment, mounted, playing the Cuban hymn and national airs; Company L of the 7th United States cavalry; the staff of Gen. Gomez, with escort; Gen. Maximo Gomez, upon whose right was Maj. Gen. Ludlow, the member of Maj. Gen. Ludlow's staff; then a great number of Cuban generals and officers, some mounted and some in carriages; and, finally, 2,000 Cuban cavalry and infantry.

As Gen. Gomez passed the crowds went wild with rivas, hats were flung in the air and women showered flowers on all sides. He bowed and raised his hat incessantly as the crowds struggled to get near his horse and clung to the animal's sides as long as possible.

The procession stopped frequently, eventually filling into the main streets of the city, passing Central park and arriving at the palace at half past two. The Prado and other avenues were lined with patriotic clubs, taking up various positions of vantage and then joining the procession as it passed on from the palace, from a balcony of which it was reviewed by Gen. Gomez. Once at the palace the Cuban commander-in-chief was welcomed by Senor Frederico Mora, the civil governor; Mayor Perfecto Lacoste, the members of the city council, the junta patriótica, the members of the assembly, the officials of all classes and numerous patriotic clubs. The place was beautifully decorated, and all previous efforts in the display of banners and emblems was surpassed by the almost endless showing of silk embroidered standards and flags.

Following the procession were many private carriages, filled with women representing the best society, some allegorically dressed and others waving flags. The Cuban bands played the Cuban national hymn, varying this with "Dixie," "The Star Spangled Banner," "The Stars and Stripes Forever" and popular American marches.

These were many allegorical floats expressing the friendship between the United States and Cuba. Two attracted particular attention, each drawn by three yokes of oxen. One represented the Cuba of yesterday—a woman standing with manacled hands, a broken wheelbarrow and other signs of desolation at her feet; the other, the Cuba of to-day—a woman under a palm smiling and surrounded by evidences of prosperity. The contrast was very effective and everywhere applauded.

A handsome carriage containing ladies, and decorated with large Spanish, American and Cuban flags draped together with white ribbons and bearing the legend, "Unity, Peace and Concord," was vociferously cheered. Still another float represented a Cuban woman holding an American flag with the shattered crown of Spain at her feet.

No fewer than 25,000 people were in line, requiring three hours to pass a given point. The horns of the Cuban cavalry are scrawny and ill fed and the cavalrymen are clad in ragged Cuban uniforms. All carried Remington carbines with nondescript bundles of clothing and bedding. They marched in lines of two. The infantry occasionally kept step, and as they passed the palace presented arms. Most of them carried Cuban flags stuck in their rifles.

FIVE MEN IMPRISONED.

They Are in a Temporary Water Works Crib Several Miles Out in Lake Erie, Near Cleveland, O.

CLEVELAND, O., Feb. 25.—Five men are imprisoned in a temporary water works crib several miles out in Lake Erie, and there is much apprehension felt for their safety. Enormous piles of ice cover the crib, almost hiding it from view. No communication has been had with the men for several days, and it is known their supply of provisions is short. Attempts to reach the crib with a tug have proven unsuccessful. The last supply of food was taken to the crib three weeks ago. It is feared the temporary structure will collapse under the tons of ice piled up on it.

POTTERY TRUST PROJECT.

The Western Earthenware Manufacturers Have Almost Abandoned Faith in the Combine.

EAST LIVERPOOL, O., Feb. 25.—Western earthenware manufacturers have almost abandoned faith in the pottery trust project. The subscriptions of stock in the American Pottery Co. were announced to close in New York on Tuesday last. Since then not a word has been received from the New York people who undertook to float the stock. It is stated that of the \$27,000,000 stock only \$3,000,000 has been taken, \$1,000,000 being cash and \$2,000,000 being taken by the manufacturers in part payment for their plants.

The projectors announced last week that if the necessary stock to float the trust was not taken this week they would drop the deal.

Potteries here have been started up the past two weeks independently.
